

Appendix 6: PMC User Guide to Submit EQ-1 and Reports

The [Project Management Center](#) (PMC) is a website for Applicants selected for award negotiations (Selectees) to submit the National Environmental Protection Act (NEPA) Environmental Questionnaire (EQ-1) and supporting documents, and for Grant Recipients to submit post award deliverables: quarterly reports, demographic data, and final reports.

The Office of Indian Energy requires every Selectee and Grant Recipient to create an account in the PMC to submit the EQ-1, quarterly progress and financial reports, demographic data, and final reports at the end of an award. This Appendix 6 to the Recipient's Guide to Award Negotiations and Administration provides step-by-step instructions for registering in the PMC and for submitting required documents and reports.

The Selectee must submit the EQ-1 in the PMC during an award negotiation. The purpose of completing the EQ-1 is to gather detailed information about the proposed project from the Selectee before an award can be made. The information in the EQ-1 is required for the DOE NEPA review and determination. NEPA is a federal law requiring ALL federally funded projects to undergo environmental review.

An Applicant will not be able to submit reports to the PMC until an award is made and the Applicant becomes a Grant Recipient. Once an award is made, a Grant Recipient should refer to their Federal Assistance Reporting Checklist, included as part of the award documents, to know which reports to submit and when they are due.

All new users will be required to verify that the Personally Identifiable Information (PII) submitted as part of their new user request is correct. All existing users will need to verify annually that their PII is correct.

Demographic Reporting requires the Project Manager and Business Contact to complete demographic information upon logging into the PMC, and this data will be requested annually based on the first date of entry. Demographic questions include Gender, Ethnicity, Race, and Disability. The PMC will generate delinquency notices if this report is not submitted within 30 days of an award start date.

Quarterly progress and financial reports are due 30 days after the end of a quarter (e.g., due date of April 30 for the quarter covering January 1 through March 31). Final reports (Final Technical Report, Property Report, and Financial Report) are due 120 days after the grant period end date (refer to the Period of Performance in box 7 of the Assistance Agreement).

Table of Contents

This Appendix is separated into three sections:

- (A) [PMC Registration \(pages 3 to 14\);](#)
- (B) [Environmental Questionnaire \(EQ-1\) Completion and PMC Submission \(pages 15 to 31\);](#)
- (C) [Quarterly Reports - PMC Upload \(pages 32 to 40\).](#)

NOTE: Instructions on final reporting to close out an award at project completion will be provided to Grant Recipients; however, the process for uploading those final reports is similar to submitting quarterly reports.

A) PMC Registration

Step A1: You may create an account with the PMC as soon as your grant application has been selected for award negotiation. To create a Recipient or Applicant account, go to the [PMC website \(www.eere-pmc.energy.gov\)](https://www.eere-pmc.energy.gov) and click on the “Recipient Resources” tab located on the top banner.

The screenshot shows the EERE Project Management Center website. The browser address bar displays <https://www.eere-pmc.energy.gov/>. The website header includes the U.S. Department of Energy logo and the text "Energy Efficiency & Renewable Energy". The main navigation bar features tabs: HOME, ABOUT, BUSINESS OPPORTUNITIES, RECIPIENT RESOURCES (highlighted with a yellow arrow), MEDIA, GLOSSARY, and DOE OFFICIALS LOGIN. Below the navigation bar, the page title is "EERE Project Management Center". The main content area includes a "Welcome to the EERE Project Management Center Golden Business Services System" section, a "LOGIN TO THE PMC" section with a "Select Login Type:" dropdown, a "NEPA COMPLIANCE TRACKING" section with a "NEPA Compliance Dashboard" link, and a "FEATURES" section with links to "The Golden Field Office Reading Room" and "The Golden Field Office Reading Room". A "Help Desk" section at the bottom provides contact information for ITS Help.

Step A2: After clicking on the “Recipient Resources” tab, you will land on the following page. Click on the “**Create Recipient/Applicant Account**” link located under the Resources header.

WARNING!

This is a Department of Energy (DOE) information system. DOE information systems are provided for the processing of official U.S. Government information only. By using the account or the information system, or connecting any devices to the information system, the user acknowledges, understands, and consents to the following:

There is no reasonable expectation of privacy regarding communications or data transiting or stored on the information system or devices connected to the information system. At any time and for any official purpose, the government may monitor, intercept, record, and search any communications or data transiting or stored on the information system or devices connected to the information system.

Any communications or data transiting or stored on the information system or devices connected to this Government information system may be used or disclosed for any official purpose, including to law enforcement or other government agencies, as deemed appropriate by DOE, or as mandated by law.

By accessing this Government information system, the user agrees to appropriately access, manage, and safeguard any federal records and information stored within this system, including controlled unclassified information (CUI).

Unauthorized or improper use of Government information systems may result in limitations placed on the use of Government information systems, disciplinary or adverse actions, including termination of employment, criminal or civil penalties, and/or financial liability for the cost of such improper use.

By continuing to use this Government information system you indicate your awareness of and consent to these terms and conditions of use. LOG OFF IMMEDIATELY if you do not agree to the conditions stated in this warning.

Privacy Act Statement

Collection of information requested is authorized by 42 U.S.C. § 7101 et seq. and 50 U.S.C § 2401 et seq. The business contact information collected in the Department of Energy Project Management Center System may be used for various mission activities (e.g., authorize user access to specific data, communicate project notifications, and send system release notices).

Providing the information requested on this form is voluntary; however, if you choose not to provide this information, your ability to access the system may be denied.

Personally identifiable information provided must be validated by the individual, periodically or at least annually, to ensure its accuracy. You can log in to your account and update your information or contact our help desk at ITSIHelp@ee.doe.gov.

For more information on how DOE protects your data, to request access to your records, or to submit a privacy complaint, please review the Department's privacy policy at www.energy.gov/privacy.

