**Re: Vista Pacifico LNG, S.A.P.I. de C.V.
VPLNG Mid-Scale Project
DOE/HGEO Order No. 4688
Docket No. 20-153-LNG
Semi-Annual Report**

Dear FERGAS Staff,

On April 9, 2021, in DOE/FECM Order No. 4688, the U.S. Department of Energy, Office of Fossil Energy and Carbon Management ("DOE/FECM"), granted to Vista Pacifico LNG, S.A.P.I. de C.V. ("Vista Pacifico" or "VPLNG") a long-term, multi-contract authorization to export natural gas to Mexico and to re-export liquefied natural gas ("LNG") from its proposed VPLNG Mid-Scale Project to nations that have free trade agreements with the United States requiring national treatment in the trade of natural gas ("FTA countries"). On December 20, 2022, in DOE/FECM Order No. 4929, the DOE/FECM, granted to Vista Pacifico a long-term, multi-contract authorization to export natural gas to Mexico and re-export LNG to non-Free Trade Agreement Nations. One of the conditions of the DOE/FECM's authorizations is that Vista Pacifico file semi-annual written reports (on or before April 1 and October 1 of each year) describing the progress of the planned VPLNG Mid-Scale Project. Vista Pacifico hereby submits the semi-annual report covering the period from April 1, 2026, through September 30, 2026.

Due to a change in SI Partners' and the CFE's respective priorities, in December 2025, SI Partners and CFE agreed to terminate the existing project development agreement. In connection with that, certain Mexican permitting processes were terminated by SI Partners or the applicable Mexican regulator. Consequently, VPLNG is not being advanced at this moment while SI Partners' evaluates the future of the project. There are no further activities to report.

Vista Pacifico LNG, S.A.P.I. de C.V.
Semi-Annual Report
FE Docket No. 20-153-LNG

Please contact me with any questions regarding this filing.

Respectfully submitted,
