ORDER GRANTING BLANKET AUTHORIZATION
TO IMPORT LIQUEFIED NATURAL GAS FROM MEXICO BY TRUCK, AND
TO EXPORT LIQUEFIED NATURAL GAS TO MEXICO BY VESSEL

DOE/FECM ORDER NO. 5339

SEPTEMBER 17, 2025

I. **DESCRIPTION OF REQUEST**

On August 29, 2025, Enerdyn Inc. (Enerdyn) filed an application with the Office of Fossil Energy and Carbon Management (FECM) of the Department of Energy (DOE) requesting blanket authorization under section 3 of the Natural Gas Act (NGA)¹ for the authority summarized in the list below. The applicant requests the authorization for a two-year term beginning on September 17, 2025. Enerdyn is a Texas corporation with its principal place of business in Houston, Texas.

1. Import liquefied natural gas (LNG) from Mexico by truck at any LNG receiving facility in the United States and its territories
2. Export LNG to Mexico by vessel from any LNG export terminal in the United States and its territories

Import and export authority was requested for up to a combined total volume equivalent to 3.08 billion cubic feet (Bcf) of natural gas.

1. Authority to regulate the imports and exports of natural gas, including liquefied natural gas, under section 3 of the NGA (15 U.S.C. § 717b) has been delegated to the Assistant Secretary for FECM in Redelegation Order No. S4-DEL-FE1-2023, issued on April 10, 2023.

II. **FINDING**

DOE has evaluated the application to determine if the proposed import and/or export arrangements meet the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under NGA section 3(c), imports and exports of natural gas, including LNG, from or to any country with which the United States has entered into a free trade agreement (FTA) requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest.² DOE must grant such applications without modification or delay.³ The authorization sought by Enerdyn meets the NGA section 3(c) criteria and, therefore, is deemed to be consistent with the public interest.

ORDER

Pursuant to section 3(c) of the NGA, it is ordered that:

2. Export LNG to Mexico by vessel from any LNG export terminal in the United States and its territories
