## General Comment

Anyone that read a little about the biodiversity in the Gulf of California know that is the aquarium of the world, is a magic place full of life. Whales, dolphins, sea turtles and many marine species live there.

All people in earth know that we are in a climate criss and WE DON'T NEED MORE FUEL GAS AND PETROLEUM. It's have been many years of pollution.

What we want is a HEALTHY PLANET, FULL OF LIFE. Not pollution.

PLEASE, STOP KILLING OUR PLANET.

CAPITALISM IS KILLING ALL THE RESOURCES. WE NEED TO CHANGE OUR MIND, WE NEED TO BE MORE SUSTAINABLE.
