ORDER

For the U.S. Department of Energy (“DOE”):

1. On September 25, 2024, under the above-listed case number, DOE issued a Notice of Proposed Civil Penalty to Makeximu-US Ohniyou (“Respondent”) to pursue a civil penalty for knowingly distributing in commerce basic models of ceiling fans without submitting to DOE a report certifying that those basic models complied with the applicable energy conservation standards.
2. Ceiling fans are covered products pursuant to 42 U.S.C. §§ 6292(a)(20) and 6295(ff), and 10 C.F.R. § 430.32.
3. Pursuant to 10 C.F.R. § 429.12, manufacturers must submit to DOE a report certifying that each basic model meets the applicable energy conservation standard, before distributing each basic model in commerce in the United States and annually thereafter.
4. Failure to submit a certification report for covered products in accordance with 10 C.F.R. § 429.12 is a prohibited act pursuant to 10 C.F.R. § 429.102(a)(1) and subject to civil penalties as described in 10 C.F.R. § 429.120.
5. Pursuant to 10 C.F.R. § 429.120, each day that a manufacturer fails to submit a certification report for a basic model is a separate violation.
6. On November 6, 2024, pursuant to 10 C.F.R. § 429.124(c), DOE referred this case to an Administrative Law Judge (“ALJ”) by filing a Complaint with the DOE Office of Hearings and Appeals (“OHA”) and serving the Complaint on Respondent.¹

¹ The ALJ subsequently assigned OHA Case Number EEE-25-0003 to this civil penalty action.

7. On November 22, 2024, DOE and Respondent executed a Settlement Agreement, in which Respondent admitted the following:
 - a. Respondent has manufactured² several basic models of ceiling fans.
 - b. For at least 365 days, Respondent has distributed in commerce³ the basic models of ceiling fans.
 - c. Respondent knowingly failed to submit a certification report for the basic models of ceiling fans, in violation of 10 C.F.R. § 429.12.
8. Based on the information above, I find that Respondent knowingly committed Prohibited Acts by manufacturing and distributing in commerce basic models of covered products without submitting to DOE a certification report certifying that those basic models complied with the applicable energy conservation standards. *See* 42 U.S.C. § 6302; 10 C.F.R. § 429.102(a)(1).
9. Accordingly, pursuant to 10 C.F.R. § 429.120 and 42 U.S.C. §§ 6303 and 6316, I **HEREBY ASSESS** a civil penalty of \$20,000, **ORDER** Respondent to pay the assessed civil penalty, **AND ORDER** that the Settlement Agreement attached to this Order is adopted.⁴
