#### **Project status (overview)**

Commercial discussions are ongoing with potential customers and project partners for the Gasfin Export Project.

#### **Anticipated facility operational date**

Subject to the timing of key project milestones including amongst others, securing long term LNG sale contracts and gas supply, FERC approval and financing, we are targeting an operational start date in 2019.

#### **Status of long term LNG sale contracts**

No long term LNG sale contracts concluded for the project.

#### **Status of long term gas supply contracts**

No long term gas supply contracts under negotiation or concluded.
