General Comment

As a Mexican, I demand that the relevant authorities to STOP the Saguaro Project, which puts marine life at risk. The Gulf of California in Mexico is wondrous and it's considered the world's largest aquarium and must be protected at all costs. All organisms have the right to a healthy life free from violence. The Saguaro Project poses a risk to marine life and would be an ecocide and a catastrophe if implemented. STOP to the Saguaro Project!!!
