

Program of Field Office: Sandia Site Office

Project Title: Joint Sandia - UTMB Microfluidics

Location: Sandia National Laboratories - California

Proposed Action or Project Description:

American Recovery and Reinvestment Act:

10

.

Sandia National Laboratories/California (SNL/CA) proposes to conduct microfluidics laboratory activities in support of a collaboration with the University of Texas Medical Branch (UTMB). The Sandia / UTMB collaboration would apply cutting-edge tools developed at Sandia to realistic biological and clinical samples. These tools would be based primarily on Sandia's microfluidic technologies that provide key advantages over conventional techniques in terms of assay speed, sample/reagent volumes, automation, and cost.

Facility Operations

Tacinty Operations	Site Characterization, Monitoring and General Research
B1.1 - Rate increases < inflation (not power marketing)	B3.1 - Site characterization/environmental monitoring
B1.2 - Training exercises and simulation	\square B3.2 - Aviation activities for survey/monitoring/security
B1.3 - Routine maintenance and custodial services	
B1.4 - Air conditioning installation for existing equipment	B3.3 - Research related to conservation of fish and wildlife
\square B1.5 - Cooling water system improvements in existing structures	B3.4 - Transport packaging tests for radioactive/hazardous material
B1.6 - Installation of runoff/spill control retention tanks and basins	B3.5 - Tank car tests
☐ B1.7 - Communication system and data processing equipment acquisition,	☐ B3.6 - Siting/construction/operation/decomm of facilities for R&D, conventional laboratory operations and pilot projects
installation, operation, removal	B3.7 - New infill exploratory, experimental oil/gas/geothermal
\square B1.8 - Screened water intake/outflow structure mods, within permits	construction/operation
□ B1.9 - Placing airway safety markings and painting on existing power	B3.8 - Outdoor ecological/environmental research in small area
lines and antennas	B3.9 - Certain CCT demonstration activities, emissions unchanged
B1.10 - Routine onsite storage of activated material at existing facility	\square B3.10 - Siting/construction/operation/decommissioning of particle accelerators
B1.11 - Fence installation, no adverse effect on wildlife or water flow	\square B3.11 - Outdoor tests, experiments on materials and equipment components,
B1.12 - Detonation/burning of failed/damaged high explosives or propellants	
in designated areas, within permits	no source, special nuclear, or by-product materials
B1.13 - On-site pathway or short access road construction/acquisition	■ B3.12 - Siting/construction/operation/decommission of microbiological or
□ B1.14 - Refueling of a nuclear reactor	biomedical facilities
B1.15 - Support building or structure, non-waste storage, const/oper	B3.13 - Magnetic fusion experiments, no tritium fuel use
B1.16 - Removal of asbestos in accordance with regulations	Conservation, Fossil, and Renewable Energy Activities
B1.17 - Removal of PCB items from aboveground structures	
□ B1.18 - Water supply well const/oper, from existing field, no degradation	B5.1 - Actions to conserve energy, no indoor air quality degradation
B1.19 - Siting/construction/operation of microwave/radio communication towers	$_{\rm S}$ B5.2 - Modification to oil/gas/geothermal pumps and piping, no flow
□ B1.20 - Protect/restore/improve fish and wildlife habitat	changes, or air emission effects
B1.21 - Noise abatement	B5.3 - Modification (not expansion)/abandonment of oil storage
B1.22 - Building relocation to developed area/demolition/disposal	access/ brine injection/gas/geothermal wells; no site closure
B1.23 - Demolition/disposal of buildings, equipment, and structures	B5.4 - Repair/replacement of pipeline sections within maintenance
B1.24 - Transfer, disposition, or acquisition of uncontaminated structures	provisions of a Section 404 permit
or equipment, environmental quality maintained	B5.5 - Short crude oil/gas/steam/geothermal pipeline const/oper
B1.25 - Transfer, disposition, or acquisition of uncontaminated land for	within a single industrial complex/existing right-of-way
habitat preservation/wildlife management	☐ B5.6 - Oil spill cleanup operations
□ B1.26 - Siting/construction/operation/decommissioning of small water	
treatment facilities	Environmental Restoration/Waste Management Activities
\square B1.27 - Disconnection of utilities	B6.1 - Cleanup actions: small-scale, short-term
\square B1.28 - Placement of unused facilities in environmentally safe condition	B6.2 - Siting/construction/operation of temporary pilot-scale waste
□ B1.28 - Fracement of undsed facilities in environmentary safe condition □ B1.29 - Small on-site const/demolition waste disposal facility const/oper/decom	collection/treatment/stabilization/containment facilities
_	B6.3 - Environmental control system improvements in existing
B1.30 - Transfer/transportation actions, quantities incidental to amounts	structures, recycle/release/disposal within permitted facility
at receiving site \Box D1 21 D L $\dot{\omega}$	B6.4 - Packaged hazardous waste storage facility const/oper/decom
B1.31 - Relocation/operation of machinery or equipment, similar use	B6.5 - Const/oper/decom of on-site facility for characterizing/sorting
■ B1.32 - Traffic flow adjustments, existing roads.	or over packing previously packaged waste (not high-level or spent
	nuclear fuel; no unpacking)
Safety and Health	B6.6 - Modification of facility for storing, packaging, or repacking waste
B2.1 - Modifications to enhance workplace habitability	(not high-level or spent nuclear fuel)
B2.2 - Installation/improvement of building/equipment instrumentation	B6.7 - Granting/denying petitions for allocation of commercial disposal capacity
\square B2.3 - Installation of equipment for personnel safety and health	■ B6.7 • Granning/denying petitions for anocation of commercial disposal capacity ■ B6.8 - Minor operational changes to minimize waste or reuse materials
B2.4 - Equipment Qualifications Program	\square B6.9 - Small-scale, temporary measures to reduce contaminated GW migration
\square B2.4 - Equipment Quantizations Frogram \square B2.5 - Facility safety and environmental improvements, replacement	□ B6.9 - Sinan-scale, temporary measures to reduce containinated of winigration □ B6.10 - Siting/construction/operation/decommissioning of small upgraded
or of facility components	or replacement waste storage facilities
B2.6 - Packaging/transportation/storage of radioactive sources	Other

This action would not (1) violate applicable ES&H requirements, (2) require siting of waste Treatment, Storage, Disposal or Recovery facilities, (3) disturb hazardous substances (excluding naturally occurring petroleum and natural gas), thus producing uncontrolled or unpermitted releases, and (4) adversely affect environmentally sensitive resources. Furthermore, this action (1) would not present any extraordinary circumstances such that the action might have a significant impact upon the human environment, (2) is not connected to other actions with potentially significant impacts, and (3) is not related to other actions with cumulatively significant impacts. Therefore, the proposed action may be categorically excluded from further review.

NEPA Compliance Officer or Program Officer: LACY, SUSAN DOYLENE
