Subject: EERE-2011-BT-STD-0005 , Proposed EISA2007 Rule

REF: PHONE CALL DISCUSSION

On Thursday April 18th, 2013 I had spoken with Michael Kido with respect to the following topics:

a) Victor Petrolati's retirement (*I was unaware*), replacement by Jeremy Dommu. How to contact Jeremy.

b) Medical exemption for EPS and the planned rule making removal of this exemption. I had indicated I would write a letter on this subject to Mr. Kido. I intend to do so by the end of this week. I brought up several problematic issues specific to medical EPS energy performance regulation.