Help Desk
If you need assistance, please contact ITSIHelp@ee.doe.gov

- The PMC was updated on November 5, 2024: implemented Base and BIL/IRA FARC enhancements, made several updates to change "Funding Opportunity Announcement" references to "Notice of Funding Opportunity Announcement", introduced a new method of support: Users can click "Get Support" on the bottom right to submit a support request. Please see the detailed [Release Notes](#) for more information.
- The PMC was updated on June 28, 2024: implemented several cybersecurity improvements to help make the sign-in process more secure. DOE Officials now have a new login process for when they are inside and outside of the DOE network. Recipient/Applicants now have two additional login methods and updated password requirements. Please see the detailed [Release Notes](#) for more information.
- The PMC was updated on May 3, 2024: updated the Location form for Bipartisan Infrastructure Law (BIL) /Inflation Reduction Act (IRA) projects to include a new question; updated contact information on the NREL NEPA Worksheet; and updated sorting of State picklists on the Location form, EQ-1, and EQ-2. Please see the detailed [Release Notes](#) for more information.
- The PMC was updated on February 23, 2024: updated the EQ-2 to include a new field, "Funding Authority". Please see the detailed [Release Notes](#) for more information.
- The PMC was updated on January 19, 2024: updated the Sample EQ-1 Template, clarified instructions for the Demographic reporting delinquency notices, and updated the list of deliverable requirements to display the corresponding event description, when applicable. Please see the detailed [Release Notes](#) for more information.
- The PMC was updated on October 13, 2023 to incorporate BIL FARC enhancements for Equity and Justice report submissions, a new approval process for received deliverables, and an updated Location form. Please see the detailed [Release Notes](#) for more information.
- The PMC was updated on April 14, 2023 to incorporate the new Bipartisan Infrastructure Law (BIL) project and BIL-specific Federal Assistance Reporting Checklist (FARC). Please see the detailed [Release Notes](#) for more information.
- The PMC was updated on February 24, 2023 to incorporate the removal of email as a method of multifactor authentication.
- The PMC was updated on February 10, 2023 to incorporate a new quarterly location verification process. Please see the detailed [Release Notes](#) for more information.
- The PMC was updated on March 1, 2022 to incorporate a major reorganization of the FARC, the addition of UEI to the project record, and PII certification and annual verification. Please see the [PMC 5.0 Quick Guide](#) and the detailed [Release Notes](#) for more information.

Events and Notifications

- Accounts will be deactivated after 60 days of inactivity. Users will receive an email warning notification 15 days prior to deactivation. If your account is deactivated, you will need to request a new password to access PMC.
- After 15 minutes of inactivity, users will be automatically logged out of PMC.

Sign in through OneID or Enter Email and Password

 Sign in through [OneID](#). You will be redirected to an internal DOE site to sign in with your PIV, ID.me or Login.gov account.

Step A4: Next, read the System Rules of Behavior and click on the “Accept” button to continue the process of requesting an account for the Project Management Center (PMC).

**EERE Project Management Center (PMC)**Close
Recipient/Applicant Site Access

Recipient/Applicant Site Access

System Rules of Behavior

Read the EERE Project Management Center (PMC) rules of behavior and click the "Accept" button below to continue creating the account.

Use of the EERE Project Management Center (PMC) by any user, authorized, or unauthorized, constitutes consent to the auditing, interception, recording, reading, copying, capturing, and disclosure of system activity. There is no right to privacy in using the EERE Project Management Center (PMC).

NOTE: The EERE Project Management Center (PMC) Security Rules of Behavior (ROB) are applicable to all individuals with access to the EERE Project Management Center (PMC) and must be read and accepted before they will be granted access privileges to the EERE Project Management Center (PMC).

General Guidelines:

- Do not attempt to view, change or delete data unless you are authorized to do so.
- Do not use your system privileges to obtain information for anyone who is not authorized to do so.
- Do not allow another user to logon to the EERE Project Management Center (PMC) using your username and password.
- Do not attempt to perform actions or processes for which you do not have authorization.
- Do not disable any security features or alter application settings/configurations unless explicitly authorized to do so.
- Do not violate Federal Copyright laws. Observe all software licensing agreements. If you have any questions about copyright or licensing, contact the EERE Project Management Center (PMC) Helpdesk BEFORE using the material in question.

Security:

- Promptly report all security incidents, no matter how insignificant they may appear, to the EERE Project Management Center (PMC) Helpdesk. These security incidents can include unauthorized disclosure of information, computer viruses/malware, theft/loss of equipment or data, deliberate alteration or destruction of data or equipment, phishing/spam emails, suspicious calls, etc.
- Protect all Personally Identifiable Information (PII) from disclosure. PII is information that can be used to uniquely identify an individual (such as name, address, and email).
- Do not share or disclose information to unauthorized individuals.

Passwords:

- Passwords must meet the minimum password complexity of at least 12 characters, mix of upper-case, lower-case, numerical, and special characters (at least one of each category).
- Protect all of your authentication credentials (username and password) from disclosure.
- Do not program your authentication credentials into automatic script routines or programs. If a login prompt asks to save or remember your username and/or password, do not select/accept this option.
- Immediately change any default passwords for your EERE Project Management Center (PMC) user account. If you think that a password has been compromised, change your password and immediately notify the EERE Project Management Center (PMC) Helpdesk.
- Passwords must be changed every 90 days; EERE Project Management Center (PMC) will inform you when it is time to change your password.

Social Media and Networking Sites

- Federal employees, contractors and other government representatives must follow explicit restrictions on the use of social media/networking sites and posting organizational information on public websites. EERE has specific standards for its social media, including blogs, Facebook, Flickr, Twitter, Vimeo, and YouTube. Reference: <https://energy.gov/eere/communicationstandards/social-media-requirements-and-best-practices> for the latest requirements and standards for social media. If you have questions about social media or posting organization information, contact your office's media team contact.

If an EERE Project Management Center (PMC) user violates DOE, EERE, and/or EERE Project Management Center (PMC) policies regarding the rules of the behavior, the individual must be subject to disciplinary action at the discretion of DOE, EERE, and/or the EERE Project Management Center (PMC) Owner. Actions may range from a temporary removal of system access for a specific period of time, or criminal prosecution depending on the severity of the violation and the judgment of the appropriate authority.

By clicking "Accept", the user acknowledges that they have read and will abide by the EERE Project Management Center (PMC) Security Rules of Behavior.

Step A5: Next, you will be asked to provide your Account Information (email address, name, phone number, organization, address, title, etc.) to be used for your new PMC account. Complete the required fields and then click on the “Create” button.

Recipient/Applicant Site Access

Recipient/Applicant Login

Set up Multifactor Authentication (MFA)

Project Management Center Recipient/Applicant Site (PMC) records indicate that you have not yet set up Multifactor Authentication for this system. Please click on the "Continue" button below to set up MFA for PMC Recipient/Applicant Site . You will be automatically redirected to another site for MFA set up and upon completion will return here to complete the PMC Recipient/Applicant Site login process.

