

DOE Evaluation

DOE will review the Notice and Supplement in accordance with its CIC Procedures.² Consistent with the CIC Procedures, this notice addresses Commonwealth's existing authorization to export LNG to countries with which the United States has not entered into a free trade agreement (FTA) requiring national treatment for trade in natural gas and with which trade is not prohibited by United States law or policy (non-FTA countries), granted in DOE/FECM Order no. 5238-A.³ If no interested person protests the change in control and DOE takes no action on its own motion, the proposed change in control will be deemed granted 30 days after publication in the **Federal Register**. If one or more protests are submitted, DOE will review any motions to intervene, protests, and answers, and will issue a determination as to whether the proposed change in control has been demonstrated to render the underlying authorizations inconsistent with the public interest.

Public Comment Procedures

Interested persons will be provided 15 days from the date of publication of this notice in the **Federal Register** to move to intervene, protest, and answer Commonwealth's Notice and Supplement.⁴ Protests, motions to intervene, notices of intervention, and written comments are invited in response to this notice only as to the change in control described in the Notice and Supplement. All protests, comments, motions to intervene, or notices of intervention must meet the requirements specified by DOE's regulations in 10 CFR part 590, including the service requirements.

Filings may be submitted using one of the following methods:

- (1) Submitting the filing electronically at fergas@hq.doe.gov;
- (2) Mailing the filing to the Office of Regulation, Analysis, and Engagement at the address listed in the **ADDRESSES** section; or
- (3) Hand delivering the filing to the Office of Regulation, Analysis, and Engagement at the address listed in the **ADDRESSES** section.

For administrative efficiency, DOE prefers filings to be filed electronically.

² 79 FR 65541 (Nov. 5, 2014).

³ Commonwealth's Notice and Supplement also applies to the company's existing authorization to export LNG to FTA countries in the same docket. DOE will respond to that portion of the filing separately pursuant to the CIC Procedures, 79 FR 65542.

⁴ Intervention, if granted, would constitute intervention only in the change in control portion of these proceedings, as described herein.

All filings must include a reference to "Docket No. 19–134–LNG" in the title line, or "Commonwealth LNG Change in Control" in the title line. Filings must be submitted in English to be considered.⁵

For electronic submissions: Please include all related documents and attachments (e.g., exhibits) in the original email correspondence. Please do not include any active hyperlinks or password protection in any of the documents or attachments related to the filing. All electronic filings submitted to DOE must follow these guidelines to ensure that all documents are filed in a timely manner.

The Notice, Supplement, and any filed protests, motions to intervene, notices of intervention, and comments will be available electronically on the DOE website at www.energy.gov/fecm/regulation.

Signed in Washington, DC, on November 13, 2025.

Amy R. Sweeney,

Director, Office of Regulation, Analysis, and Engagement, Office of Resource Sustainability.

BILLING CODE 6450–01–P

DEPARTMENT OF ENERGY

National Nuclear Security Administration

Notice of Change in the Process for the Site-Wide Environmental Impact Statement for Continued Operation of Sandia National Laboratories, New Mexico and for the Supplemental Environmental Impact Statement for Enhanced Plutonium Facility Utilization at Lawrence Livermore National Laboratory

AGENCY: National Nuclear Security Administration, Department of Energy.

ACTION: Notice.

SUMMARY: The National Nuclear Security Administration (NNSA), a semi-autonomous agency within the United States (U.S.) Department of Energy (DOE), announces it will not perform certain National Environmental Policy Act (NEPA) activities previously indicated in the *Notice of Intent To Prepare a Site-Wide Environmental Impact Statement (SWEIS) for Continued Operation of Sandia National Laboratories, New Mexico (SNL/NM) in Albuquerque, New Mexico (SNL/NM NOI)* and the *Notice of Intent*

⁵ Executive Order 14224 of March 1, 2025, *Designating English as the Official Language of the United States*, 90 FR 11363 (Mar. 6, 2025).

To Prepare a Supplemental Environmental Impact Statement (SEIS) for Enhanced Plutonium Facility Utilization at Lawrence Livermore National Laboratory (LLNL) in Livermore, California (LLNL NOI). Due to intervening regulatory changes, NNSA will not publish a draft SNL/NM SWEIS or a draft LLNL SEIS or hold additional public hearings for the LLNL SEIS. When NNSA publishes the final SNL/NM SWEIS and the final LLNL SEIS, NNSA will publish its Records of Decision (RODs) for both at the same time as the final documents.

FOR FURTHER INFORMATION CONTACT: For additional information about this Notice, please contact Lynn Alexander, NEPA Compliance Officer, National Nuclear Security Administration; telephone: 202–302–0141; or email at: NEPA@nnsa.doe.gov.

