HYDROCARBONS AND GEOTHERMAL ENERGY OFFICE

CHEVRON U.S.A. INC.

DOCKET NO. 26-33-LNG

ORDER GRANTING BLANKET AUTHORIZATION
TO IMPORT LIQUEFIED NATURAL GAS FROM VARIOUS INTERNATIONAL SOURCES BY VESSEL

DOE/HGEO ORDER NO. 5474

SEPTEMBER 15, 2026

I. **DESCRIPTION OF REQUEST**

On March 25, 2026, Chevron U.S.A. Inc. (Chevron U.S.A.) filed an application with the Hydrocarbons and Geothermal Energy Office (HGEO) of the Department of Energy (DOE) requesting blanket authorization under section 3 of the Natural Gas Act (NGA)¹ for the authority summarized in the list below. The applicant requests the authorization for a two-year term that began on August 1, 2026.² Chevron U.S.A. is a Pennsylvania corporation with its principal place of business in Houston, Texas.

1. Import liquefied natural gas (LNG) from various international sources by vessel, up to a total volume equivalent to 800 billion cubic feet (Bcf) of natural gas, at any LNG import terminal in the United States and its territories

II. **FINDING**

DOE has evaluated the application to determine if the proposed import and/or export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under NGA section 3(c), imports and exports of natural gas, including LNG, from or to any country with which the United States has entered into a free trade agreement (FTA) requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest.³ DOE must grant such applications without modification or delay.⁴ The authorization sought by Chevron U.S.A. meets the NGA section 3(c) criteria, and, therefore, is deemed to be consistent with the public interest.

1. On November 20, 2025, the Office of Fossil Energy and Carbon Management (FECM) changed its name to the Hydrocarbons and Geothermal Energy Office (HGEO). Authority to regulate the imports and exports of natural gas, including liquefied natural gas, under section 3 of the NGA (15 U.S.C. § 717b) has been delegated to the Assistant Secretary for FECM (now the Assistant Secretary for HGEO) in Redellegation Order No. S4-DEL-FE1-2023, issued on April 10, 2023.

2. Chevron U.S.A.'s blanket authorization, granted in DOE/FECM Order No. 5131, extended through July 31, 2026.

3. 15 U.S.C. § 717b(c).

4. *Id.*

ORDER

Pursuant to section 3(c) of the NGA, it is ordered that:

A. Chevron U.S.A. is authorized for the activity described below. This authorization is effective for a two-year term that began on August 1, 2026, and extends through July 31, 2028.

1. Import LNG from various international sources by vessel, up to a total volume equivalent to 800 Bcf of natural gas, at any LNG import terminal in the United States and its territories

B. LNG imports that require increased security measures from the United States Coast Guard (USCG) and/or other branches of the Department of Homeland Security in place now or added in the future shall comply with those measures on a shipment by shipment basis to the satisfaction of the USCG. Such measures may include periodic boarding or examination of the vessel by the USCG at the load port, while the vessel is underway, at any time during the voyage, and before and during discharge of the cargo while at the discharge port, as well as other enhanced security measures.

C. **Monthly Reports:** With respect to the imports and/or exports authorized by this Order, Chevron U.S.A. shall file with the Office of Global Energy Security, within 30 days following the last day of each calendar month, a report on Form FE-746R indicating whether imports and/or exports have been made. Monthly reports must be filed whether or not initial deliveries have begun. If no imports and/or exports have been made, a report of "no activity" for that month must be filed. If imports and/or exports have occurred, the report must provide the information specified for each applicable activity and mode of transportation, as set forth in the Guidelines for Filing Monthly Reports. These Guidelines are available at: <https://www.energy.gov/hgeo/guidelines-filing-monthly-reports>.

(Approved by the Office of Management and Budget under OMB Control No. 1901-0294)

D. The first monthly report required by this Order is due not later than September 30, 2026, and should cover the reporting period from August 1, 2026 through August 31, 2026.

Issued in Washington, D.C., on September 15, 2026.
