DOCKET NO. 26-38-NG

ORDER GRANTING BLANKET AUTHORIZATION
TO IMPORT AND EXPORT NATURAL GAS
FROM AND TO CANADA AND MEXICO

DOE/HGEO ORDER NO. 5425

MAY 22, 2026

I. DESCRIPTION OF REQUEST

On April 13, 2026, Trafigura Trading LLC (Trafigura Trading) filed an application with the Hydrocarbons and Geothermal Energy Office (HGEO) of the Department of Energy (DOE) requesting blanket authorization under section 3 of the Natural Gas Act (NGA)¹ for the authority summarized in the list below. The applicant requests the authorization for a two-year term beginning on July 1, 2026.² Trafigura Trading is a Delaware limited liability company with its principal place of business in Houston, Texas.

1. Import natural gas from Canada by pipeline at any point on the border between the United States and Canada
2. Import natural gas from Mexico by pipeline at any point on the border between the United States and Mexico
3. Export natural gas to Canada by pipeline at any point on the border between the United States and Canada
4. Export natural gas to Mexico by pipeline at any point on the border between the United States and Mexico

Import and export authority was requested for up to a combined total volume equivalent to 550 billion cubic feet (Bcf) of natural gas.

1. On November 20, 2025, the Office of Fossil Energy and Carbon Management (FECM) changed its name to the Hydrocarbons and Geothermal Energy Office (HGEO). Authority to regulate the imports and exports of natural gas, including liquefied natural gas, under section 3 of the NGA (15 U.S.C. § 717b) has been delegated to the Assistant Secretary for FECM (now the Assistant Secretary for HGEO) in Redelegation Order No. S4-DEL-FE1-2023, issued on April 10, 2023.

2. Trafigura Trading's blanket authorization, granted in DOE/FECM Order No. 5133, extends through June 30, 2026.

II. **FINDING**

DOE has evaluated the application to determine if the proposed import and/or export arrangements meet the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under NGA section 3(c), imports and exports of natural gas, including liquefied natural gas (LNG), from or to any country with which the United States has entered into a free trade agreement (FTA) requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest.³ DOE must grant such applications without modification or delay.⁴ The authorization sought by Trafigura Trading meets the NGA section 3(c) criteria, and, therefore, is deemed to be consistent with the public interest.

ORDER

Pursuant to section 3(c) of the NGA, it is ordered that:

A. Trafigura Trading is authorized for the activity described in the list below. This authorization shall be effective for a two-year term beginning on July 1, 2026, and extending through June 30, 2028.
