ORDER VACATING BLANKET AUTHORIZATION
TO EXPORT LIQUEFIED NATURAL GAS
TO MEXICO BY TRUCK

DOE/HGEO ORDER NO. 5235-A

OCTOBER 9, 2026

On January 7, 2025, in DOE/FECM Order No. 5235, the Office of Fossil Energy and Carbon Management (FECM) (now known as the Hydrocarbons and Geothermal Energy Office)¹ of the Department of Energy (DOE) granted blanket authorization to Spectrum LNG to export up to 0.5 billion cubic feet (Bcf) of liquefied natural gas (LNG) to Mexico by truck. This blanket authorization extends for a two-year term that began on December 1, 2024, and extends through November 30, 2026.

On September 17, 2026, Spectrum LNG, notified DOE that this authorization is no longer needed.² Spectrum LNG therefore requests that DOE vacate Order No. 5235, effective September 17, 2026. DOE finds good cause to do so.

Accordingly, pursuant to section 3 of the Natural Gas Act, Spectrum LNG's blanket authorization to export up to 0.5 Bcf of liquefied natural gas (LNG) to Mexico by truck, granted in DOE/FECM Order No. 5235 on January 7, 2025, is hereby vacated, effective September 17, 2026.

Issued in Washington, D.C., on October 9, 2026.