Please note that MFA Recipient/Applicant Site must be set up separately for each DOE EERE system. If you have already set up MFA for other EERE system(s), that set up will not work with PMC Recipient/Applicant Site .

About Multifactor Authentication (MFA)

What is MFA?
MFA is a method of confirming a system user's claimed identity. The user is granted access to the system only after successfully providing two or more pieces of evidence, such as a password, security token, or biometric verification.

Who is affected?

- MFA will only affect external users.
- MFA is not required for internal users. Internal users should remember to use their internal URL; otherwise MFA will be required.

What new steps will be required?
MFA only requires two additional steps for external users to achieve a successful login - retrieving and entering an additional MFA passcode on the login page.

- Step 1 for New Users: New Users will be directed to a registration page to register for the site. Users will be prompted to verify their default mode of MFA passcode receipt by confirming receipt and entering a security code.
- Step 1 for Registered Users: Registered users will be prompted by the system to select their preferred method to receive an MFA pin number. Users will have three options for receipt: email (default), text, or soft token, such as Google Authenticator.
- Step 2 for All Users: In addition to the normal login process, users will need to enter their MFA passcode every time they log into a system. A new MFA passcode is required whenever logging into a system.

Tips to help you get used to MFA.

- MFA passcodes expire. MFA passcodes are intended for one-time use and are available for only a limited amount of time. If expired, users will need to acquire a new passcode.
- Have a backup retrieval method. While only one method of MFA passcode receipt is required to set as the default method (email), it is recommended that users select a second method (text or soft token) to ensure timely receipt in case of service disruption.
- Automatic logout is still in effect. Keeping with the current standard, users will be logged out of systems after 15 minutes of inactivity.

[Multifactor Authentication Guide \(PDF\)](#) [Multifactor Authentication Video \(MP4\)](#)

Step A11: An email with a verification code required for the MFA setup will be sent to the email address you previously provided. Check your inbox for an email from EERE-MFA for the verification code. Enter that code into the field indicated below then click on the “Continue” button to proceed to the next screen.

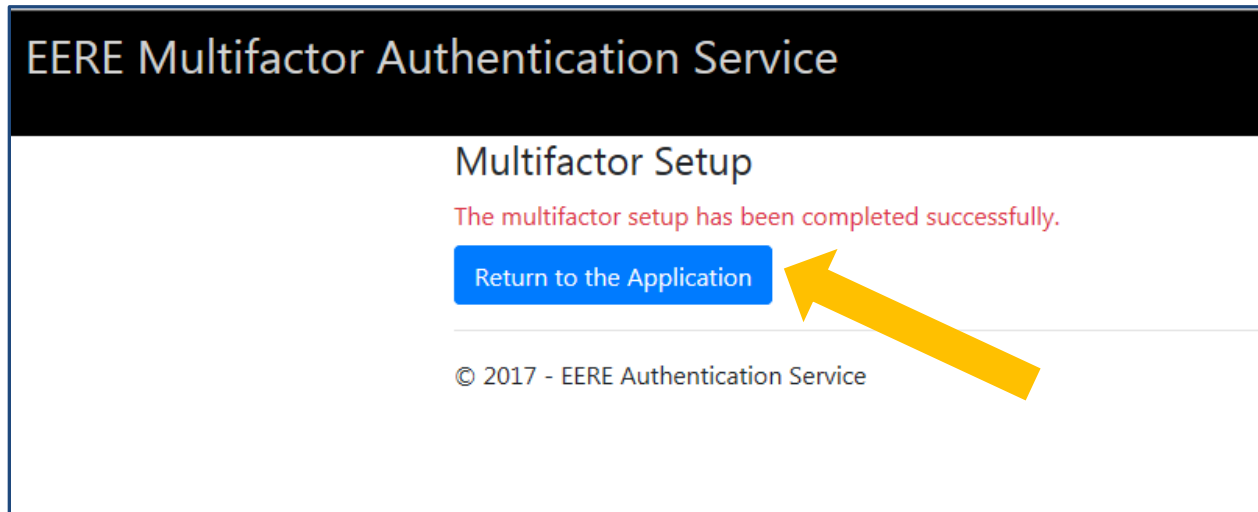

The screenshot shows the 'EERE Multifactor Authentication Service' interface. The title is 'Welcome to the Multifactor Authentication Setup'. Below the title, it states: 'This setup URL will expire in 13:26 mins. A code has been sent to your email tweedie.doe@hq.doe.gov. Please enter the code you received below to proceed to the registration process. You may request to resend the code by clicking the resend button.' There is a text input field labeled 'Code:'. Below the field are three buttons: 'Continue' (blue), 'Resend' (blue), and 'Cancel' (red). A yellow arrow points to the 'Code:' input field. At the bottom, it says '© 2017 - EERE Authentication Service'.

Step A12: Select the delivery method you would like to use to complete the MFA setup by selecting either SMS or Phone App. Your selected delivery method will be used to deliver a temporary password that you will need to login to the PMC. Click on the “Finish” button to proceed to the next screen.

