## General Comment

Comment of Obelisk Tech Systems Inc. on Docket DOE\_FRDOC\_0001-5361 (Argent LNG Export Authorization). Obelisk identifies fifteen procedural and substantive defects under the Natural Gas Act (15 U.S.C. § 717b; 10 C.F.R. Part 590), NEPA (42 U.S.C. §§ 4321–4347; 40 C.F.R. Parts 1500–1508; 10 C.F.R. Part 1021), the UFLPA (Pub. L. 117-78), CFIUS / FIRRMA (Pub. L. 115-232), the Defense Production Act (50 U.S.C. §§ 4501–4568), the RFA (5 U.S.C. §§ 601–612), and Executive Orders 12866, 12898, 13175, 14005, 14008, 14017, and 14094. Defects include no documented NGA § 3 public interest determination; no NEPA EIS or Sabal Trail upstream/downstream analysis (Sierra Club v. FERC, 867 F.3d 1357); no Social Cost of Greenhouse Gases analysis under EO 14008 / OMB Circular A-4; no national security review or CFIUS coordination; no UFLPA Entity List screening; no DPA Title III analysis; no domestic price impact analysis; no EO 13175 tribal consultation; no EO 12898/14008 environmental justice analysis; no § 603 IRFA; no reasoned-explanation basis under State Farm, West Virginia v. EPA, or Loper Bright (2024); and no Buy American Act / BABA compliance review under EO 14005. Obelisk requests that DOE suspend authorization until defects are cured and prepare a full EIS. Full comment attached. — James H. Poole, Executive Chairman & CEO, Obelisk Tech Systems Inc. (CAGE: 9S0L8 | UEI: U34MSJ6A6413 | HUBZone-certified | ITAR-registered).
