AAA ENERGY SERVICES, LLC DOCKET NO. 26-138-NG

ORDER GRANTING BLANKET AUTHORIZATION TO IMPORT NATURAL GAS FROM CANADA

DOE/HGEO ORDER NO. 5512

OCTOBER 23, 2026

I. DESCRIPTION OF REQUEST

On September 29, 2026, AAA Energy Services, LLC (AAA Energy Services) filed an application with the Hydrocarbons and Geothermal Energy Office (HGEO) of the Department of Energy (DOE) requesting blanket authorization under section 3 of the Natural Gas Act (NGA)[1] for the authority summarized in the list below. The applicant requests the authorization for a two-year term that began on October 7, 2026.[2] AAA Energy Services is a California limited liability company with its principal place of business in Tulsa, Oklahoma.

1. Import up to 10 billion cubic feet (Bcf) of natural gas from Canada by pipeline at any point on the border between the United States and Canada

II. FINDING

DOE has evaluated the application to determine if the proposed import and/or export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under NGA section 3(c), imports and exports of natural gas, including liquefied natural gas (LNG), from or to any country with which the United States has entered into a free trade agreement (FTA) requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest.[3] DOE must grant such applications without modification or delay.[4] The authorization sought by AAA Energy Services meets the NGA section 3(c) criteria, and, therefore, is deemed to be consistent with the public interest.

1. On November 20, 2025, the Office of Fossil Energy and Carbon Management (FECM) changed its name to the Hydrocarbons and Geothermal Energy Office (HGEO). 2. AAA Energy Services' blanket authorization, granted in DOE/FECM Order No. 5185, extended through October 6, 2026.
