Attention: Venture Global Calcasieu Pass, LLC
FE Docket Nos. 13-69-LNG, 14-88-LNG, and 15-25-LNG
PRIVILEGED AND CONFIDENTIAL Submission of Contract
and Summary of Major Provisions of Contract for Public Posting

Dear Ms. Sweeney:

Venture Global Calcasieu Pass, LLC (“Calcasieu Pass”) was granted long-term, multi-contract authority to export liquefied natural gas (“LNG”) to (1) nations with which the United States has not entered into a Free Trade Agreement (“FTA”) requiring the national treatment of natural gas in Order No. 4346 issued in FE Docket Nos. 13-69-LNG, 14-88-LNG, and 15-25-LNG on March 5, 2019, and (2) FTA nations in earlier orders in those same dockets.¹ Ordering Paragraph I(ii) of Order No. 4346 requires Calcasieu Pass to file a non-redacted copy of all executed long-term contracts associated with the long-term supply of natural gas to its Project within thirty days of contract execution. Ordering Paragraph (D) of each of the FTA authorizations reflects the same filing requirement and further provides that, if a contract is filed under seal and subject to a claim of confidentiality or privilege, Calcasieu Pass also must file for public posting a summary of the non-proprietary, major provisions of the contract.

LATHAM & WATKINS^{LLP}

On August 27, 2025, Calcasieu Pass entered into a Transaction Confirmation with Apex Natural Gas, LLC (“Apex”), pursuant to a Base Contract for Sale and Purchase of Natural Gas previously entered into with a corporate predecessor of Apex, under which Calcasieu Pass will purchase natural gas from Expand on a long-term basis.

This natural gas supply contract is highly confidential and contains commercially valuable and proprietary information, the disclosure of which would cause competitive and financial harm to the parties to the contract. Accordingly, consistent with the requirements of its export authorizations, Calcasieu Pass submits here a summary, for public posting, of the major, non-proprietary provisions of the supply contract. The summary utilizes the template followed by Calcasieu Pass and other LNG export projects when filing long-term gas supply contracts.

In addition, Calcasieu Pass also is transmitting – in a confidential, separate transmission directed solely to the addressee – the full and unredacted copies of the executed Base Contract and the Transaction Confirmation with Apex. Calcasieu Pass respectfully requests that the contracts be treated and maintained as confidential to the greatest extent permitted by law.

If you have any questions about this natural gas supply contract or related matters, please contact the undersigned counsel for Calcasieu Pass.

Sincerely,

/s/ J. Patrick Nevins
