

Department of Energy

Washington, DC 20585

January 14, 2026

Mr. Edward Ritzmann
President
Delcon Electric Inc.
1401 Church Street
Suite 1
Bohemia, New York 11716

Dear Mr. Ritzmann:

This letter serves as notification of the Office of Enforcement's decision to conduct an investigation into the facts and circumstances associated with an electrical shock event involving 277-volt alternating current (VAC) in Building 1005S at the Brookhaven National Laboratory on May 13, 2025. Brookhaven Science Associates, LLC reported potential noncompliances associated with this event into the Department of Energy's (DOE) Noncompliance Tracking System under NTS-SC-BHSO-BSA-BNL-2025-0011204, dated June 30, 2025.

The Office of Enforcement will conduct this investigation pursuant to the authority set forth in 10 Code of Federal Regulations (C.F.R.) § 851.40(a), *Investigations and inspections*. Although investigating the 277 VAC electrical shock event will be the general purpose of this investigation, additional issues relating to the scope, nature, and extent of compliance by Delcon Electric, Inc., with DOE's worker safety and health requirements specified in 10 C.F.R. Part 851, *Worker Safety and Health Program*, may be pursued as issues arise during the investigation. The investigation will include an onsite visit and interviews with contractor personnel.

Any requests for documents to support this investigation will be provided separately via one or more e-mails. Your cooperation to ensure timely submission of all documents by the requested date is appreciated.

For covered contracts according to 41 United States Code (U.S.C.) § 4301 and under the Major Fraud Act (MFA), as amended, (41 U.S.C. § 4310), this investigation may be a proceeding commenced by the United States that relates to a violation of, or the failure to comply with, a federal regulation. Costs incurred in connection with such a proceeding are subject to the reimbursement restrictions of the MFA implemented at 48 C.F.R. § 31.205-47. As a result, any costs incurred that are directly attributable to supporting DOE's investigation should be tracked, subsequent to receipt of this letter, and segregate them from other potentially allowable costs.

If you have any questions concerning this letter, please contact me at (301) 903-7707, or your staff may contact Ms. Shannon Holman, Director, Office of Worker Safety and Health Enforcement, at (301) 903-0100.

Sincerely,

A handwritten signature in black ink, appearing to read "Robin M. Keeler". The signature is fluid and cursive, with the first name "Robin" and last name "Keeler" being more prominent than the middle initial "M".

Robin M. Keeler
Acting Director
Office of Enforcement
Office of Enterprise Assessments
