ORDER GRANTING BLANKET AUTHORIZATION
TO EXPORT LIQUEFIED NATURAL GAS TO CANADA AND MEXICO BY TRUCK

DOE/FECM ORDER NO. 5296

MAY 30, 2025

I. **DESCRIPTION OF REQUEST**

On April 29, 2025, TEXAWATT, Inc. dba TEXAS TEA FUELS & LUBES (TEXAWATT) filed an application with the Office of Fossil Energy and Carbon Management (FECM) of the Department of Energy (DOE) requesting blanket authorization under section 3 of the Natural Gas Act (NGA)¹ for the authority summarized in the list below. The applicant requests the authorization for a two-year term beginning on May 30, 2025.² TEXAWATT is a California corporation with its principal place of business in Tahoe City, California.

1. Export liquefied natural gas (LNG) to Canada by truck from any LNG departure facility in the United States and its territories
2. Export LNG to Mexico by truck from any LNG departure facility in the United States and its territories

Export authority was requested for up to a combined total volume equivalent to 0.04 billion cubic feet (Bcf) of natural gas.

1. Authority to regulate the imports and exports of natural gas, including liquefied natural gas, under section 3 of the NGA (15 U.S.C. § 717b) has been delegated to the Assistant Secretary for FECM in Redelegation Order No. S4-DEL-FE1-2023, issued on April 10, 2023.

2. See Email from Michael Silver, J.D., CEO/Founder, TEXAWATT, to DOE (May 15, 2025).

II. **FINDING**

DOE has evaluated the application to determine if the proposed import and/or export arrangements meet the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under NGA section 3(c), imports and exports of natural gas, including LNG, from or to any country with which the United States has entered into a free trade agreement (FTA) requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest.² DOE must grant such applications without modification or delay.³ The authorization sought by TEXAWATT meets the NGA section 3(c) criteria and, therefore, is deemed to be consistent with the public interest.
