Re: ***Louisiana LNG Infrastructure LLC, FE Docket No. 16-144-LNG
DOE/FE Order Nos. 3968, 3968-A, 3968-B, 4373, 4373-A & 4373-B
Submission of Transaction Confirmation and First Amendment to Guaranty
Agreement***

Dear Ms. Wade:

In accordance with Order No. 3968, Ordering Paragraph D(2)¹ and Order No. 4373, Ordering Paragraph I(ii)², I hereby submit to the U.S. Department of Energy, Hydrocarbons and Geothermal Energy Office (“DOE/HGEO”), on behalf of Louisiana LNG Infrastructure LLC (“Louisiana LNG”) and Louisiana LNG Gas Management LLC (“Louisiana Gas Management”), an affiliate of Louisiana LNG, under seal, a non-redacted copy of an executed natural gas transaction confirmation and an amended Guaranty Agreement associated with the liquefaction and export of LNG from the Woodside Louisiana LNG Project. Louisiana LNG is filing herewith the following:

¹ *Driftwood LNG LLC*, DOE/FE Order No. 3698 at 11 (Feb. 28, 2017).

² *Driftwood LNG LLC*, DOE/FE Order No. 4373 at 69 (May 2, 2019).

- (1) Transaction Confirmation between Louisiana Gas Management and BP Energy Company (“BP”) (together, the “Parties”) dated September 8, 2026 (the “BP Transaction Confirmation”);
- (2) First Amendment to Guaranty Agreement between Woodside Energy Group Ltd. (“Woodside”) and BP dated August 31, 2026 (the “Amended Guaranty”); and
- (3) Summaries of the major provisions of the BP Transaction Confirmation and the Amended Guaranty (attached as Exhibits 1 and 2 hereto).

Order Nos. 3968 and 4373 require Louisiana LNG to file, or cause others to file, with the DOE/HGEO a non-redacted copy of all executed long-term contracts associated with the long-term supply of natural gas supporting Louisiana LNG’s export operations.

- The BP Transaction Confirmation submitted herewith provides that BP will sell and deliver to Louisiana Gas Management, on a long-term basis, natural gas for liquefaction and export from the Louisiana LNG Project. The terms under which such natural gas sales will be made are set forth in the Base Contract for Sale and Purchase of Natural Gas between Louisiana Gas Management and BP dated April 28, 2025, as it may be amended from time to time (the “Base Contract”).³
- The Amended Guaranty increases the maximum amount of the obligations which Woodside has agreed on behalf of Louisiana Gas Management to guarantee to BP in respect of natural gas purchases which Louisiana Gas Management may make under the Base Contract. This increase is required under the terms of the BP Transaction Confirmation.

The non-redacted BP Transaction Confirmation and the Amended Guaranty contain highly sensitive and confidential commercial, financial, and proprietary information. Accordingly, these documents are being filed with DOE/HGEO under seal on a confidential basis and not for public disclosure, as authorized by Order No. 3968 and 4373. Louisiana LNG submits that the BP Transaction Confirmation and the Amended Guaranty meet the six criteria set forth in 10 C.F.R. § 1004.11(f) for determining whether information is exempt from mandatory disclosure pursuant to the Administrative Procedure Act, 5 U.S.C. § 552(b)(4):

- (1) The BP Transaction Confirmation and the Amended Guaranty have been held in confidence by Louisiana LNG and Woodside, on the one hand, and BP (their counterparty), and the Base Contract to which they relate contains a confidentiality provision.
- (2) The BP Transaction Confirmation and the Amended Guaranty contain information of a type that is customarily held in confidence by the Parties, and there is a reasonable

basis to keep sensitive commercial terms, including but not limited to pricing terms and the amount of the obligations being guaranteed, confidential to avoid competitive harm.

(3) Louisiana LNG is submitting the BP Transaction Confirmation and the Amended Guaranty to DOE/HGEO under seal, with a request to keep them confidential.

(4) The BP Transaction Confirmation and the Amended Guaranty are not publicly available.

(5) Public disclosure of the BP Transaction Confirmation and the Amended Guaranty by DOE/HGEO would be likely to cause other export license holders or registrants to be reluctant to submit unredacted copies of their gas supply agreements to DOE/HGEO; thus, public disclosure could impair DOE/HGEO's ability to obtain similar information from others in the future; and

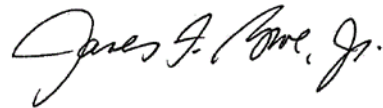

(6) Disclosure of the unredacted BP Transaction Confirmation and the Amended Guaranty would be likely to cause substantial harm to the competitive positions of the Parties to these agreements.

For the foregoing reasons, Louisiana LNG respectfully requests that the non-redacted copies of the BP Transaction Confirmation and the Amended Guaranty be kept confidential by DOE/HGEO.

Please contact me if you have any questions.

Thank you for your assistance.

Sincerely,

A handwritten signature in black ink, appearing to read "James F. Bowe, Jr.", written in a cursive style.
