Terminal, may be commercially sensitive.”³ DOE has provided that, should the Rio Grande Entities file, or cause to be filed, long-term contracts under seal, they also must file either: (i) a copy of the long-term contract with commercially sensitive information redacted, or (ii) a summary of all major provisions of the contract.

The Agreement contains significant, sensitive privileged and confidential information that is both commercial and financial, the release of which would cause competitive and financial harm to the Parties by providing such proprietary, commercially valuable information to competitors and future counterparties. Therefore, the Agreement is being provided to DOE under seal, via overnight mail. In this regard, and consistent with Order Nos. 3869 and 4492, Attachment A hereto provides a public summary of the major provisions of the Agreement.
