General Comment

RE: Comment for Argent LNG, LLC; Application for Long-Term Authorization To Export Liquefied Natural Gas to Non-Free Trade Agreement Nations (Docket No. 26-28-LNG)

Dear Secretary Wright,

On behalf of all of our youth clients, including our clients in *Lighthiser v. Trump* and *Venner v. EPA*, and in the interest of America's children and youth, Our Children's Trust provides these comments on the Department of Energy's (DOE) "Argent LNG, LLC; Application for Long-Term Authorization To Export Liquefied Natural Gas to Non-Free Trade Agreement Nations" notice that Argent LNG requests for a long-term, multi-contract authorization to export domestically produced liquefied natural gas in a volume equivalent approximately 1,293.75 billion cubic feet of natural gas per year is unjustified by law, science, economic prosperity, energy security, or any other reason. In addition to being illegal, this authorization will accelerate fossil fuel development, worsening the adverse health effects of fossil fuel pollution resulting in further dangerous disruptions of the climate system on which these youths' health and lives depend.

As the Nation's only law firm dedicated to representing children and youth whose constitutional rights are being infringed by government conduct that causes and contributes to climate change, we write to advise you that your proposed action is an unconstitutional decision for a fossil fuel project to implement the President's Executive Orders 14154, 14156, and 14261, in violation of U.S. Const. amend. V, XIV, § 1. Your multiplicity of actions pursuant to those Executive Orders, including this effort to support this proposed project, also violate the separation of powers, by exceeding the authority the DOE has been delegated by Congress and by engaging in conduct that has a significant effect on U.S. public health, welfare and the economy, while lacking any scientific integrity as Congress has mandated. The DOE has

no statutory authority to allow pollution that deprives children and youth of their fundamental rights to life, personal security, family autonomy, bodily integrity, the practice and transmission of cultural and religious traditions, and children's equal protection of the law. U.S. Const. amend. V, XIV, § 1.

See attached comment.

Sincerely,

/s/