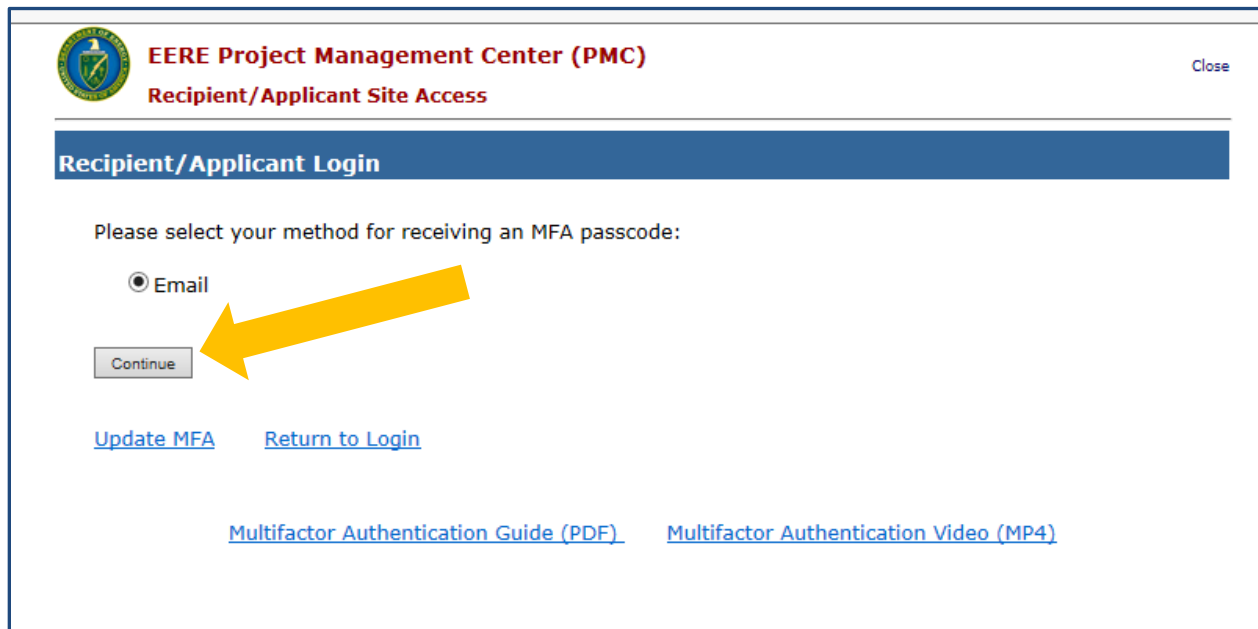

The screenshot shows the 'EERE Multifactor Authentication Service' interface. The title is 'Welcome to the Multifactor Authentication Setup'. Below the title, it states: 'You must complete the setup in 18:43 mins. Select and configure the delivery methods you would like to use.' There are three options for delivery methods: 'Email' (selected with a checkmark), 'SMS' (unchecked), and 'Phone App' (unchecked). The 'Email' option is highlighted in teal and includes the text 'Email is required as a delivery method' and 'Default Delivery Method'. Below the 'Email' option, it shows 'Email: tweedie.doe@hq.doe.gov' with a green 'Email Verified' status and a 'Read Only' button. Below the 'SMS' and 'Phone App' options, there are instructions: 'Select to allow code delivery to cell phone by text message' and 'Select to allow code verification via Authentication App on Cell Phone'. At the bottom, there are two buttons: 'Finish' (blue) and 'Cancel' (red). A yellow arrow points to the 'Email' option, and another yellow arrow points to the 'Finish' button. At the bottom, it says '© 2017 - EERE Authentication Service'.

Step A13: Upon completing the MFA setup, you will see the confirmation screen presented below. Click on “Return to the Application” button to proceed to the login screen.

Step A14: At the login screen you will be prompted to select a method for receiving an MFA code. Select the appropriate delivery method then click on “Continue” to proceed to the next screen.

Step A15: Check your email (or other delivery method that you selected) for a confirmation email with a temporary MFA passcode. This passcode is valid for 10 minutes after which you will need click on the “[Request New MFA Passcode](#)” link. Enter the temporary MFA passcode as shown in the screen below. Click on “Continue” to proceed to the next screen.

(B) Environmental Questionnaire (EQ-1) Completion and PMC Submission

Step B1: To submit an EQ-1, first login to your PMC account as demonstrated in the previous section (A), then click on the “[NEPA EQ Submissions](#)” tab on the top banner of the screen as indicated in the screenshot below.

You may submit an EQ-1 when you are notified by the Office of Indian Energy that your application has been selected for an award negotiation. It is not necessary to have an award number to complete an EQ-1 for NEPA review of your proposed project.

WARNING - after 15 minutes of inactivity (which means 15 minutes after clicking “Next” to save data), users may or may not receive a warning notice but will automatically be logged out of the PMC. Users may want to consider using the Microsoft Word version of the EQ-1 document offline to prepare responses (the Word version is located on the PMC Recipients page) and then cut and paste the required responses into the online EQ-1. The EQ-1 must be completed online; the Word version will not be accepted.

My NEPA Environmental Questionnaire Submissions

Step B3: On this page, complete the required fields as indicated by the red asterisks. If you have the Notice of Funding Opportunity (NOFO) Number or DOE Award Number (CID), select those from the drop-down lists or check “Not Listed.” The “Not Listed” boxes may need to be checked to allow a new NOFO or Award Number to be added. **It is essential that you select a DOE Technology Office Point of Contact (otherwise known as the DOE Project Officer) to ensure that the Project Officer is notified when you have submitted your EQ-1.** Click “Next” to continue filling out the EQ-1.

U.S. Department of Energy - Office of Energy Efficiency and Renewable Energy

Environmental Questionnaire Submission Status

STEP 3 - SECTION II. BACKGROUND AND INSTRUCTIONS

Pursuant to the U.S. Department of Energy's National Environmental Policy Act (NEPA) implementing regulations (10 C.F.R. Part 1021), the Office of Energy Efficiency and Renewable Energy (EERE) is required to evaluate the potential environmental impact of projects that it is considering for funding. EERE must determine at the earliest possible time whether any proposed project qualifies for a categorical exclusion under 10 C.F.R. § 1021.410 or will require further environmental review within an environmental assessment or an environmental impact statement.

You are required to answer the questions below for the project as a whole, including all work to be performed by the Recipient, its subrecipients and contractors, including any work outside of the United States. You may not limit your responses to work performed by the Recipient only unless instructed to do so by EERE. In completing this questionnaire, you must provide specific information regarding the nature of your proposed project, including information on its size, operations, and the types and quantities of air emissions, wastewater discharges, solid wastes, land disturbances, etc. You should identify the location(s) of the proposed project and describe the activities that would occur at each location.

The form should be completed and signed by the Principal Investigator for the project or another member of your organization who has sufficient knowledge of the project to answer the questions truthfully and accurately.

Failure to fully and adequately complete this form will delay EERE's environmental review of your proposed project. Please note that false statements or misrepresentations may result in civil and/or criminal penalties under 18 U.S.C. § 1001.

BURDEN DISCLOSURE STATEMENT
Public reporting burden for this collection of information is estimated to average 60 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to Office of Information Resources Management Policy, Plans, and Oversight, AD-241-2-GTN, Paperwork Reduction Project (1910-1800), U.S. Department of Energy, 1000 Independence Avenue S.W., Washington, D.C. 20585; and to the Office of Management and Budget (OMB), Paperwork Reduction Project (1910-1800), Washington, D.C. 20503.

