## General Comment

Saguaro is a terrible idea, we dont need another millionaire extracting gas from earth's soil. And the ones who will suffer are all the natural especies on the area. Please just get over it, find another place to dig your little holes preferably within your own country and stop damaging the world which is not yours by the way. Leave whales and other species alone they dont need Saguaro disturbing their beautiful and precious life. Life is priceless. We talk for those who can't. PLEASE STOP SAGUARO!
