Re: ***Louisiana LNG Infrastructure LLC,*** **FE Docket No. 16-144-LNG**
DOE/FE Order Nos. 3968, 3968-A, 3968-B, 4373, 4373-A & 4373-B
Submission of Equity LNG Sale and Purchase Agreements

Dear Ms. Wade:

In accordance with Order No. 3968, Ordering Paragraph D(1)[1] and Order No. 4373, Ordering Paragraph I(i)[2], I hereby submit to the U.S. Department of Energy, Hydrocarbons and Geothermal Energy Office ("DOE/HGEO"), on behalf of Louisiana LNG Infrastructure LLC ("Louisiana LNG") and Louisiana LNG LLC, an affiliate of Louisiana LNG, under seal, non-redacted copies of two executed Equity LNG Sale and Purchase Agreements associated with the liquefaction and export of LNG from the Woodside Louisiana LNG Project. Louisiana LNG is filing herewith the following:

(1) Equity LNG Sale and Purchase Agreement between Woodside Energy (LA) Investments LLC (as Buyer) and Louisiana LNG LLC (as Seller) dated October 6, 2026 (the "WELA Equity SPA");

---

1 *Driftwood LNG LLC*, DOE/FE Order No. 3698 at 11 (Feb. 28, 2017).
2 *Driftwood LNG LLC*, DOE/FE Order No. 4373 at 69 (May 2, 2019).

(2) Equity LNG Sale and Purchase Agreement between Woodside Energy Trading Singapore Pte Ltd (as Buyer) and Louisiana LNG LLC (as Seller) dated October 6, 2026 (the "WETS Equity SPA"); and

(3) Summaries of the major provisions of the WELA Equity SPA and the WETS Equity SPA (attached as Exhibits 1 and 2 hereto).

Order Nos. 3968 and 4373 require Louisiana LNG to file, or cause others to file, with the DOE/HGEO a non-redacted copy of all executed long-term contracts associated with the long-term export of LNG supporting Louisiana LNG's export operations.

- The WELA Equity SPA submitted herewith provides that Louisiana LNG LLC ("Seller") will sell and deliver to Woodside Energy (LA) Investments LLC ("WELA"), on a long-term basis, or will compensate WELA if not made available for delivery, LNG produced in any train of the Louisiana LNG Facility, and that WELA will take and pay for, or compensate Seller if not taken, such LNG, in each case, in the quantities and at the prices set forth in and otherwise in accordance with and subject to the provisions of the WELA Equity SPA.

- The WETS Equity SPA submitted herewith provides that Louisiana LNG LLC ("Seller") will sell and deliver to Woodside Energy Trading Singapore Pte Ltd ("WETS"), on a long-term basis, or will compensate WETS if not made available for delivery, LNG produced in any train of the Louisiana LNG Facility, and that WETS will take and pay for, or compensate Seller if not taken, such LNG, in each case, in the quantities and at the prices set forth in and otherwise in accordance with and subject to the provisions of the WETS Equity SPA.

The non-redacted WELA Equity SPA and the non-redacted WETS Equity SPA contain highly sensitive and confidential commercial, financial, and proprietary information. Accordingly, these documents are being filed with DOE/HGEO under seal on a confidential basis and not for public disclosure, as authorized by Order No. 3968 and 4373. Louisiana LNG submits that WELA Equity SPA and the WETS Equity SPA meet the six criteria set forth in 10 C.F.R. § 1004.11(f) for determining whether information is exempt from mandatory disclosure pursuant to the Administrative Procedure Act, 5 U.S.C. § 552(b)(4):

(1) The WELA Equity SPA and the WETS Equity SPA have been held in confidence by Louisiana LNG, Louisiana LNG LLC, and WELA and WETS, and these agreements each contain a confidentiality provision.

(2) The WELA Equity SPA and the WETS Equity SPA contain information of a type that is customarily held in confidence by the Parties, and there is a reasonable basis to keep sensitive commercial terms, including but not limited to pricing terms and the amount of the obligations being guaranteed, confidential to avoid competitive harm.

(3) Louisiana LNG is submitting the WELA Equity SPA and the WETS Equity SPA to DOE/HGEO under seal, with a request to keep them confidential.

(4) The WELA Equity SPA and the WETS Equity SPA are not publicly available.

(5) Public disclosure of the WELA Equity SPA and the WETS Equity SPA by DOE/HGEO would be likely to cause other export license holders or registrants to be reluctant to submit unredacted copies of their LNG sale and purchase agreements to DOE/HGEO; thus, public disclosure could impair DOE/HGEO's ability to obtain similar information from others in the future; and

(6) Disclosure of the unredacted WELA Equity SPA and the WETS Equity SPA would be likely to cause substantial harm to the competitive positions of the Parties to these agreements.