<<< Back

Next >>>

You should now see the first page of the questionnaire starting with question 1a. Each question will have an example of the type of information you should enter into the field.

The EQ-1 has 13 total questions: question 1 has three parts (a, b, and c) and question 2 has eight parts (a, b, c, d, e, f, g, and h). See screenshots of all questions.

Environmental Questionnaire Submission Status

STEP 4: SECTION III. PROJECT EVALUATION

***1a. In the box below, please provide a brief summary of the proposed project activities. Describe physical activities, not goals and objectives. Specify if this project is part of a larger project or connected to another project.**

Example: The proposed project activities include the design, development, fabrication, and field testing of advanced biomass harvesting equipment. Design, development, and fabrication activities would occur at our research and development facility adjacent to our manufacturing plant in Dearborn, Michigan. Equipment testing would occur in various agricultural fields in the surrounding area over a two-year period.

<<< Back Next >>>

Environmental Questionnaire Submission Status

STEP 5: SECTION III. PROJECT EVALUATION (continued)

***1b. Is there other Federal government involvement outside of EERE in any aspect of this project (e.g., funding, permitting, technical assistance, project located on Federally administered land)?**

☐ Yes ☐ No

<<< Back Next >>>

Please pay close attention to question 1c as displayed below. Only answer “Yes” to question 1c if your project will only include intellectual, academic, and analytical activities, including the examples provided. If your proposed project is a demonstration project or includes land-disturbances, construction, or similar activities, answer “No” to question 1c.

Answering “Yes” to question 1c means that you have completed the EQ-1.

If your proposed project includes any activities besides intellectual, academic, and analytical activities, a “No” answer is required to question 1c, and you must complete all 13 questions in the EQ-1.

Click on “Next” to continue to advance to the next screen.

Environmental Questionnaire Submission Status

STEP 6: SECTION III. PROJECT EVALUATION (continued)

*1c. Is the proposed project limited exclusively to intellectual, academic, or analytical activities?

Intellectual, academic, and analytical activities include, but are not limited to:

• Literature searches and information gathering	• Feasibility studies
• Data analysis	• Document preparation
• Computer modeling	• Data dissemination
• Analytical reviews	• Paper studies
• Conceptual design	

You must answer “No” to this question if the proposed project involves any laboratory research and/or development, physical experiments, pilot-scale projects, demonstration projects, field tests, land-disturbance, construction, or similar activities.

☐ Yes ☒ No

<<< Back Next >>>

Environmental Questionnaire Submission Status

STEP 7: SECTION III. PROJECT EVALUATION (continued)

*2a. Is the project fully defined at this point (i.e., all sites and activities are known)?

☒ Yes ☐ No

<<< Back Next >>>

Environmental Questionnaire Submission Status

STEP 8: SECTION III. PROJECT EVALUATION (continued)

***2b.** In the chart below, please describe the following four types of identifying information concerning project activities to be performed:

- (1) each location where work would be performed, including address or coordinates, names of facilities, and whether this is a Recipient, Subrecipient, or Contractor location;
- (2) the nature of the location (e.g., urban, industrial, suburban, agricultural, university campus, manufacturing facility) and the current condition and/or use of the site;
- (3) the types of activities to be conducted at that location;
- (4) land administration (e.g., BLM, USFWS, DOD, state, private).

Examples

(1) List all Locations Where Project Activities Would Occur (Facility Name and Address or Coordinates) and Indicate Recipient, Subrecipient, or Contractor	(2) Nature of Location and Current Condition/Use	(3) Activities to be Performed at Each Location	(4) Land Administration
Example 1: Smith Laboratory Prime recipient 1234 College Lane Baltimore, MD 21210-2404 XYZ Corporation Subrecipient 1232 Industrial Drive Golden, CO 80401-3111	Smith Laboratory - Dedicated University Laboratory Facility XYZ Corporation - Manufacturing Facility in Industrial Park	Activities would include design and fabrication of a gallium-nitrate battery at XYZ Corporation's battery manufacturing facility using existing equipment. The battery would then undergo testing including battery charge/discharge cycling at Smith Laboratory. Data analysis would also occur at Smith Laboratory.	Smith Laboratory - State property XYZ Corporation - Private property
Example 2: Capital High School Prime recipient 1234 Eagle Lane Golden, CO 80401-4546 Lat. 39.7405, Long. -105.167	High school property in a suburban environment that has been previously disturbed and is owned by the City.	Activities would include the installation of a 50 kW wind turbine adjacent to the football stadium. The final height for the turbine would not exceed 140 feet (hub height) or 170.6 feet (maximum blade height) with a blade radius of 31.5 feet. There is an airport 15 miles away from project site location.	City
Example 3: Coastal University Prime recipient 555 Study Drive Bay Harbor, SC 29577-3946 Bay Harbor Pier Lat. 33.18762, Long. -79.53720	Coastal University - Dedicated University Laboratory Facility Bay Harbor Pier - Existing boat launch/dock area of pier - currently utilized by Coastal University for marine studies.	Bird and bat environmental monitoring and data analysis. A model XYZ-aviarbat passive recording device would be installed at the Bay Harbor Pier on an existing platform. This would be used for 12 months and data would be remotely downloaded monthly. The University has a current access and use agreement from Bay Harbor City to conduct research at this location. Data would be analyzed at the Coastal University Laboratory Facility.	City owned and operated pier.
Example 4: Geothermal leases in Buffalo Valley, Pershing and Lander Counties Nevada. Prime Recipient. Lat. 40.36 Long. -117.38	Federal leases located on BLM-managed lands and private leases held by the recipient.	Magnetotelluric (MT) survey, 2-meter soil probe survey, seismic survey, temperature gradient (TG) well drilling program (~10 wells) followed by stem well confirmation drilling (~2 wells). Maps showing the locations of the MT, 2 meter soil probe, and seismic surveys have been uploaded into the Project Management Center. Locations of TG and stem wells will be provided once locations have been determined based on the results of the survey work.	BLM (Battie Mountain and Winnemucca District Offices) and private

*Please enter at least 1 location and description below to proceed

***1(a) Is this location the Principal Place of Performance?** ☐ Yes ☐ No

***1(b) Is this a subrecipient location?** ☐ Yes ☐ No

1(c) Facility Name:

***1(d) Is Place of Performance in a foreign country?** ☐ Yes ☐ No

Address:

City: **State:** **Zip +4:** [ZipCode Lookup](#)

And/Or **Lat:** **Long:**

For assistance in determining latitude and longitude, go to Google maps, right click on your location and lat and long will display. Latitude and Longitude will be auto-truncated in excess of 6 digits after the decimal point

*** (2) Nature of Location and Current Condition/Use**

*** (3) Activities to be Performed at each Location**

*** (4) Land Administration**

Add Location Entry to Locations List

Project Locations and Activities List

Question 2b asks you to describe the locations where proposed project activities will occur. It is helpful to include the associated Task/Subtask number(s) of your Workplan for each activity described.

