General Comment

URGENT PETITION: Halt the Saguaro LNG Project - Environmental & Human Rights Violations

We, global citizens and defenders of intergenerational justice, demand immediate cancellation of the Saguaro Energía project in Puerto Libertad, Sonora. This U.S.-backed mega-project would:

DESTROY A UNESCO BIOSPHERE RESERVE

Convert the Gulf of California ("Earth's Aquarium") into a shipping corridor for LNG tankers, directly threatening:

- ✓ 39% of the world's marine mammals (including endangered blue whales' only breeding ground)
- ✓ 900+ fish species (90 endemic)
- ✓ Critical habitats for sea turtles and migratory birds

POISON MEXICAN COMMUNITIES

Release carcinogenic pollutants (VOCs, NOx, PM2.5) linked to:

- ✓ 15% increase in childhood asthma (WHO)
- ✓ Premature births & developmental damage

Create permanent "sacrifice zones" in Puerto Libertad - where 72% of residents lack healthcare access.

VIOLATE CLIMATE COMMITMENTS & LAW

Emit 73M+ tonnes CO2e/year (exceeding Sweden + Portugal's combined emissions), sabotaging:

- ✓ Mexico's NDC targets under the Paris Agreement
- ✓ President Sheinbaum's scientific mandate

Use fraudulent environmental assessments (2006 data for a 2025 project).

PERPETUATE ENVIRONMENTAL COLONIALISM

0 Mexican benefits: Foreign gas (U.S.), foreign investors (U.S./China), foreign-built infrastructure.

100% Mexican costs: Health crises, biodiversity loss, and militarized land seizures.

WE DEMAND:

- ✗ Revoke all permits (SEMARNAT/CRE/FERC) for violating:

Mexican Constitution Art. 4 (right to healthy environment)

UN Rio Declaration Principle 10 (community consent)

- ✓ Independent audit of environmental/corruption violations
- ✓ Permanent legal protection for the Gulf under UNESCO World Heritage protocols
- ✓ Just Transition Fund for Sonoran communities to develop renewable energy.

This is not energy progress—it is ecocide for profit. We stand with Sonora: NO LNG TANKERS IN THE WHALES' NURSERY.