For the foregoing reasons, Louisiana LNG respectfully requests that the non-redacted copies of the WELA Equity SPA and the WETS Equity SPA be kept confidential by DOE/HGEO.

Please contact me if you have any questions.

Thank you for your assistance.

Sincerely,

James F. Bowe, Jr.
Attorney for
Louisiana LNG Infrastructure LLC

EXHIBIT 1

SUMMARY OF MAJOR PROVISIONS

Equity LNG Sale and Purchase Agreement between Woodside Energy (LA) Investments LLC (as Buyer) and Louisiana LNG LLC (as Seller) dated October 6, 2026

1. DOE Order/FE Docket No(s):

DOE/FE Order Nos. 3968, 3968-A, 3968-B, 4373, 4373-A and 4373-B

FE Docket No. 16-144-LNG

2. LNG Liquefaction/Export Facility and Location:

The proposed natural gas liquefaction and export facility constructed and operated by Louisiana LNG Infrastructure LLC to be located near the city of Carlyss in Calcasieu Parish, Louisiana.

3. Describe affiliation with the Export Facility (e.g., owner, capacity holder, etc.):

The Buyer is Woodside Energy (LA) Investments LLC and the Seller is Louisiana LNG LLC. Both are affiliates of Louisiana LNG Infrastructure LLC, the export authorization holder under DOE/FE Order Nos. 3968, 3968-A, 3968-B, 4373, 4373-A & 4373-B.

4. Exact Legal Name of Parties/Counterparties to Contract:

Seller: Louisiana LNG LLC ("Seller")

Buyer: Woodside Energy (LA) Investments LLC ("Buyer")

5. Contract Type:

Long term firm LNG sale and purchase agreement

6. Date of the Contract:

October 6, 2026

7. Supply Period:

Twenty years from the Train 3 DFCD (*i.e.*, the date of first commercial delivery ("DFCD") from Train 3 of the Seller's LNG export terminal facility), with options in favor of Buyer to extend the initial term or extended term by two additional periods of ten (10) years each, provided that Seller has decided to continue commercial operations of Trains 1, 2 and 3 beyond the initial term or first extension term.

8. Quantity:

The base annual contract quantity (the "Base ACQ") for any Contract Year during the supply period shall be 92,418,938 MMBtu following the DFCD of Train 1; 184,837,876 MMBtu following the DFCD of Train 2; and 286,863,481 MMBtu following the DFCD of Train 3.

Before the start of each Contract Year, Seller shall provide Buyer with its determination of

the quantity of LNG it can safely and reliably deliver during the upcoming Contract Year, including volumes of LNG in excess of the Base Adjusted Annual Contract Quantities of all Equity Customers (*i.e.*, buyers that are members of Seller) (the "Excess Volume") which Buyer may elect to take in addition to its Base AACQ in that Contract Year (such elected Excess Volume, the "Equity AACQ").

9. Take or Pay (or equivalent) Provisions/Conditions:

During any Contract Year, Buyer shall take and pay for the Scheduled Cargo Quantity with respect to each cargo included in the Base AACQ and the Equity AACQ and scheduled in the ADP for such Contract Year, less

(i) any quantities of LNG not made available by Seller for any reason attributable to Seller or its Affiliates;

(ii) any quantities of LNG not taken by Buyer for reasons of Force Majeure;

(iii) quantities of LNG for which Buyer has provided a notice of cancellation or have been cancelled by the parties' agreement;

(iv) any quantity that cannot be loaded for heat content or quality deficiencies;

(vi) any quantities of LNG rejected by Buyer due to such quantities being Off-Spec LNG in accordance with Clause 12.3; and

(vii) where the Buyer cannot take the LNG from an alternate facility.

The contract includes provisions that (x) require Buyer to pay Seller damages for Buyer's unexcused failure to take delivery of a Scheduled Cargo Quantity, and (y) require Seller to pay Buyer damages in the event that Seller does not make available to Buyer the Scheduled Cargo Quantity with respect to the Base AACQ and the Equity AACQ less any quantities not taken for the reasons identified in items (i)-(vii) above.

10. Export Destination Restrictions in the Contract:

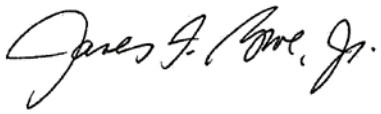

The contract restricts delivery of LNG received by Buyer from Seller to destination countries permitted under the applicable DOE authorization, but otherwise leaves Buyer free to transport the LNG to and market the LNG at any destination of its choosing.
