Attention: Venture Global CP2 LNG, LLC
Docket No. 21-131-LNG
PRIVILEGED AND CONFIDENTIAL Submission of Contract
and Summary of Major Provisions of Contract for Public Posting

Dear Ms. Sweeney:

Venture Global CP2 LNG, LLC (“CP2 LNG”) was granted in Docket No. 21-131-LNG long-term, multi-contract authority to export liquefied natural gas (“LNG”) to (1) nations with which the United States has or subsequently enters into a Free Trade Agreement (“FTA”) requiring the national treatment of natural gas in Order No. 4812 issued on April 22, 2022 and (2) to nations with which there is not such an FTA but with which trade is not prohibited in Order No. 5264 issued on March 19, 2025. Ordering Paragraph (D) of Order No. 4812 and Ordering Paragraph (F) of Order No. 5264 require CP2 LNG to file a non-redacted copy of all executed long-term contracts associated with the long-term export of LNG from its Project within thirty days of contract execution. If a contract is filed under seal and subject to a claim of confidentiality or privilege, the Order requires CP2 LNG to file for public posting a summary of the non-proprietary, major provisions of the contract.

On June 27, 2023, CP2 LNG filed in accordance with the terms of Order No. 4812, a LNG Sales and Purchase Agreement (“SPA”) dated as of June 20, 2023, by and between CP2 LNG and WINGAS GmbH, a subsidiary of SEFE Securing Energy for Europe GmbH. That filing included a summary for public posting of the major, non-proprietary provisions of the SPA, following the template utilized by other LNG projects. CP2 LNG also contemporaneously transmitted to you a full and unredacted copy of the SPA itself in a separate, confidential communication because the contract is highly confidential and contains commercially valuable and proprietary information the disclosure of which would cause competitive and financial harm to the parties.

LATHAM & WATKINS^{LLP}

On July 8, 2025, CP2 LNG and SEFE Energy GmbH (formerly WINGAS GmbH) substantively amended the SPA between them. The only term in the previously filed public summary of the SPA changed by this amendment is the annual contract quantity, which has been increased from to one hundred seventeen million (117,000,000) MMBtu or approximately two million, two hundred fifty thousand (2,250,000) metric tonnes per annum to one hundred fifty-six million (156,000,000) MMBtu or approximately three million (3,000,000) metric tons per annum. To reflect this change, CP2 LNG submits the attached revised summary of the SPA terms for public posting, reflecting the current company name, the date of the amendment, and the new contractual quantity, as well as adding reference to the subsequently issued export authorization order numbers (with no other changes to the previous filing).

The SPA, with its related amendment, remains highly confidential with commercially valuable and proprietary information the disclosure of which would cause competitive and financial harm to the parties to the contract. Therefore, CP2 LNG is contemporaneously transmitting a full and unredacted copy of the referenced amendment in a separate, confidential communication directed solely to the addressee. CP2 LNG respectfully requests that the amendment, along with the previously filed SPA, be treated and maintained as confidential to the greatest extent permitted by law.

If you have any questions about the filed SPA or amendment, or related matters, please contact the undersigned counsel for CP2 LNG.

Sincerely,

/s/ J. Patrick Nevins

Enclosure

**LNG SALES AND PURCHASE AGREEMENT (FOB),
DATED JUNE 20, 2023, AS AMENDED JULY 8, 2025
BETWEEN VENTURE GLOBAL CP2 LNG, LLC
AND
SEFE ENERGY GMBH**

SUMMARY OF MAJOR PROVISIONS

1. DOE Order/FE Docket Nos.:

DOE Order Nos. 4812 and 5264
Docket No. 21-131-LNG.

2. LNG Liquefaction/Export Facility and Location:

The CP2 LNG Facility located on a site adjacent to the Calcasieu Ship Channel in Cameron Parish, Louisiana.

3. Describe affiliation with LNG Liquefaction Export Facility (e.g., owner, capacity holder, etc.):

The contract has been entered into by Venture Global CP2 LNG, LLC, the owner of the CP2 LNG Facility (the LNG liquefaction and export facility).

4. Exact Legal Name of Parties/Counterparties to Contract:

Seller: Venture Global CP2 LNG, LLC

Buyer: SEFE Energy GmbH (formerly WINGAS GmbH)

5. a. Contract Type (e.g., Purchase and Sale Agreement; Liquefaction Tolling Agreement, etc.):

LNG Sales and Purchase Agreement (FOB).

b. Firm or Interruptible Contract:

Firm.

6. Date of the Contract:

June 20, 2023, as amended July 8, 2025.

7. Contract Term:

The term of the contract commences on the date of execution. The obligations to sell and deliver, and to purchase and pay for, LNG under the contract become effective on the Commercial Operation Date of Phase 1 of the CP2 LNG Facility, provided that all conditions precedent are satisfied or waived. Once Phase 1 of the CP2 LNG Facility becomes commercially operable, the contract then continues in effect for twenty (20) years. Buyer may extend the contract term for up to ten (10) additional years by notice to Seller in accordance with specified conditions.

8. Annual Quantity:

The annual contract quantity is equal to one hundred fifty-six million (156,000,000) MMBtu or approximately three million (3,000,000) metric tons per annum.

9. Take or Pay (or equivalent) Provisions/Conditions:

Subject to and in accordance with the terms and conditions of the contract, commencing on the Commercial Operation Date of Phase 1 of the CP2 LNG Facility, Seller shall sell and make available for delivery, or compensate Buyer if not made available for delivery, export cargos at the point at which the flange coupling of the LNG loading arms at the CP2 LNG Facility joins the flange coupling of the LNG intake manifold of the relevant LNG tanker, and Buyer shall take and pay for, or compensate Seller if not taken, such export cargos.

10. Supplier (title holder) of Natural Gas to Liquefaction Facility (include whether long or short-term supply, or both), if appropriate. If this does not include a purchase or sale of natural gas, please mark this section "Not Applicable":

Not Applicable.

11. Legal Name of Entity(ies) that has (have) Title to the Natural Gas and LNG through the LNG Facility until Export (at the Flange of the Vessel):

Venture Global CP2 LNG, LLC

12. Export Destination Restrictions in the Contract:

Buyer may elect any destination, except that the contract restricts exports of LNG to destination countries permitted under (i) the applicable DOE/FE export authorizations and (ii) U.S. law.

13. Resale Provisions:

The contract requires that Buyer will resell or transfer LNG delivered under the contract only to countries allowed by the DOE/FE export authorizations and/or to purchasers or transferees that have agreed in writing to limit their direct and indirect resale or transfer of such LNG to such countries.

14. Other Major Non-proprietary Provisions, if applicable:

None.

I affirm that the foregoing is true and accurate to the best of my knowledge.
