DEPARTMENT OF ENERGY  
OFFICE OF FOSSIL ENERGY AND CARBON MANAGEMENT

ST LNG LLC

Docket No. 25-155-LNG

**Motion to Intervene of Public Citizen, Inc.**

Public Citizen, Inc. submits a motion to intervene in this proceeding. Established in 1971, Public Citizen is a national, not-for-profit, non-partisan, research and advocacy organization representing the interests of household consumers. We have over 1 million members and supporters across the United States who pay utility bills that are impacted by the pricing influence of natural gas exports. Public Citizen is active both before the Federal Energy Regulatory Commission promoting just and reasonable rates, and the U.S. Department of Energy raising concerns about the effect LNG exports have on domestic prices. Natural gas consumption by eight LNG export terminals now exceeds the gas consumed by the more than 73 million U.S. households that are served by natural gas utilities and the five million commercial gas utility customers *combined*.<sup>1</sup> Public Citizen authors widely disseminated research on the impact LNG exports have on increasing domestic energy burdens. Public Citizen has a direct interest in ST LNG's application to export natural gas because of the impact it has on domestic energy affordability. Our interests in this proceeding are unique, and cannot be represented by any other party. Financial details about our organization are on our web site.<sup>2</sup>

Respectfully Submitted,

*Tyson Slocum*
