DOCKET NO. 26-17-LNG

ORDER GRANTING BLANKET AUTHORIZATION  
TO IMPORT LIQUEFIED NATURAL GAS FROM VARIOUS INTERNATIONAL SOURCES BY VESSEL

DOE/HGEO ORDER NO. 5413

APRIL 16, 2026

## I. DESCRIPTION OF REQUEST

On February 12, 2026, Constellation LNG, LLC (Constellation LNG) filed an application with the Hydrocarbons and Geothermal Energy Office (HGEO) of the Department of Energy (DOE) requesting blanket authorization under section 3 of the Natural Gas Act (NGA)<sup>1</sup> for the authority summarized in the list below. The applicant requests the authorization for a two-year term beginning on May 15, 2026.<sup>2</sup> Constellation LNG is a Delaware limited liability company with its principal place of business in Baltimore, Maryland.

1. Import liquefied natural gas (LNG) from various international sources by vessel, up to a total volume equivalent to 100 billion cubic feet (Bcf) of natural gas, at any LNG import terminal in the United States and its territories

## II. FINDING

DOE has evaluated the application to determine if the proposed import and/or export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under NGA section 3(c), imports and exports of natural gas, including LNG, from or to any country with which the United States has entered into a free trade agreement (FTA) requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest.<sup>3</sup> DOE must grant such applications without modification or delay.<sup>4</sup> The authorization sought by Constellation LNG meets the NGA section 3(c) criteria, and, therefore, is deemed to be consistent with the public interest.
