It is hereby agreed by and among the parties hereto as follows:

I. JURISDICTION

These Director's Final Findings and Orders ("Orders") are issued to the United States Department of Energy ("Respondent" or "DOE") pursuant to the authority vested in the Director of Environmental Protection ("Director") under Chapters 3734. and 3745. of the Ohio Revised Code ("ORC").

II. PARTIES BOUND

These Orders shall apply to and be binding upon the Respondent, its assigns, and successors in interest. No change in ownership or operation of the Facility will in any way alter the Respondent's responsibilities under these Orders. Except as otherwise expressly provided herein, the Respondent's obligations under these Orders may be altered only by written approval of the Director.

III. DEFINITIONS

Unless otherwise stated below, all terms used in these Orders shall have the same meaning as used in Chapter 3734. of the ORC and the regulations promulgated thereunder.

Milestone:

A "milestone" is a fixed, firm, and enforceable date as set forth in the approved STP. A milestone is a requirement and is enforceable. Milestones correspond to the categories of milestones set forth in Order 1.B.

Revision:

A "revision" is a change to the approved STP which requires, for those affected portions of the STP, public notice by the Ohio EPA of availability of the revised STP, and consultation by Ohio EPA with affected states and U.S. EPA, pursuant to these Orders and Section 105 of the Federal Facility Compliance Act, 42 U.S.C. Section 6939c(b)(4). A revision shall include: (a) the addition or deletion of a treatment facility or a treatment technology with respect to the approved STP; and (b) an extension of milestone for a period greater than sixty (60) days. However, changes in waste volume, the addition or deletion of wastes or waste types, extensions of milestones for a period less than or equal to sixty (60) days, or changes to target dates shall not, by themselves, constitute revisions.

Target Date:

A "target date" is an anticipated completion date for a task that has not been designated as a milestone and shall be a goal for accomplishing a designated task. A target date is not a requirement and is not enforceable. Target dates correspond to the categories of target dates set forth in Order 1.B.

Unavoidable Delay:

An event of "unavoidable delay" means any event beyond the control of DOE which prevents or delays performance of any obligation required by the approved STP and these Orders, and which could not be overcome by due

diligence on the part of DOE.

Funding Availability or Available Funds:

"Funding Availability" or "Available Funds" means: (1) DOE's-Ports Waste Management (WM) budget allocation, for determinations with respect to milestones for the current FY; and (2) DOE's-Ports Environmental Management (EM) budget allocation (i.e. Environmental Restoration and WM budget allocation or EM target funding level for the Facility), for determinations with respect to other schedules (e.g. FY + 1, FY + 2 milestones).

IV. FINDINGS OF FACT

1. The United States Department of Energy ("Respondent") owns the Portsmouth Gaseous Diffusion Plant, a uranium enrichment facility, located in Pike County, Ohio, approximately twenty (20) miles north of the City of Portsmouth ("Facility").
2. Lockheed Martin Energy Systems, Inc. fka Martin Marietta Energy Systems, a Delaware corporation, licensed to do business in the State of Ohio on March 2, 1984, co-operates Respondent's hazardous and mixed waste management storage facilities and activities at the Facility. The United States Enrichment Corporation ("USEC") has, since July 1, 1993, leased and operated the uranium enrichment facilities and activities at the Facility.
3. The Respondent is a "person" as defined in Sections 1.59 and 3734.01 of the ORC and rule 3745-50-10 of the Ohio Administrative Code ("OAC").
4. At the Facility, the Respondent and USEC generate "hazardous waste" as that term is defined by Section 3734.01 of the ORC and rules 3745-50-10 and 3745-51-03 of the OAC.
5. Mixed waste is defined as waste containing both a hazardous waste subject to the Resource Conservation and Recovery Act of 1976, 42 U.S.C. Section 6901 et seq, as amended ("RCRA"), and a source, special nuclear, or by-product material subject to the Atomic Energy Act of 1954, 42 U.S.C. Section 2011 et seq, as amended ("AEA").