For each location provide the complete address. Follow [Zipcode Lookup](#) to locate Zip+4.

For assistance in determining latitude and longitude, go to Google maps, right click on your location, and lat and long will display.

Once you have entered an address for a location, click on "Add Location Entry to Locations List."

Once you add a location to the Project Locations and Activities List, then you will be able to enter subsequent locations.

Click the "Next" button to continue.

Environmental Questionnaire Submission Status

STEP 9: SECTION III. PROJECT EVALUATION (continued)

***2c. In the box below, please identify and describe: (1) any known or potential health and safety hazards to the public or project workers that may result from or are associated with your proposed project; and (2) any efforts that would be taken to mitigate these hazards. Describe individually for each site discussed in Question 2b.**

Example (Hazards): The project would involve the use and handling of various hazardous materials, including metals and industrial solvents. All such handling would occur in-lab, and our organization is dedicated to proper hazardous material handling and disposal practices, so the project activities that involve these materials would pose no risk to the public. All hazardous materials would be managed in accordance with Federal, state, and local environmental regulations.

Example (Mitigation): Existing corporate health and safety policies and procedures would be followed, including employee training, proper protective equipment, engineering controls, monitoring, and internal assessments. Additional policies and procedures would be implemented as necessary as new health and safety risks are identified. This would help ensure compliance with applicable health and safety regulations, and minimize health and safety risks to employees and the public.

<<< Back

Next >>>

Environmental Questionnaire Submission Status

STEP 10: SECTION III. PROJECT EVALUATION (continued)

***2d. In the box below, please identify and describe any of the following that would be associated with the proposed project. Describe individually for each site discussed in Question 2b.**

- any physical modification of existing facilities or construction of new facilities (this does NOT include modification to equipment, only facilities);
- ground disturbing activities;
- any change in the use, mission, or operation of existing facilities;
- installation or deployment of equipment outdoors including the area of disturbance, what currently exists at the site, the dimensions of the installation, any associated infrastructure, etc.

Example 1: Physical modification of existing facilities and ground disturbing activities - To accommodate testing facilities necessary for the project, the current testing facility would have to be expanded by approximately 4,500 square feet.

Example 2: Change in use of existing facility - A room within our facility that has served as a dedicated wind tunnel would be modified to serve as an environmental test chamber. This would require the adaptation of the chamber's construction to partition off part of the room and seal it to allow generated environmental fluctuations within.

Example 3: Installation of equipment outdoors and ground disturbing activities - The proposed turbine location is on school property located in a previously disturbed area south of the existing school building and near the high school athletic facilities and fields. East of the school are two golf courses; south and north are single family residential neighborhoods; and to the west are two public park properties. There are wooded areas located on the school property to the south and west. The foundation of the wind turbine would be approximately 25 square feet with an additional 5 square feet of disturbance during construction. The foundation would be approximately 10-15 feet in depth. There would be a minor, temporary land disturbance adjacent to the proposed site for crane work and the tower staging area. Existing roads would be used to access the project location.

Next >>>

Environmental Questionnaire Submission Status

STEP 11: SECTION III. PROJECT EVALUATION (continued)

- *2e. In the box below, please identify and describe any existing, modifications to, or new permits, licenses, or authorizations that would be required to perform project activities (such as environmental permits, operating permits, or drilling permits). Describe individually for each site discussed in Question 2b**

Example 1: The project would generate small amounts of effluent waste which will be discharged into the Potomac River, requiring our organization to secure the requisite discharge permit pursuant to state and Federal regulations.

Example 2: The project activities would be conducted for the next three years. We would be required to replace our current solid waste disposal permit with an updated permit that may alter the nature of what and how we are permitted to dispose of solid waste.

Example 3: The project activities would take place in marine navigable waters and would require permits from the U.S. Coast Guard and the U.S. Army Corps of Engineers.

<<< Back

Next >>>

Environmental Questionnaire Submission Status

STEP 12: SECTION III. PROJECT EVALUATION (continued)

- *2f. In the box below, please list the estimated quantities of materials to be used (e.g., feedstock, chemicals, water) and produced by the project (e.g., biofuel). Describe individually for each site discussed in Question 2b.**

<<< Back

Next >>>

Environmental Questionnaire Submission Status

STEP 13: SECTION III. PROJECT EVALUATION (continued)

***2g. In the box below, please quantify, to the extent possible, all emissions into the ambient air resulting from project activities. Indicate if the project site is within an attainment or non-attainment area. Describe air emissions individually for each site discussed in Question 2b.**

Note: Potential emissions include, but are not limited to, greenhouse gas emissions, particulate matter and airborne pollutants. Sources of emissions can include stationary sources, such as boilers, process heaters, generators, solvent usage, or mobile sources such as vehicles. It is presumed that every project would result in some emissions being released into the ambient air, so applicants answering "none" must explain why no emissions would be released. Non-attainment areas are designated parts of the country where air pollution levels persistently exceed the national ambient air quality standards. See [42 U.S.C. 7501\(2\)](#).

<<< BackNext >>>

Environmental Questionnaire Submission Status

STEP 14: SECTION III. PROJECT EVALUATION (continued)

***2h. In the box below, please describe: (1) all non-hazardous wastes that would be generated by the proposed project including recycled materials; and (2) the method of their disposal. Describe individually for each site discussed in Question 2b.**

* Note: It is presumed that every project would generate solid wastes, so applicants answering "none" must explain why no waste would be generated. Non-hazardous waste is any garbage, refuse or trash, sludge from a wastewater treatment plant, water supply treatment plant, or air pollution control facility and other discarded material, including solid, liquid, semi-solid, or contained gaseous material resulting from industrial, commercial, mining, and agricultural operations, and from community activities. See 40 CFR § 261.2.

