UNITED STATES OF AMERICA

DEPARTMENT OF ENERGY

HYDROCARBONS AND GEOTHERMAL ENERGY OFFICE

TEXAS EASTERN TRANSMISSION, LP DOCKET NO. 26-135-NG

ORDER GRANTING BLANKET AUTHORIZATION TO IMPORT AND EXPORT NATURAL GAS FROM AND TO MEXICO

DOE/HGEO ORDER NO. 5523

NOVEMBER 9, 2026

I. DESCRIPTION OF REQUEST

On September 24, 2026, Texas Eastern Transmission, LP (Texas Eastern Transmission) filed an application with the Hydrocarbons and Geothermal Energy Office (HGEO) of the Department of Energy (DOE) requesting blanket authorization under section 3 of the Natural Gas Act (NGA)[1] for the authority summarized in the list below. The applicant requests the authorization for a two-year term beginning on December 17, 2026.[2] Texas Eastern Transmission is a Texas limited partnership with its principal place of business in Houston, Texas.

1. Import natural gas from Mexico by pipeline at any point on the border between the United States and Mexico
2. Export natural gas to Mexico by pipeline at any point on the border between the United States and Mexico

Import and export authority was requested for up to a combined total volume equivalent to 300 billion cubic feet (Bcf) of natural gas.

1. On November 20, 2025, the Office of Fossil Energy and Carbon Management (FECM) changed its name to the Hydrocarbons and Geothermal Energy Office (HGEO). Authority to regulate the imports and exports of natural gas, including liquefied natural gas, under section 3 of the NGA (15 U.S.C. § 717b) has been delegated to the Assistant Secretary for FECM (now the Assistant Secretary for HGEO) in Redelegation Order No. S4-DEL-FE1-2023, issued on April 10, 2023.

2. Texas Eastern Transmission's blanket authorization, granted in DOE/FECM Order No. 5207, extends through December 16, 2026.

II. FINDING

DOE has evaluated the application to determine if the proposed import and/or export arrangements meet the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under NGA section 3(c), imports and exports of natural gas, including liquefied natural gas (LNG), from or to any country with which the United States has entered into a free trade agreement (FTA) requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest.[3] DOE must grant such applications without modification or delay.[4] The authorization sought by Texas Eastern Transmission meets the NGA section 3(c) criteria, and, therefore, is deemed to be consistent with the public interest.

ORDER

Pursuant to section 3(c) of the NGA, it is ordered that:

A. Texas Eastern Transmission is authorized for the activity described in the list below. This authorization shall be effective for a two-year term beginning on December 17, 2026, and extending through December 16, 2028.

1. Import natural gas from Mexico by pipeline at any point on the border between the United States and Mexico
2. Export natural gas to Mexico by pipeline at any point on the border between the United States and Mexico

The applicant is authorized to import and export up to a combined total volume equivalent to 300 Bcf of natural gas.

---

3. 15 U.S.C. § 717b(c).

4. *Id.*

B. **Monthly Reports:** With respect to the imports and/or exports authorized by this Order, Texas Eastern Transmission shall file with the Office of Global Energy Security, within 30 days following the last day of each calendar month, a report on Form FE-746R indicating whether imports and/or exports have been made. Monthly reports must be filed whether or not initial deliveries have begun. If no imports and/or exports have been made, a report of "no activity" for that month must be filed. If imports and/or exports have occurred, the report must provide the information specified for each applicable activity and mode of transportation, as set forth in the Guidelines for Filing Monthly Reports. These Guidelines are available at: https://www.energy.gov/hgeo/guidelines-filing-monthly-reports.

(Approved by the Office of Management and Budget under OMB Control No. 1901-0294)

C. The first monthly report required by this Order is due not later than January 30, 2027, and should cover the reporting period from December 17, 2026 through December 31, 2026.

Issued in Washington, D.C., on November 9, 2026.