By: Mary Carvin Date 10-4-95

6. The Ohio EPA received final authorization from the U.S. Environmental Protection Agency to regulate the hazardous waste component of mixed waste on June 30, 1989 (54 FR 27173).
7. At the Facility, Respondent and USEC has generated, continues to generate, and Respondent is storing mixed wastes subject to OAC rules 3745-59-30 (solvent wastes), 3745-59-32 (California list wastes), 3745-59-33 (first third wastes), 3745-59-34 (second third wastes), and 3745-59-35 (third third wastes), hereinafter referred to as land disposal restricted ("LDR") mixed wastes. Further, Respondent also stores mixed wastes generated by USEC.
8. The Respondent has represented to the Ohio Environmental Protection Agency ("Ohio EPA") that the treatment capability or capacity for these LDR mixed wastes is presently inadequate or unavailable.
9. Subject to certain conditions specified therein, OAC rule 3745-59-50 prohibits the storage of LDR mixed wastes at the Facility for longer than one (1) year. See also 42 U.S.C. Section 6924(j) and 40 Code of Federal Regulations, Part 268.
10. Section 105 of the Federal Facility Compliance Act of 1992 ("FFCA"), 42 U.S.C. Section 6939c, enacted October 6, 1992, requires the Secretary of Energy to develop and submit to the Ohio EPA, for review and approval, approval with modifications, or disapproval, a plan for the development of treatment capacities and technologies to treat all of the mixed waste at the Facility. Section 105 of the FFCA further provides for the Ohio EPA to consider the need for regional treatment facilities, to consult with the Administrator of the United States Environmental Protection Agency ("U.S. EPA") and any other state in which a facility affected by the plan is located, and to consider public comments in making its determination on the plan. Section 105 of the FFCA further provides for the Ohio EPA to approve, approve with modifications, or disapprove the plan within six (6) months after receipt of the plan (hereinafter, "Site Treatment Plan" or "STP").
11. Section 102(a) of the FFCA, 42 U.S.C. Section 6961(a), provides that each department, agency, and instrumentality of the executive, legislative, and

judicial branches of the Federal Government (1) having jurisdiction over any solid waste management facility or disposal site, or (2) engaged in any activity resulting, or which may result, in the disposal or management of solid waste or hazardous waste shall be subject to, and comply with, all Federal, State, interstate and local requirements, both substantive and procedural, respecting control and abatement of solid waste or hazardous waste disposal and management in the same manner, and to the same extent, as any person is subject to such requirements, including the payment of reasonable service charges. Section 102(a) also provides that the United States expressly waives any immunity otherwise applicable to the United States with respect to such substantive or procedural requirements.

Further, Section 102(c) of the FFCA provides that, until October 6, 1995, the waiver of sovereign immunity contained in Section 102(a) of the FFCA, with respect to civil, criminal, and administrative penalties and fines, shall not apply to departments, agencies, and instrumentalities of the executive branch of the Federal Government for violations of Section 3004(j) of the Solid Waste Disposal Act ("SWDA"), 42 U.S.C. Section 6924(j), involving storage of mixed waste that is not subject to an existing agreement, permit, or administrative or judicial order, so long as such waste is managed in compliance with all applicable requirements.

Section 102(c) of the FFCA further provides that, after October 6, 1995, the waiver of sovereign immunity contained in Section 102(a) of the FFCA, with respect to civil, criminal, and administrative penalties and fines, shall apply to departments, agencies, and instrumentalities of the executive branch of the Federal Government for violations of Section 3004(j) of the SWDA, 42 U.S.C. Section 6924(j), involving storage of mixed waste, except that such waiver of sovereign immunity shall not apply after October 6, 1995 for violations by the Respondent of Section 3004(j) of the SWDA, involving storage of mixed waste, so long as the Respondent is in compliance with both: a plan that has been submitted and approved pursuant to Section 105 of the FFCA, 42 U.S.C. Section 6939c, and which is in effect; and an order requiring compliance with such plan which has been issued pursuant to Section 105 of the FFCA, and which is in effect.

12. On April 6, 1993, Respondent published a *Federal Register* notice (58 FR

17875) describing its proposed process for developing the Site Treatment Plan ("STP") in three phases: the conceptual site treatment plan ("CSTP"), the draft site treatment plan ("DSTP"), and a proposed site treatment plan ("PSTP").

