**Re: Texas LNG Brownsville, LLC - Submission of Long-Term Contract and Summary
DOE/FE Docket No. 15-062-LNG; DOE/FE Order Nos. 3716, 4489**

Dear Ms. Sweeney:

Pursuant to Ordering Paragraph D of DOE/FE Order 3716, and Ordering Paragraph I of DOE/FE Order 4489, Texas LNG Brownsville LLC (“**Texas LNG**”) submits for filing under seal by mail, a non-redacted copy of an amended and restated long-term liquefaction tolling services agreement (“**Tolling Agreement**”) entered into with EQT LNG Trading LLC (“**EQT**”) as of March 20, 2026 for the long-term export of liquefied natural gas (“**LNG**”) from the Texas LNG terminal. The Tolling Agreement supersedes and replaces the prior agreement entered into by the parties on July 22, 2024.

As noted above, Texas LNG is submitting with this filing the Tolling Agreement entered into with EQT for tolling services for approximately 0.5 million tons per annum of LNG for a term of 20 years. Texas LNG respectfully requests confidential treatment of the Tolling Agreement to the greatest extent permitted by law because it contains highly confidential and commercially sensitive and proprietary information.

Consistent with Ordering Paragraph D of DOE/FECM Order 3716, and Ordering Paragraph I of DOE/FECM Order 4489, Texas LNG also includes with this filing a summary of the Tolling Agreement for public posting.
