Re: Freeport LNG Expansion, L.P., FLNG Liquefaction, LLC, FLNG Liquefaction 2, LLC, and FLNG Liquefaction 3, LLC (collectively, "FLEX")

FE Docket Nos. 10-160-LNG, 10-161-LNG, 11-160-LNG, 11-161-LNG, 12-06-LNG

FILING OF GAS SUPPLY CONTRACT PURSUANT TO DOE/FE ORDER NOS.
2913, 3066, 3282, 3357, 3957 AND 4961

In accordance with (i) Ordering Paragraph D of DOE/FE Order No. 2913 (February 10, 2011); (ii) Ordering Paragraph D of DOE/FE Order No. 3066 (February 10, 2012); (iii) Ordering Paragraph I of DOE/FE Order Nos. 3282 and 3357 (November 14, 2014); (iv) Ordering Paragraph I of DOE/FE Order No. 3957 (December 19, 2016), and (v) Ordering Paragraph E of DOE/FE Order No. 4961 (March 3, 2023), each as may have been amended from time to time, FLEX hereby informs DOE/FE of a Transaction Confirmation with a term commencing on April 1, 2026 between NextEra Energy Marketing, LLC and Freeport LNG Marketing, LLC (the "**Contract**") under an existing (and previously filed) North American Energy Standards Board, Inc. Base Contract for Sale and Purchase of Natural Gas entered into between the parties on September 13, 2021, and associated with the long-term supply of natural gas to the Freeport LNG terminal. Accordingly, FLEX hereby submits for filing a summary of the Contract's major provisions for public posting (See Exhibit A) and, separately and under seal, a non-redacted copy of the Contract (sent via electronic mail to fergas@hg.doe.gov simultaneously with this letter).

FLEX respectfully requests the DOE/FE to keep the non-redacted Contract documents confidential. FLEX submits that the Contract meets the six criteria set forth in 10 C.F.R. § 1004.11(f) of the DOE regulations for determining whether information is exempt from mandatory disclosure pursuant to Exemption 4 of the Freedom of Information Act, 5 U.S.C. § 552(b)(4):

1. The Contract has been held in confidence by FLEX and FLEX's counterparties, and the Contract contains a confidentiality provision (the confidentiality provision for the Transaction Confirmation is contained in the NAESB Base Contract and special provisions);
2. The Contract contains information of a type that is customarily held in confidence by the parties, and there is a reasonable basis to keep sensitive commercial, technical, and financial terms, including but not limited to pricing terms, confidential to avoid competitive harm. The LNG market is an intensely competitive global market. Disclosure of the contents of the Contract could make FLEX's or its affiliates' proprietary business policies and procedures, commercial strategies, and trade secrets, including how FLEX's and its affiliates' purchase and sales transactions are structured, known to FLEX's and its affiliates' business competitors;

3. FLEX is submitting the Contract to the DOE/FE under seal, with a request to keep the Contract confidential;
4. The Contract is not publicly available;
5. Public disclosure of the Contract by DOE/FE is likely to cause other export license holders or registrants to be reluctant to submit non-redacted copies of their gas supply agreements to DOE/FE; thus, public disclosure could impair DOE/FE's ability to obtain similar information from others in the future; and
6. Public disclosure of the Contract is likely to cause substantial harm to the competitive position of FLEX. If FLEX's or its affiliates' confidential commercial, financial and technical information is allowed to enter the public domain, it would allow FLEX's and its affiliates' competitors to gain an unfair competitive advantage over FLEX and its affiliates in national and global markets.

For the foregoing reasons, FLEX respectfully requests that the non-redacted copies of the Contract be kept confidential by DOE/FE. The Contract contains pricing and other competitively sensitive commercial information that is exempt from disclosure under the Freedom of Information Act, 5 U.S.C. § 552(b)(4), and under the DOE regulations, 10 C.F.R. §§ 590.202(e) and 1004.11.

Thank you for your attention in this matter. If you have any questions concerning this filing, please do not hesitate to contact the undersigned.

Respectfully submitted,
