PH GROUP LLC

DOCKET NO. 25-157-LNG

ORDER GRANTING BLANKET AUTHORIZATION
TO IMPORT LIQUEFIED NATURAL GAS FROM CANADA BY TRUCK

DOE/HGEO ORDER NO. 5388

FEBRUARY 10, 2026

I. DESCRIPTION OF REQUEST

On December 23, 2025, PH Group LLC (PH Group) filed an application with the Hydrocarbons and Geothermal Energy Office (HGEO) of the Department of Energy (DOE) requesting blanket authorization under section 3 of the Natural Gas Act (NGA)¹ for the authority summarized in the list below. The applicant requests the authorization for a two-year term beginning on February 10, 2026. PH Group is a North Dakota limited liability company with its principal place of business in Alexander, North Dakota.

1. Import liquefied natural gas (LNG) from Canada by truck, up to a total volume equivalent to 1 billion cubic feet (Bcf) of natural gas, at any LNG receiving facility in the United States and its territories

II. FINDING

DOE has evaluated the application to determine if the proposed import and/or export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under NGA section 3(c), imports and exports of natural gas, including LNG, from or to any country with which the United States has entered into a free trade agreement (FTA) requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest.² DOE must grant such applications without modification or delay.³ The authorization sought by PH Group meets the NGA section 3(c) criteria, and, therefore, is deemed to be consistent with the public interest.

ORDER

Pursuant to section 3(c) of the NGA, it is ordered that:

A. PH Group is authorized for the activity described below. This authorization shall be effective for a two-year term beginning on February 10, 2026, and extending through February 9, 2028.

1. Import LNG from Canada by truck, up to a total volume equivalent to 1 Bcf of natural gas, at any LNG receiving facility in the United States and its territories

1. On November 20, 2025, the Office of Fossil Energy and Carbon Management (FECM) changed its name to the Hydrocarbons and Geothermal Energy Office (HGEO). Authority to regulate the imports and exports of natural gas, including liquefied natural gas, under section 3 of the NGA (15 U.S.C. § 717b) has been delegated to the Assistant Secretary for FECM (now the Assistant Secretary for HGEO) in Redelegation Order No. S4-DEL-FE1-2023, issued on April 10, 2023.

2. 15 U.S.C. § 717b(c).

3. *Id.*

B. Monthly Reports: With respect to the imports and/or exports authorized by this Order, PH Group shall file with the Office of Global Energy Security, within 30 days following the last day of each calendar month, a report on Form FE-746R indicating whether imports and/or exports have been made. Monthly reports must be filed whether or not initial deliveries have begun. If no imports and/or exports have been made, a report of "no activity" for that month must be filed. If imports and/or exports have occurred, the report must provide the information specified for each applicable activity and mode of transportation, as set forth in the Guidelines for Filing Monthly Reports. These Guidelines are available at: <https://www.energy.gov/hgeo/guidelines-filing-monthly-reports>.

(Approved by the Office of Management and Budget under OMB Control No. 1901-0294)

C. The first monthly report required by this Order is due not later than March 30, 2026, and should cover the reporting period from February 10, 2026 through February 28, 2026.

Issued in Washington, D.C., on February 10, 2026.
