ADEC II
Universal SCR Retrofit System for On-road and Off-road Diesel Engines

Richard Carlson
Extengine Transport Systems, LLC
Fullerton, California

2006 DEER Conference
Poster Presentation at Location P-17

August 22, 2006
Universal SCR/DPF System

- SCR with real-time NOx sensor input
- Controlled periodic DPF regeneration
- Applicable to wide range of engines
- Applicable to on-road and off-road engines
- Applicable to low temperature duty cycles

Emission Reductions with ADECII

Mack E-7 11.9L - 350 HP
Cummins M11 - 10.8L 330 HP
