Attention: Venture Global CP2 LNG, LLC
Docket No. 21-131-LNG
PRIVILEGED AND CONFIDENTIAL Submission of Contract
and Summary of Major Provisions of Contract for Public Posting

Dear Ms. Sweeney:

Venture Global CP2 LNG, LLC (“CP2 LNG”) was granted in Docket No. 21-131-LNG long-term, multi-contract authority to export liquefied natural gas (“LNG”) to (1) nations with which the United States has or subsequently enters into a Free Trade Agreement (“FTA”) requiring the national treatment of natural gas in Order No. 4812 issued on April 22, 2022 and (2) to nations with which there is not such an FTA but with which trade is not prohibited in Order No. 5264 issued on March 19, 2025. Ordering Paragraph (D) of Order No. 4812 and Ordering Paragraph (F) of Order No. 5264 require CP2 LNG to file a non-redacted copy of all executed long-term contracts associated with the long-term export of LNG from its Project within thirty days of contract execution. If a contract is filed under seal and subject to a claim of confidentiality or privilege, the Order requires CP2 LNG to file for public posting a summary of the non-proprietary, major provisions of the contract.

CP2 LNG has entered into a LNG Sales and Purchase Agreement (“SPA”) dated as of July 2, 2025 by and between CP2 LNG and PETRONAS LNG Ltd. The contract is highly confidential and contains commercially valuable and proprietary information the disclosure of which would cause competitive and financial harm to the parties to the contract. Therefore, CP2 LNG is submitting the attached summary, for public posting at the appropriate time, of the major, non-proprietary provisions of the contract. The summary utilizes the template typically followed by other LNG export projects, as well as by CP2 LNG itself, when filing such contracts.

In addition, CP2 LNG is contemporaneously transmitting a full and unredacted copy of the contract itself in a separate, confidential communication directed solely to the addressee. CP2
