2025 Energy Innovator Fellowship Tribal Host Institutions

# Apply to be a Tribal Fellow

## Growing Tribal Energy Capacity and Careers

Energy Innovator Fellows will help Tribal entities and critical energy organizations execute projects that improve energy infrastructure and make the U.S. power system more reliable, affordable, and resilient.

### Fellow applications open through June 6, 2025!

- Recent graduates of bachelor's, master's, or doctoral degree programs, as well as midcareer professionals, can apply. Candidates should have a demonstrated interest in energy solutions.
- Fellows serve one- or two-year terms and receive a competitive stipend and professional development allowance.

"This fellowship has allowed me to come to Palmer, Alaska to work for the Knik Tribe. I've been blown away that this organization and my position within it has met all of my dream expectations. The Tribe is driven by a powerful mission that I feel honored each day to get to be a part of."

— Ky Friedman  
2024 Energy Innovator Fellow
