

UNITED STATES OF AMERICA
DEPARTMENT OF ENERGY
OFFICE OF FOSSIL ENERGY AND CARBON MANAGEMENT

Lake Charles LNG Export Company LLC

Docket Nos. 13-04-LNG
16-109-LNG

Motion to Intervene of Public Citizen, Inc.

On April 17, Lake Charles LNG—owned by Energy Transfer, and located in Calcasieu Parish, Louisiana, 12 miles northeast of Sabine National Wildlife Refuge—applied to extend its commencement of export operations deadline by six years, from December 16, 2025, to December 31, 2031.¹

Public Citizen, Inc. hereby intervenes in these proceedings. Public Citizen, Inc. is already an intervenor in Lake Charles LNG DOE Docket No. 23-87-LNG.² Established in 1971, Public Citizen, Inc. is a national, not-for-profit, non-partisan, research and advocacy organization representing the interests of American household consumers. Public Citizen is active before the U.S. Department of Energy seeking to ensure that applications to export U.S. natural gas are consistent with the public interest. We have an interest in the extension of Lake Charles LNG's commencement of export operations deadline, as its operations may come at the expense of higher domestic energy prices for Americans and decrease sufficient availability of domestic gas supply, thereby raising concerns whether the request is consistent with the public interest. Our interests in this proceeding are unique, and cannot be represented by any other party. Financial details about our organization are on our web site.³

Respectfully submitted,

Tyson Slocum
