Additional details can be found in the Application, posted on the DOE website at: <https://www.energy.gov/sites/default/files/2025-10/Cameron%20LNG%20Request%20for%20Extension%20and%20Partial%20Vacatur%20%2815-36-LNG%20%2015-90-LNG%29.pdf>.

DOE Evaluation

In reviewing the Application, DOE will consider any issues required by law or policy under NGA section 3(a), DOE's regulations, and any other documents deemed appropriate.

Parties that may oppose the Application should address these issues and documents in their comments and/or protests, as well as other issues deemed relevant to the Application.

The National Environmental Policy Act (NEPA), 42 U.S.C. 4321 *et seq.*, requires DOE to give appropriate consideration to the environmental effects of its proposed decisions. No final decision will be issued in this proceeding until DOE has met its NEPA responsibilities.

Public Comment Procedures

In response to this Notice, any person may file a protest, comments, or a motion to intervene or notice of intervention, as applicable, addressing the Application. Interested parties will be provided 30 days from the date of publication of this Notice in the **Federal Register** in which to submit comments, protests, motions to intervene, or notices of intervention. The public previously was given an opportunity to intervene in, protest, and comment on Cameron LNG's long-term non-FTA application in this docket. Therefore, DOE will not consider comments or protests that do not bear directly on this Application.

Any person wishing to become a party to this proceeding evaluating Cameron LNG's Application must file a motion to intervene or notice of intervention.¹⁹

The filing of comments or a protest with respect to the Application will not serve to make the commenter or protestant a party to this proceeding, although protests and comments received from persons who are not parties will be considered in determining the appropriate action to be taken on the Application. All protests, comments, motions to intervene, or notices of intervention must meet the requirements specified by DOE's regulations in 10 CFR part 590, including the service requirements.

Filings may be submitted using one of the following methods:

(1) Submitting the filing electronically at fergas@hq.doe.gov;

(2) Mailing the filing to the Office of Regulation, Analysis, and Engagement at the address listed in the **ADDRESSES** section; or

(3) Hand delivering the filing to the Office of Regulation, Analysis, and Engagement at the address listed in the **ADDRESSES** section.

For administrative efficiency, DOE prefers filings to be filed electronically. All filings must include a reference to “Docket No. 15–90–LNG” or “Cameron LNG Application for Commencement Extension, Term Extension, and Partial Vacatur” in the title line. Filings must be submitted in English to be considered.²⁰

For electronic submissions: Please include all related documents and attachments (e.g., exhibits) in the original email correspondence. Please do not include any active hyperlinks or password protection in any of the documents or attachments related to the filing. All electronic filings submitted to DOE must follow these guidelines to ensure that all documents are filed in a timely manner.

The Application, and any filed protests, motions to intervene, notices of intervention, and comments will be available electronically on the DOE website at www.energy.gov/fecm/regulation.

A decisional record on the Application will be developed through responses to this Notice by parties, including the parties' written comments and replies thereto. Additional procedures will be used as necessary to achieve a complete understanding of the facts and issues. If an additional procedure is scheduled, notice will be provided to all parties. If no party requests additional procedures, a final

address the Application must file a new motion to intervene (or notice of intervention, as applicable). 10 CFR 590.303.

²⁰ Executive Order 14224 of March 1, 2025, *Designating English as the Official Language of the United States*, 90 FR 11363 (Mar. 6, 2025).

Order may be issued based on the official record, including the Application and responses filed by parties pursuant to this Notice, in accordance with 10 CFR 590.316.

Signed in Washington, DC, on November 14, 2025.

DEPARTMENT OF ENERGY

[Docket No. 18–144–LNG]

ECA Liquefaction, S. de R.L. de C.V.; Request for Extension of Export Commencement Deadline

AGENCY: Office of Fossil Energy and Carbon Management, Department of Energy.

ACTION: Notice of request.

