

“Volatility of Vanadia from Vanadia-Based SCR Catalysts Under Accelerated Aging Conditions”

D. M. Chapman, Ph.D.
Cristal Global
9/28/2010

Location P-3

❖ Outline

- Bulk oxide vapor pressures-Lit.
- Experimental method
- TiO₂-Supported vanadia and tungsta
- Mechanisms

TiO₂-supported vanadia (and tungsta) can be stabilized by optimization of the catalyst support

Location P-3