SUPPLEMENTARY INFORMATION: Consistent with Executive Order (E.O.) 14154, *Unleashing American Energy*, and with the *National Environmental Policy Act of 1969*, as amended (42 U.S.C. 4321 *et seq.*), the Council on Environmental Quality (CEQ) repealed its NEPA regulations and required agencies to revise their NEPA implementing procedures (90 FR 10610, February 25, 2025, *Removal of National Environmental Policy Act Implementing Regulations*; effective April 22, 2025). Accordingly, DOE issued new DOE NEPA Implementing Procedures on June 30, 2025, and removed most of the previous DOE NEPA implementing procedures from 10 CFR part 1021, *National Environmental Policy Act Implementing Procedures*, in an Interim Final Rule on July 3, 2025 (90 FR 29676, *Revision of National Environmental Policy Act Implementing Procedures*). DOE's amended NEPA regulations rescind process-oriented requirements (which are now outlined in the DOE NEPA Implementing Procedures document issued June 30, 2025) and retain DOE's Categorical Exclusions and emergency procedures. The regulatory update and new DOE NEPA Implementing Procedures align with E.O. 14154 and significantly streamline NEPA processes by focusing on statutory requirements while retaining meaningful review of potential environmental impacts. Neither NEPA nor the new DOE NEPA Implementing Procedures require NNSA to publish draft environmental documents for public comment, hold public hearings on a draft environmental document, or wait for 30 days after issuance of a final environmental impact statement to publish a ROD. While NNSA indicated in the SNL/NM NOI that it would

publish a draft of the SWEIS for Continued Operation of SNL/NM (DOE/EIS-0556) for public comment, consistent with NEPA and with DOE's new DOE NEPA Implementing Procedures, with respect to SNL/NM, NNSA will not issue a draft SNL/NM SWEIS for public comment or wait 30 days between the final SWEIS and issuance of the ROD. While NNSA indicated in the LLNL NOI that it would publish a draft of the LLNL SEIS for Enhanced Plutonium Facility Utilization at LLNL in Livermore, California (DOE/EIS-0547-S1) for public comment, consistent with NEPA and DOE's new DOE NEPA Implementing Procedures, NNSA will not issue a draft LLNL SEIS for public comment, hold a public hearing on a draft, or wait 30 days between the final LLNL SEIS and issuance of the ROD.

NEPA Activity Already Conducted on the SWEIS for Continued Operation of SNL/NM

NNSA is preparing the SNL/NM SWEIS pursuant to the requirements of NEPA. In the SNL/NM NOI (April 21, 2023; 77 FR 24607) NNSA invited all interested agencies (Federal, state, and local), Native American Tribes, public interest groups, local businesses, and members of the general public to provide comments on the scope of the environmental impact statement, environmental issues, and other potential alternatives that NNSA should consider in the SNL/NM SWEIS. NNSA held two public scoping meetings regarding the SNL/NM SWEIS in May 2023 and collected comments from the interested parties for 45 days. NNSA has considered and incorporated comments received during the public scoping period and expects to publish the final

SNL/NM SWEIS and simultaneous publication of its ROD in late 2025.

NEPA Activity Already Conducted on the SEIS for Enhanced Plutonium Facility Utilization at LLNL

In the LLNL NOI (January 13, 2025; 90 FR 2678), NNSA announced its intent to prepare the LLNL SEIS and invited all interested agencies (Federal, state, and local), Native American Tribes, public interest groups, local businesses, and members of the general public to provide comments on the scope of the environmental impact statement, environmental issues, and other potential alternatives that NNSA should consider in the LLNL SEIS. NNSA held a public scoping meeting regarding the LLNL SEIS in January 2025 and collected comments from the interested parties for 45 days. NNSA has considered and incorporated comments received during the public scoping period and expects to publish the final LLNL SEIS and simultaneous publication of its ROD in early 2026.

Signing Authority

This document of the Department of Energy was signed on October 2, 2025, by Brandon M. Williams, Under Secretary for Nuclear Security and NNSA Administrator, pursuant to delegated authority from the Secretary of Energy. That document with the original signature and date is maintained by DOE. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DOE Federal Register Liaison Officer has been authorized to sign and submit the document in electronic format for publication, as an official document of the Department of Energy. This administrative process in no way alters

the legal effect of this document upon publication in the **Federal Register**.

Signed in Washington, DC, on November 14, 2025.

Treena V. Garrett,

Federal Register Liaison Officer, U.S. Department of Energy.

BILLING CODE 6450-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

Sunshine Act Meetings

The following notice of meeting is published pursuant to section 3(a) of the government in the Sunshine Act (Pub. L. 94-409), 5 U.S.C. 552b:

AGENCY HOLDING MEETING: Federal Energy Regulatory Commission.

TIME AND DATE: November 20, 2025, 10:00 a.m.

PLACE: Room 2C. 888 First Street NE, Washington, DC 20426.

STATUS: Open to the public.

MATTERS TO BE CONSIDERED: Agenda

* Note—Items listed on the agenda may be deleted without further notice.

CONTACT PERSON FOR MORE INFORMATION: Debbie-Anne A. Reese, Secretary. Telephone (202) 502-8400.

For a recorded message listing items Stricken from or added to the meeting, call (202) 502-8627.

This is a list of matters to be considered by the Commission. It does not include a listing of all documents relevant to the items on the agenda. All public documents, however, may be viewed online at the Commission's website at <https://elibrary.ferc.gov/eLibrary/search> using the eLibrary link.

1130TH—MEETING

[Open; November 20, 2025, 10:00 a.m.]
