DOCKET NO. 26-24-NG

ORDER GRANTING BLANKET AUTHORIZATION
TO EXPORT NATURAL GAS TO CANADA

DOE/HGEO ORDER NO. 5402

MARCH 19, 2026

I. DESCRIPTION OF REQUEST

On March 6, 2026, Irving Oil Limited (Irving Oil) filed an application with the Hydrocarbons and Geothermal Energy Office (HGEO) of the Department of Energy (DOE) requesting blanket authorization under section 3 of the Natural Gas Act (NGA)¹ for the authority summarized in the list below. The applicant requests the authorization for a two-year term that began on March 17, 2026.² Irving Oil is a Canada corporation with its principal place of business in Saint John, New Brunswick, Canada.

1. Export up to 58 billion cubic feet (Bcf) of natural gas to Canada by pipeline at any point on the border between the United States and Canada

II. FINDING

DOE has evaluated the application to determine if the proposed import and/or export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under NGA section 3(c), imports and exports of natural gas, including liquefied natural gas (LNG), from or to any country with which the United States has entered into a free trade agreement (FTA) requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest.³ DOE must grant such applications without modification or delay.⁴ The authorization sought by Irving Oil meets the NGA section 3(c) criteria, and, therefore, is deemed to be consistent with the public interest.

1. On November 20, 2025, the Office of Fossil Energy and Carbon Management (FECM) changed its name to the Hydrocarbons and Geothermal Energy Office (HGEO). Authority to regulate the imports and exports of natural gas, including liquefied natural gas, under section 3 of the NGA (15 U.S.C. § 717b) has been delegated to the Assistant Secretary for FECM (now the Assistant Secretary for HGEO) in Redefinition Order No. S4-DEL-FE1-2023, issued on April 10, 2023.

2. Irving Oil's blanket authorization, granted in DOE/FECM Order No. 5111, extended through March 16, 2026.

3. 15 U.S.C. § 717b(c).
