Subject: [EXTERNAL] Oposición - Docket No. 18-70-LNG Saguaro Energy
Date: Thursday, August 7, 2025 10:08:17 PM

I totally oppose the Saguaro Energy project because there is nothing good about It for Planet Earth. I will not just stand and Watch such a ridiculous, infamous project happen, not while I am alive. I am willing to devote Hours And Years of My Life to make sure the Saguaro Energy project gets cancelled. It infuriates me to think that companies are willing to invest millions on a project that will irreversibly damage one of the world's most astonishing marine areas. The citizens of the world must not allow it. It will not happen. Not on my watch.

Here,
Beatriz Padilla
