

### Volkswagen Jetta TDI Accelerated Testing – June 2013

Four model year 2013 Volkswagen Jetta TDIs entered Accelerated testing during November 2012 in a fleet in Arizona. Each Jetta will be operated for 255,000 miles. One-page vehicle maintenance logs are posted on nearby www pages. This information includes the date and mileage for all maintenance and repairs performed on the vehicles. The four Jetta TDI have been driven a total of 141,101 miles and the cumulative average fuel economy is 39.0 mpg. Note that initial mileage accumulation was slow due to baseline performance and battery testing.