SUMMARY: The Office of Fossil Energy and Carbon Management (FECM) (formerly the Office of Fossil Energy (FE)) of the Department of Energy (DOE) gives notice (Notice) of receipt of a request (Request), filed on September 19, 2025, by ECA Liquefaction, S. de R.L. de C.V. (ECA Liquefaction). ECA Liquefaction asks DOE to amend its existing authorization to re-export U.S.-sourced natural gas in the form of liquefied natural gas (LNG) from the ECA Mid-Scale Project (Project), currently under construction, in Ensenada, Baja California, Mexico, to non-free trade agreement countries set forth in DOE/FE Order No. 4364 (as amended)—specifically, to extend the current export commencement deadline in its order. ECA Liquefaction filed the Request under the Natural Gas Act (NGA).

DATES: Protests, motions to intervene, or notices of intervention, as applicable, and written comments are to be filed electronically as detailed in the Public Comment Procedures section no later than 4:30 p.m., Eastern time, December 18, 2025.

SUPPLEMENTARY INFORMATION: On March 29, 2019, in Order No. 4364 (as amended),¹ DOE authorized ECA Liquefaction to re-export U.S.-sourced natural gas in the form of LNG in a volume equivalent to 161 billion cubic feet per year (Bcf/yr) of natural gas by vessel from the proposed Project, currently under construction, located north of Ensenada in Baja California, Mexico, approximately 31 miles south of the San Diego-Tijuana/San Ysidro border between the United States and Mexico, to any country with which the United States has not entered into a free trade agreement (FTA) requiring national treatment for trade in natural gas, and with which trade is not prohibited by U.S. law or policy (non-FTA countries), pursuant to NGA section 3(a).² ECA Liquefaction is authorized to re-export this LNG for a term extending through December 31, 2050.³

As relevant here, Order No. 4364, as amended, requires ECA Liquefaction to “commence re-export operations using the planned liquefaction facilities no later than seven years from the date of issuance of this Order”—i.e., by March

29, 2026.⁴ In the Request, ECA Liquefaction asks DOE to “extend the deadline for commercial export of LNG under the Non-FTA Authorization to September 21, 2026.”⁵

In the Request, ECA Liquefaction asserts that there is good cause for the commencement deadline extension request. ECA Liquefaction states that it “has proceeded expeditiously to advance the ECA Mid-Scale Project and has worked diligently to develop the project in a manner consistent with the DOE/FECM authorizations.”⁶ ECA Liquefaction further states that “[c]onstruction of the ECA Mid-Scale Project is 93.49% complete, with total project progress (including pre-commissioning and commissioning activities) reaching a cumulative 94.85%.”⁷ ECA Liquefaction maintains that it requests “an extension of the existing commencement deadline to complete the [remaining] construction and place the export facilities into service.”⁸ ECA Liquefaction adds that it “does not propose any changes to the nature, scope, or the design of the ECA Mid-Scale Project” and that “[n]either will the overall volume of [natural] gas to be exported under the order be increased[.]”⁹

Additional details can be found in the Request, posted on the DOE website at: <https://www.energy.gov/sites/default/files/2025-09/ECA%20Phase%201%20DOE%20Request%20for%20Extension%209.19.2025.pdf>.

DOE Evaluation

In reviewing the Request, DOE will consider any issues required by law or policy under NGA section 3(a), DOE's regulations, and any other documents deemed appropriate.

Parties that may oppose the Request should address these issues and documents in their comments and/or protests, as well as other issues deemed relevant to the Request.

The National Environmental Policy Act (NEPA), 42 U.S.C. 4321 *et seq.*, requires DOE to give appropriate consideration to the environmental effects of its proposed decisions. No

final decision will be issued in this proceeding until DOE has met its NEPA responsibilities.

Public Comment Procedures

In response to this Notice, any person may file a protest, comments, or a motion to intervene or notice of intervention, as applicable, addressing the Request. Interested parties will be provided 30 days from the date of publication of this Notice in the **Federal Register** in which to submit comments, protests, motions to intervene, or notices of intervention. The public previously was given an opportunity to intervene in, protest, and comment on ECA Liquefaction's long-term non-FTA application in this docket. Therefore, DOE will not consider comments or protests that do not bear directly on this Request.

