ORDER GRANTING BLANKET AUTHORIZATION
TO EXPORT NATURAL GAS TO CANADA

DOE/HGEO ORDER NO. 5387

FEBRUARY 10, 2026

I. **DESCRIPTION OF REQUEST**

On December 16, 2025, EOG Ohio, LLC (EOG Ohio) filed an application with the Hydrocarbons and Geothermal Energy Office (HGEO) of the Department of Energy (DOE) requesting blanket authorization under section 3 of the Natural Gas Act (NGA)¹ for the authority summarized in the list below. The applicant requests the authorization for a two-year term beginning on March 18, 2026.² EOG Ohio is a Delaware limited liability company with its principal place of business in Houston, Texas.

1. Export up to 146 billion cubic feet (Bcf) of natural gas to Canada by pipeline at any point on the border between the United States and Canada

II. **FINDING**

DOE has evaluated the application to determine if the proposed import and/or export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under NGA section 3(c), imports and exports of natural gas, including liquefied natural gas (LNG), from or to any country with which the United States has entered into a free trade agreement (FTA) requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest.³ DOE must grant such applications without modification or delay.⁴ The authorization sought by EOG Ohio meets the NGA section 3(c) criteria, and, therefore, is deemed to be consistent with the public interest.

1. On November 20, 2025, the Office of Fossil Energy and Carbon Management (FECM) changed its name to the Hydrocarbons and Geothermal Energy Office (HGEO). Authority to regulate the imports and exports of natural gas, including liquefied natural gas, under section 3 of the NGA (15 U.S.C. § 717b) has been delegated to the Assistant Secretary for FECM (now the Assistant Secretary for HGEO) in Redelegation Order No. S4-DEL-FE1-2023, issued on April 10, 2023.

2. EOG Ohio's blanket authorization, granted in DOE/FECM Order No. 5110, extends through March 17, 2026.

3. 15 U.S.C. § 717b(c).

Monthly reports must be filed whether or not initial deliveries have begun. If no imports and/or exports have been made, a report of "no activity" for that month must be filed. These Guidelines are available at: <https://www.energy.gov/hgeo/guidelines-filing-monthly-reports>.
