General Comment

I'm against big corporation projects that plan on destroying the planet and the life in-between. This is one of those. You decided, since it was illegal and dangerous to transport oil across USA that you could trash Mexico as usual, you didn't mind to think of the lives of the desert, the lives of the ocean. We humans are sick of rich people getting richer by destroying what's left on earth. Eat sand.

Estoy en contra de los grandes proyectos corporativos que planean destruir al planeta y la vida en ella. Este es uno de esos proyectos. Decidieron que como era peligroso e ilegal transportar tanto petróleo a través de estados unidos podrían hacer su tiradero en México como es usual, no les importó pensar en las vidas del desierto y del océano. La humanidad está harta de que los ricos se quieran seguir haciendo ricos destruyendo lo poco que queda en la tierra. Coman arena.
