Re: *Epsilon LNG LLC*  
*DOE/FE Order No. 4629*  
*FE Docket No. 20-31-LNG*  
*Long-Term LNG Sale and Purchase Agreement*

To Whom It May Concern:

On December 8, 2020, the U.S. Department of Energy, Office of Fossil Energy ("DOE/FE") issued Order No. 4629 granting Epsilon LNG LCC ("Epsilon") a long-term authorization to export natural gas to Mexico for liquefaction and re-export such natural gas as liquefied natural gas ("LNG"), from Mexico to nations with which the United States has free trade agreements ("FTA"), and does *not* have ("NFTA"), free trade agreements requiring national treatment in trade of natural gas.

Pursuant to the Authorization mentioned above, Epsilon hereby submits a summary of major contract provisions as well as a non-redacted copy of the Base Contract for Sale and Purchase of Natural Gas between Amigo LNG S.A. de C.V., Sonora, Mexico, an affiliate of Epsilon LNG LLC, and OQ Trading Limited (together, the "Parties") dated March 14, 2025 ("Agreement").

Epsilon is required to file, or cause others to file, with the Office of Regulation, Analysis, and Engagement a non-redacted copy of all executed long-term contracts associated with the long-term supply of natural gas. Additionally, DOE/FE has stated that such long-term contracts may be filed under seal because it "recognizes that some information in ... long-term contracts associated with the long-term supply of U.S.-sourced natural gas to the LNG Facility, may be commercially sensitive."

DOE/FE has provided that, should Epsilon file, or cause to be filed, long-term contracts under seal, it also must file either: (i) a copy of the long-term contract with commercially sensitive information redacted, or (ii) a summary of all major provisions of the contract.

The Agreement contains significant, sensitive privileged and confidential information that is both commercial and financial, the release of which would cause competitive and financial harm to the Parties by providing such proprietary, commercially valuable information to competitors and future counterparties. Therefore, the Agreement is being provided to DOE/FE under seal, via overnight mail. In this regard, and consistent with Order No. 4629, Attachment A hereto provides a public summary of the major provisions of the Agreement.

If you have any questions or require any additional information, please do not hesitate to contact me at (713) 240-2631 or [mc@lngalliance.com](mailto:mc@lngalliance.com).

Sincerely,
