**Department of Energy
Administrative Records Schedule 11:
Space and Maintenance Records
September 2023
Revision 6**

This schedule provides for the disposal of all copies, wherever located in the Department, of records relating to space and maintenance, except as indicated below. Records documenting these functions pertain to the acquisition, allocation, utilization, and release of space and include related correspondence and reports submitted to the General Services Administration (or equivalent agency with similar Government-wide responsibilities) as directed by law and regulation (41 CFR 101-17); correspondence and forms relating to the compilation of directory service listings; identification credentials and related accountable records; requests for building and equipment services; and correspondence files reflecting the activities of the unit responsible for handling space and related matters within the agency.

This schedule does not cover (a) copies of these records that are an integral part of accountable officers' accounts covered by Administrative Records Schedule (ADM) 6; and (b) records of procurement and supply (ADM 3).

All records described in this schedule are authorized for disposal in both hard copy and electronic formats.
