)

Case Number: 2025-SE-57006

ORDER

For the U.S. Department of Energy (“DOE”):

1. On November 26, 2024, under the above-listed case number, DOE issued a Notice of Proposed Civil Penalty to QuickLotz (“Respondent”) to pursue a civil penalty against Respondent for knowingly selling in the United States general service lamps (“GSL”) that failed to meet the applicable energy conservation standard.
2. GSLs are covered products subject to a federal energy conservation standard. *See 42 U.S.C. § 6295(a)(1), 6295(i)(6); 10 C.F.R. § 430.32(dd).*
3. Effective July 25, 2022, the sale in the United States of any GSL that does not meet a minimum efficacy standard of 45 lumens per watt (“lm/W”) is prohibited. 10 C.F.R. § 430.32(dd).
4. Respondent admitted the following:
 - a. The subject model is a general service lamp.
 - b. Respondent sold the subject model on or after July 25, 2022.
 - c. The subject model does not comply with the minimum efficacy standard of 45 lm/W as set forth in 10 C.F.R. § 430.32(dd).
 - d. Respondent knowingly sold multiple units of the subject model.
5. Based on the information above, I find that Respondent knowingly committed Prohibited Acts by knowingly selling multiple units of a new covered product that were not in conformity with the applicable energy conservation standard. *See 42 U.S.C. § 6302; 10 C.F.R. § 429.102(a)(6).*

6. Accordingly, pursuant to 10 C.F.R. § 429.120 and 42 U.S.C. § 6303, I **HEREBY ASSESS** a civil penalty of \$2,198 (two thousand, one hundred ninety-eight dollars), **ORDER** Respondent to pay the assessed civil penalty in full within 30 calendar days, **AND ORDER** that the Settlement Agreement attached to this Order is adopted.

Samuel T. Walsh
General Counsel