Environmental Questionnaire Submission Status

STEP 15: SECTION III. PROJECT EVALUATION (continued)

*3. Is the proposed project near, or does it involve, any of the following resources?

☐ Yes ☐ No

Please indicate below any and all resources that could be affected by any project activities. (See [Attachment 1](#) to the Environmental Questionnaire for resource definitions.)

- | | |
|---|--|
| <input type="checkbox"/> a. Historical, archeological, or cultural resources (includes listed and eligible resources over 50 years old or of cultural significance) | <input type="checkbox"/> g. Land resources (e.g., tundra, rainforests) |
| <input type="checkbox"/> b. Threatened or endangered species (whether proposed or listed by state or Federal governments), including their habitat | <input type="checkbox"/> h. Coastal zones |
| <input type="checkbox"/> c. Marine mammals or essential fish habitat | <input type="checkbox"/> i. Migratory birds, Golden or Bald Eagles |
| <input type="checkbox"/> d. Floodplains or wetlands | <input type="checkbox"/> j. Areas having a special designation (e.g., Federal and state designated wilderness areas, national parks, national natural landmarks, wild and scenic rivers, state and Federal wildlife refuges, and marine sanctuaries) |
| <input type="checkbox"/> e. Tribal lands or resources of Tribal interest/sensitivity | <input type="checkbox"/> k. Prime farmland, unique farmland, or other farmland of statewide or local importance |
| <input type="checkbox"/> f. Ocean resources (e.g., coral reefs) | <input type="checkbox"/> l. Special sources of water (e.g., sole source aquifers) |

*If you checked any boxes above, please provide a detailed description of: (1) the resources that could be affected, and (2) how project activities may affect those resources.

Environmental Questionnaire Submission Status

STEP 16: SECTION III. PROJECT EVALUATION (continued)

*4. Does the proposed project involve any of the following activities or areas of concern?

☐ Yes ☐ No

If yes, please indicate below any and all activities or areas of concern that exist in the vicinity of your project, are required for your project, or could affect your project. (See [Attachment 1](#) for definitions of each activity or area of concern.)

- | | |
|--|---|
| <input type="checkbox"/> a. Clearing or excavation | <input type="checkbox"/> f. Polychlorinated biphenyls (PCBs) |
| <input type="checkbox"/> b. Dredge and/or fill | <input type="checkbox"/> g. Navigable air space |
| <input type="checkbox"/> c. Pre-existing contamination | <input type="checkbox"/> h. Underground storage tanks |
| <input type="checkbox"/> d. Pesticide use | <input type="checkbox"/> i. Underground extraction/injection |
| <input type="checkbox"/> e. Asbestos or lead-based paint | <input type="checkbox"/> j. Use of a non-renewable resource |
| | <input type="checkbox"/> k. Unmanned Aircraft Systems (e.g. drones) |

*If you checked any boxes above, provide a detailed description of: (1) each activity or area of concern, and (2) the effects of each activity or area of concern on your project and/or the surrounding area.

<<< Back

Next >>>

Environmental Questionnaire Submission Status

STEP 17: SECTION III. PROJECT EVALUATION (continued)

*5. Would the proposed project have the potential to result in impacts to the surrounding community?

☐ Yes ☐ No

If yes, please indicate below all areas of concern that exist in the vicinity of your project, are required for your project, or could affect your project.

<input type="checkbox"/> a. Visual impacts	<input type="checkbox"/> e. New transportation access
<input type="checkbox"/> b. Populations of low income or minorities (Environmental Justice)	<input type="checkbox"/> f. New utility lines or right-of-ways
<input type="checkbox"/> c. Changes in local employment	<input type="checkbox"/> g. Other impacts
<input type="checkbox"/> d. Changes in local traffic patterns or density	

* If you checked any boxes above, provide a detailed description of: (1) the communities affected, and (2) what effects the project would have.

Comments for the DOE Technical Project Officer/Environmental Compliance Officer

☒ I hereby certify that I am authorized to submit, and I do so hereby submit, the information in this questionnaire on behalf of the Recipient named below. I certify that the information provided herein is accurate and complete as of the date shown below. I understand that false statements or misrepresentations may result in civil and/or criminal penalties under 18 U.S.C. § 1001. If I receive any information that would indicate that any of the above-referenced answers are no longer correct or complete, I agree to notify EERE immediately. If it is necessary for EERE to modify the information I provide, EERE will request that I recertify the revised form.

I understand that by submitting this form, I am electronically signing this document.

Step B7: It is important to note that if you wish to return to edit your EQ-1 or upload additional documentation, you will not create a new EQ-1. When you login to the PMC, click on the “NEPA EQ Submissions” tab found on the top banner. A list of current projects you have created will be displayed. Click on the “Update the DOE EQ-1” link for the project you wish to edit.

At this point you may also upload any additional documentation to supplement your environmental questionnaire by clicking on “Update the DOE EQ-1” link.

(C) Quarterly Reports – PMC Upload

As a Selectee, you may register for a PMC account and submit an EQ-1 as required for your proposed project. However, you may not submit reports to the PMC until the Grants Officer approves your award and your Award Number is available in the PMC.

In general, quarterly reports submitted to the PMC include the Quarterly Progress Report and the Federal Financial Report (SF-425). Each quarter, your Project Monitor will send you email reminders to complete and upload these required reports by the due date. As part of that reminder, you will receive links to a sample progress report format and the [Grants.gov](https://www.grants.gov) website where the most recent version of the SF-425 form is maintained.

Quarterly reports are due 30 days after the end of each quarter. For example, for the reporting quarter January 1 through March 31, your reports would be due no later than April 30.

Final reports (including Final Technical Report, final Federal Financial Report, and property forms) are due 120 days after your project end date. Instructions on submitting final reports, including which reports and forms are required, how to complete them, and where to submit them, will be emailed to you as you approach the end of your project's period of performance.

Quarterly Progress Report

There is not a required template for the progress report. However, each quarter your Project Monitor will provide you with a link to a sample format (see an image of the first page of the sample format below) to use. You are not required to use this sample format; however, you are required to provide comparable information as outlined in this template.

NOTE: You must complete the report and save the file to your computer before uploading it to the PMC. You cannot complete this report on-line in the PMC.

