Attention: Venture Global CP2 LNG, LLC
Docket No. 21-131-LNG

PRIVILEGED AND CONFIDENTIAL Submission of Contracts
and Summary of Major Provisions of Contracts for Public Posting

Dear Ms. Sweeney:

Venture Global CP2 LNG, LLC (“CP2 LNG”) was granted in Docket No. 21-131-LNG long-term, multi-contract authority to export liquefied natural gas (“LNG”) to (1) nations with which the United States has or subsequently enters into a Free Trade Agreement (“FTA”) requiring the national treatment of natural gas in Order No. 4812 issued on April 22, 2022 and (2) to nations with which there is not such an FTA but with which trade is not prohibited in Order No. 5264-A issued on October 21, 2025. Ordering Paragraph (D) of Order No. 4812 and Ordering Paragraph (F) of Order No. 5264-A require CP2 LNG to file a non-redacted copy of all executed long-term contracts associated with the long-term export of LNG from its Project within thirty days of contract execution. If a contract is filed under seal and subject to a claim of confidentiality or privilege, the Orders require CP2 LNG to file for public posting a summary of the non-proprietary, major provisions of the contract.

CP2 LNG has entered into three separate LNG Sales and Purchase Agreement (“SPAs”) with Venture Global Commodities, LLC, all of which are consolidated in this submission due to the commonality of the parties. The contracts are highly confidential and contain commercially valuable and proprietary information the disclosure of which would cause competitive and financial harm to the parties to the contracts. Therefore, CP2 LNG is submitting the attached summaries for public posting of the major, non-proprietary provisions of the three contracts. The summary utilizes the template typically followed by other LNG export projects, as well as by CP2 LNG itself, when filing such contracts.

LATHAM & WATKINS^{LLP}

In addition, CP2 LNG is contemporaneously transmitting a full and unredacted copy of the three contracts in a separate, confidential communication directed solely to the addressee. CP2 LNG respectfully requests that the contracts be treated and maintained as confidential to the greatest extent permitted by law.

If you have any questions about the filed SPAs, or related matters, please contact the undersigned counsel for CP2 LNG.

Sincerely,

/s/ J. Patrick Nevins _____