Any person wishing to become a party to this proceeding evaluating ECA Liquefaction's Request must file a motion to intervene or notice of intervention.¹⁰ The filing of comments or a protest with respect to the Request will not serve to make the commenter or protestant a party to this proceeding, although protests and comments received from persons who are not parties will be considered in determining the appropriate action to be taken on the Request. All protests, comments, motions to intervene, or notices of intervention must meet the requirements specified by DOE's regulations in 10 CFR part 590, including the service requirements.

Filings may be submitted using one of the following methods:

(1) Submitting the filing electronically at fergas@hq.doe.gov;

(2) Mailing the filing to the Office of Regulation, Analysis, and Engagement at the address listed in the **ADDRESSES** section; or

(3) Hand delivering the filing to the Office of Regulation, Analysis, and Engagement at the address listed in the **ADDRESSES** section.

For administrative efficiency, DOE prefers filings to be filed electronically. All filings must include a reference to “Docket No. 18–144–LNG” or “ECA Liquefaction Request for Extension” in the title line. Filings must be submitted in English to be considered.¹¹

National Petroleum Council Meeting

AGENCY: Office of Fossil Energy and Carbon Management, Department of Energy.

ACTION: Notice of open meeting.

SUMMARY: This notice announces a meeting of the National Petroleum Council. The Federal Advisory Committee Act requires that public notice of this meeting be announced in the **Federal Register**.

DATES: Wednesday, December 3, 2025; 9 a.m. to no later than 12 p.m. (EST).

ADDRESSES: Willard InterContinental, 1401 Pennsylvania Avenue NW, Washington, DC 20004. In-person meeting. Information to access a live stream of the meeting proceedings will be available at: www.energy.gov/fecm/national-petroleum-council-npc.

FOR FURTHER INFORMATION CONTACT: Paul Bamonte, U.S. Department of Energy, Office of Resource Sustainability (FE-

30), 1000 Independence Avenue SW, Washington, DC 20585; telephone: (240) 252-8069 or email: paul.bamonte@hq.doe.gov.

SUPPLEMENTARY INFORMATION:

Purpose of the Committee: To provide advice, information, and recommendations to the Secretary of Energy on matters relating to oil and natural gas, and the oil and natural gas industries.

Purpose of the Meeting: The National Petroleum Council will hold a meeting on December 3, 2025, to present and consider for approval the final reports of the Committees on Gas-Electric Coordination and Oil and Gas Infrastructure Permitting.

Tentative Agenda:

- Call to Order and Introductory Remarks
- Department of Energy Remarks
- Presentations, Discussion, and Consideration of the Final Reports of the NPC Gas-Electric Coordination and Oil and Gas Infrastructure Permitting Committees
- Discussion of Any Other Business Properly Brought Before the National Petroleum Council
- Adjournment

Public Participation: The meeting is open to the public. The Chair of the Council will conduct the meeting to facilitate the orderly conduct of business. Members of the public who wish to make oral statements pertaining to agenda items should contact Mr. Paul Bamonte at the address or telephone number listed above. Approximately 15 minutes will be reserved for public comments. The time allocated per speaker will depend on the number of requests received but will not exceed five minutes. Requests for oral statements must be received at least seven days prior to the meeting. Those not able to attend the meeting or having insufficient time to address the Council are invited to send a written statement to paul.bamonte@hq.doe.gov. Any member of the public who wishes to file a written statement to the Council will be permitted to do so, either before or after the meeting.

Minutes: The minutes of the meeting will be available at <https://www.energy.gov/fecm/national-petroleum-council-npc>, or by contacting Mr. Bamonte. He may be reached at the postal address or email address listed previously.

Signing Authority: This document of the Department of Energy was signed on November 13, 2025, by David Borak, Committee Management Officer, pursuant to delegated authority from the Secretary of Energy. That document

with the original signature and date is maintained by DOE. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DOE Federal Register Liaison Officer has been authorized to sign and submit the document in electronic format for publication, as an official document of the Department of Energy. This administrative process in no way alters the legal effect of this document upon publication in the **Federal Register**.
