Attention: Venture Global CP2 LNG, LLC
Docket No. 26-78-LNG
PRIVILEGED AND CONFIDENTIAL Submission of Contract
and Summary of Major Provisions of Contract for Public Posting

Dear Ms. Sweeney:

On July 7, 2026, Venture Global CP2 LNG, LLC (“CP2 LNG”) filed with the Department of Energy’s Hydrocarbons and Geothermal Energy Office (“DOE/HGEO”)¹ an application (the “Application”) for long-term multi-contract authority to export domestically produced liquefied natural gas (“LNG”) from new facilities to be added in its proposed expansion of the CP2 LNG export terminal (the “Terminal”) currently under construction in Cameron Parish, Louisiana (the “Expansion Project”). The Application requests authority for the export of incremental LNG from the Expansion Project in a volume equivalent to 620.5 billion cubic feet per year to both (1) countries with which the United States has entered into a Free Trade Agreement (“FTA”) requiring the national treatment of natural gas and (2) countries with which the United States does not have an FTA but with which trade is not prohibited by U.S. law or policy. That Application is pending in the above-captioned proceeding.

CP2 LNG is authorized to export natural gas from the Terminal pursuant to orders issued by DOE/HGEO in Docket No. 21-131-LNG, and those orders require the filing of a non-redacted copy of all long-term contracts associated with the LNG exports from the authorized facilities at the Terminal, and, if the contract is submitted subject to a claim of confidentiality or privilege, then CP2 LNG must file for public posting a summary of the non-proprietary, major provisions of

¹ For ease of reference, the term DOE/HGEO is utilized here for all references to that office despite the fact that it had different names in the past.

LATHAM & WATKINS LLP

the contract. Based on well-established DOE/HGEO policy and precedent, CP2 LNG expects that the export authorizations issued for the incremental volumes associated with the Expansion Project will include the same standard contract filing conditions.

CP2 LNG recently entered into its first executed contract associated with the long-term export of LNG from its Expansion Project. Specifically, CP2 LNG entered into the LNG Sales and Purchase Agreement by and between CP2 LNG and China Gas Hongda Energy Trading Co., Ltd., dated as of September 12, 2026. In order to comply with the condition expected to be imposed in its export authorizations, as well as to update DOE/HGEO with regard to the commercial progress of the Expansion Project, CP2 LNG submits this filing, just as it would were the contractual filing requirement typically imposed in export authorizations already applicable to it.

The recently executed CP2 LNG contract is highly confidential and contains commercially valuable and proprietary information the disclosure of which would cause competitive and financial harm to the parties to the contract. Therefore, CP2 LNG is submitting the attached summary, for public posting at the appropriate time, of the major, non-proprietary provisions of the contract. The summary utilizes the template followed by CP2 LNG when filing such contracts under its existing export authorizations.

In addition, CP2 LNG is contemporaneously transmitting a full and unredacted copy of the contract itself in a separate, confidential communication directed solely to the addressee, again consistent with the anticipated condition to be included in the forthcoming export authorizations. CP2 LNG respectfully requests that the contract be treated and maintained as confidential to the greatest extent permitted by law. If you have any questions about the filed contract, or related matters, please contact the undersigned counsel for CP2 LNG.

Sincerely,

/s/ J. Patrick Nevins

Enclosure

LNG SALES AND PURCHASE AGREEMENT (FOB), DATED SEPTEMBER 12, 2026
BETWEEN
VENTURE GLOBAL CP2 LNG, LLC AND
CHINA GAS HONGDA ENERGY TRADING CO., LTD.

SUMMARY OF MAJOR PROVISIONS

1. DOE Order/Docket Nos.:

Docket No. 26-78-LNG.

2. LNG Liquefaction/Export Facility and Location:

The CP2 LNG Facility located on a site adjacent to the Calcasieu Ship Channel in Cameron Parish, Louisiana.

3. Describe affiliation with LNG Liquefaction Export Facility (e.g., owner, capacity holder, etc.):

The contract has been entered into by Venture Global CP2 LNG, LLC, the owner of the CP2 LNG Facility (the LNG liquefaction and export facility).

4. Exact Legal Name of Parties/Counterparties to Contract:

Seller: Venture Global CP2 LNG, LLC

Buyer: China Gas Hongda Energy Trading Co., Ltd.

5. a. Contract Type (e.g., Purchase and Sale Agreement; Liquefaction Tolling Agreement, etc.):

LNG Sales and Purchase Agreement (FOB).

b. Firm or Interruptible Contract:

Firm.

6. Date of the Contract:

September 12, 2026.

7. Contract Term:

The term of the contract commences on the date of execution. The obligations to sell and deliver, and to purchase and pay for, LNG under the contract become effective on the Commercial Operation Date of the CP2 LNG Expansion Project, provided that all conditions precedent are satisfied or waived. Once the CP2 LNG Expansion Project becomes commercially operable, the contract then continues in effect for twenty (20) years.

8. Annual Quantity:

The annual contract quantity is equal to twenty-five million, five hundred thousand (25,500,000) MMBtu of natural gas, or approximately five hundred thousand (500,000) metric tonnes per annum of LNG.

9. Take or Pay (or equivalent) Provisions/Conditions:

Subject to and in accordance with the terms and conditions of the contract, commencing on the Commercial Operation Date of the CP2 LNG Expansion Project, Seller shall sell and make available for delivery, or compensate Buyer if not made available for delivery, export cargos at the point at which the flange coupling of the LNG transfer line at the CP2 LNG Facility joins the flange coupling of the LNG intake manifold of the relevant LNG tanker, and Buyer shall take and pay for, or compensate Seller if not taken, such export cargos.

10. Supplier (title holder) of Natural Gas to Liquefaction Facility (include whether long or short-term supply, or both), if appropriate. If this does not include a purchase or sale of natural gas, please mark this section "Not Applicable":

Not Applicable.

11. Legal Name of Entity(ies) that has (have) Title to the Natural Gas and LNG through the LNG Facility until Export (at the Flange of the Vessel):

Venture Global CP2 LNG, LLC.

12. Export Destination Restrictions in the Contract:

Buyer may elect any destination, except that the contract restricts exports of LNG to destination countries permitted under (i) the applicable DOE export authorizations and (ii) U.S. law.

13. Resale Provisions:

The contract requires that Buyer will resell or transfer LNG delivered under the contract only to countries allowed by the DOE export authorizations and/or to purchasers or transferees that have agreed in writing to limit their direct and indirect resale or transfer of such LNG to such countries.

14. Other Major Non-proprietary Provisions, if applicable:

None.

I affirm that the foregoing is true and accurate to the best of my knowledge.