- Award Number: [Insert Award No. DE-IE00000XX]
- Project Manager: [Name, address, telephone, email address]
- Business Contact: [Name, address, telephone, email address]
- Partners: [List names of all participants doing work on the project and identify cost-sharing partners.]
- DOE Project Officer: [Project Officer, telephone, email address]
- Project Monitor (Contractor): [Project Monitor, telephone, email address]
-
1. **Project Objective:** [Write a brief description (two or three sentences) of the overall project objectives. This Objective should not be updated for the life of this award.]
 2. **Background:** [Outline the reason(s) for the project; the issues being addressed, and a brief summary of work completed in prior projects. This Background does not need to be updated for the life of this award.]
 3. **Publications / Presentations:** [List all publications and presentations made for industry or government groups related to this project. Add to this list as needed.]
 4. **Progress in Past Quarter and Current Status:** [Include the activities performed during the reporting period, and identify any issues or concerns related to tasks, schedule or budget. Progress should be reported relative to the approved tasks identified in the Statement of Project Objectives.]
 5. **Plans for Next Quarter:** [This section should identify activities to be performed during the next quarter.]
 6. **Changes/Problems:** [Describe any changes in approach, problems or delays encountered, and impacts on expenditures.]

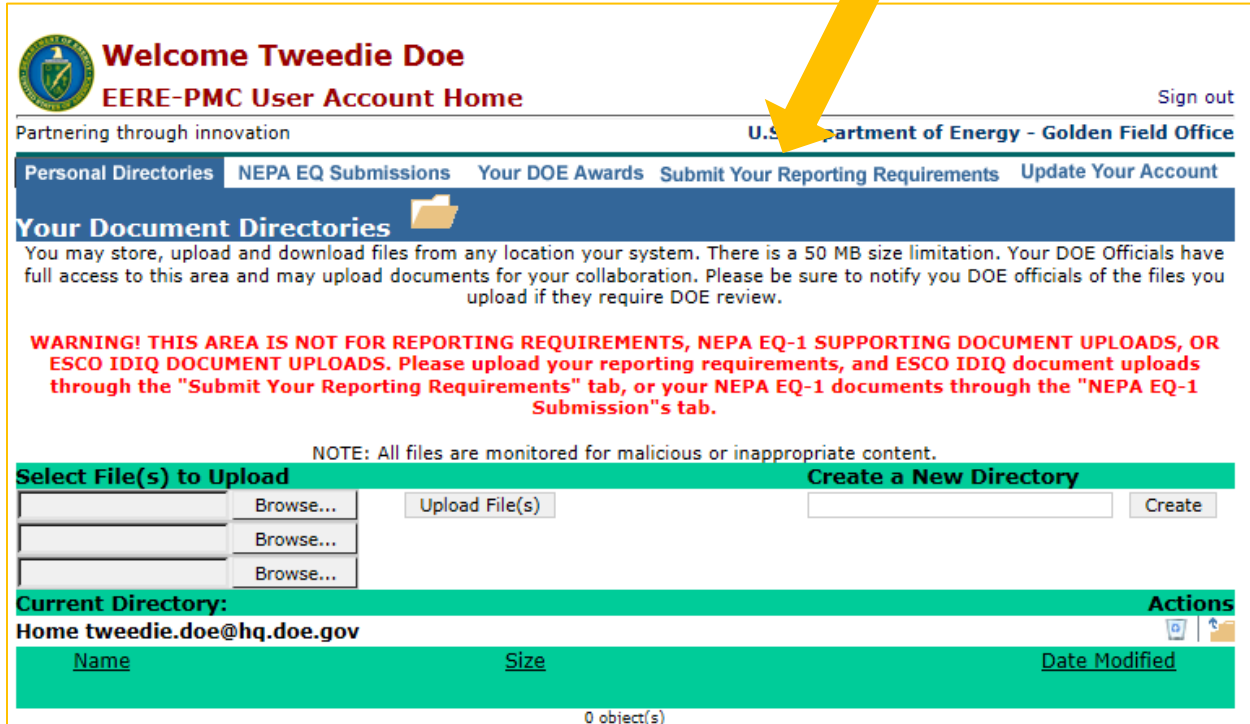

Submitting your Quarterly Reports to the PMC

Step C1: After logging into your PMC account, you must click on the “[Submit Your Reporting Requirements](#)” tab on the top of the page to begin the process of uploading your quarterly reports.

Your Document Directories

You may store, upload and download files from any location your system. There is a 50 MB size limitation. Your DOE Officials have full access to this area and may upload documents for your collaboration. Please be sure to notify you DOE officials of the files you upload if they require DOE review.

WARNING! THIS AREA IS NOT FOR REPORTING REQUIREMENTS, NEPA EQ-1 SUPPORTING DOCUMENT UPLOADS, OR ESCO IDIQ DOCUMENT UPLOADS. Please upload your reporting requirements, and ESCO IDIQ document uploads through the "Submit Your Reporting Requirements" tab, or your NEPA EQ-1 documents through the "NEPA EQ-1 Submission"s tab.

NOTE: All files are monitored for malicious or inappropriate content.

Select File(s) to Upload

Submit Your Reporting Requirements

Federal Energy Management Program (FEMP) Contractors

If you are a Federal Energy Management Program (FEMP) ESCO Contractor uploading award documents to your ESPC IDIQ task order, please follow the link below.

[Click this Link if you are an ESCO Submitting Requirements to Task Order](#)

Award Recipients

If you are listed as the primary Business or Technical contact on the DOE Award Contract, choose the "Upload New Document to this Award" to upload documents directly to the Award. If you are not listed as the primary Business or Technical contact, you may still upload your reporting requirements through the link provided below.

[Click this Link to Enter Award Number and Submit Reporting Requirements](#)

Your Previously Uploaded Reports

If you are listed as the primary Business or Technical contact on the DOE Award Contract, the previously uploaded award documents are listed below by DOE Award number.

DOE AWARD NUMBER: DE-EE0000739		Upload New Document to this Award +
Project Title: EECBG Program - Anne Arundel County, Maryland		View the Printable FARC for this Award
File Name	File Type	Uploaded
DOE AWARD NUMBER: DE-EE0000743		Upload New Document to this Award +
Project Title: EECBG Program - County of Montgomery, MD		View the Printable FARC for this Award
File Name	File Type	Uploaded
		Upload New Document to this Award +

Step C3: In the box next to “Enter Award Number,” enter your award number starting with IE followed by seven digits (for example, IE0000123) and click on the “Click to Upload Document to the Award” button indicated below.
