General Comment

In Mexico we do not want the SAGUARO project. We totally reject it, it is an act of hatred towards life and humanity, the fact that people continue to sacrifice so much for a few dollars more, leaves the human race in a state of cancer. The project is regrettable, in so many parts of the world the rich are taking care of destroying the resources that exist, without caring about the people, flora, fauna and climate and ecosystem stability. SAGUARO only comes to bring one more human disaster to the world.

In conclusion, we ask that you take a thousand steps back, respect the gift of life, the biodiversity that the world has given us, do not affect species, do not affect spaces and do not affect the world in which we are all living.

The economic loss of ill-founded projects exists, and SAGUARO is very muddy in this uncertainty, this project is not going to work, even if they end up making it happen. Thank you for opening this space.

En México no queremos el proyecto SAGUARO. Lo rechazamos totalmente, es un acto de odio a la vida y la humanidad, el hecho de que las personas sigan sacrificando tanto por unos pesos más deja a la raza humana en calidad de cancro. El proyecto es lamentable, en tantas partes del mundo los ricos se están encargando de destruir los recursos que hay, sin importarles las personas, flora, fauna y estabilidad climática y del ecosistema. SAGUARO solo viene a aportar un desastre humano más al mundo.

En conclusión, pedimos que den mil pasos atrás, respeten el regalo de la vida, la biodiversidad que el mundo nos ha otorgado, no afecten especies, no afecten espacios y no afecten el mundo en el que todos estamos viviendo.

La pérdida económica de proyectos mal fundamentados existe, y SAGUARO está muy embarrado en esta incertidumbre, este proyecto no va a funcionar, aunque lo terminen concretando. Gracias por abrir este espacio.
