General Records Schedule (GRS) 2.2 Issue Date: October 2021 Updated: August 2024

## **GENERAL RECORDS SCHEDULE (GRS) 2.2: Employee Management Records**

This schedule covers records Federal agencies create while carrying out the work of employee management: supervising employees, processing personnel actions, managing employee performance, and creating and maintaining personnel and volunteer service records.

Agencies must offer any records created prior to January 1, 1921, to the National Archives and Records Administration (NARA) before applying disposition instructions in this schedule.

**Note:** Contracts that contain DEAR 970.5204-3, Access and Ownership of Records Clause, identifies records that are Contractor-owned and those that are Government owned (Federal records) and requires the contractor to maintain all records, created/received in performance of the contract, regardless of ownership in accordance with NARA-approved Records Disposition Schedules. Therefore, this schedule would apply to records created/maintained by the contractor in performance of its contract. For contracts that do not contain the clause, these schedules would only apply to Federal records.