13. On October 29, 1993 and September 1, 1994 the Respondent submitted to the Ohio EPA a CSTP and a DSTP, respectively.
14. By letter dated February 17, 1994, the Ohio EPA provided comments to Respondent on the CSTP.
15. By letters dated October 19, 1994 and October 25, 1994, the Ohio EPA provided comments to Respondent on the DSTP.
16. On April 4, 1995, Respondent submitted to Ohio EPA the PSTP for the Facility.
17. On April 27, 1995, the Ohio EPA published a notice of availability of the PSTP, and has made the PSTP available to the public upon request; on May 24, 1995 the Ohio EPA held a public hearing to take public comment on the PSTP for the Facility.
18. The Ohio EPA has reviewed the PSTP, has considered the need for regional treatment facilities, has consulted with U.S. EPA and states in which a facility affected by the PSTP is located, and has considered all public comments received by Ohio EPA regarding the PSTP. Based upon such review, consultation, and consideration, the Ohio EPA transmitted written comments on the PSTP to Respondent on July 6, 1995.
19. On October 2, 1995, the Respondent submitted an amended PSTP to Ohio EPA in an effort to address Ohio EPA's comments on the PSTP.
20. The Background Volumes of the PSTP and Amended PSTP contain background information and underlying assumptions regarding the schedules and treatment technologies proposed in the PSTP and amended PSTP.
21. The Ohio EPA has reviewed the Respondent's amended PSTP, has considered the need for regional treatment facilities, has consulted with U.S. EPA and other affected states, and has reconsidered public comments received regarding

the Respondent's PSTP.

22. Pursuant to ORC Section 3734.02(G), the Director of Ohio EPA may by Order exempt any person generating, storing, treating, transporting or disposing of hazardous waste in such quantities or under such circumstances that, in the Director's determination, it is unlikely that public health or safety or the environment will be adversely affected thereby, from any requirement to obtain a permit or license or comply with the manifest system or other requirements of ORC Chapter 3734.
23. Pursuant to ORC Section 3734.02(G), the Director has determined that it is unlikely that public health or safety or the environment will be adversely affected by the Respondent's storage of LDR mixed waste at operation of the Facility provided that the Respondent complies with the requirements set forth in the following orders.
24. The Respondent's submittal of the PSTP and the amended PSTP, the Director's approval of the amended PSTP, and the Director's issuance of these Orders fulfill the requirement of section 105(b) of the FFCA, 42 U.S.C. Section 6939c(b) with respect to the Facility.

V. ORDERS

The Director hereby issues the following Orders:

1. The Compliance Plan Volume of the amended PSTP submitted to Ohio EPA on October 2, 1995 (Attachment 1) is hereby approved, subject to the terms and conditions specified in these Orders. The Compliance Plan Volume of the amended PSTP will hereafter be referred to as the "approved STP". Respondent shall implement and comply with the approved STP, in accordance with the approved schedules contained therein, and shall comply with the following terms and conditions:

A. Covered Matters:

- i. The approved STP and these Orders address storage and treatment of all

mixed wastes at the Facility, (excluding wastes generated by USEC, except as provided in Order no. 2), which are not being stored in accordance with the LDR requirements of OAC rule 3745-59-50, whether such wastes were generated or accumulated in the past, are currently generated or accumulated, or will be generated or accumulated in the future.

- ii. Notwithstanding Order 1.A.i, above, the approved STP and Order 1 of these Orders do not address the storage or treatment of wastes that are exempt under the provisions of 42 U.S.C. Section 6939c(b)(1)(A)(ii) from the requirement to prepare a STP, (unless otherwise agreed to by DOE and Ohio EPA). Exempted wastes include environmental restoration mixed wastes, derived from corrective action and remedial action activities, the treatment and storage of which, are governed by the Consent Decree entered by the U.S. District Court on September 1, 1989, in the State of Ohio v. United States Department of Energy, et al., Civil Action No. C2-89-732 and the Administrative Order by Consent, EPA Docket No. V-W-90-B-03, effective August 4, 1994, to which Ohio EPA is a party.

B. Compliance Schedules:

- i. Establishment of Milestones and Target Dates:

Milestones shall be established for a three year rolling period consisting of the current federal fiscal year (FY) plus two additional federal fiscal years (FY+1 and FY+2). On the effective date of these Orders, enforceable milestones in the approved STP are established for the next three federal fiscal years: FY (October 1, 1995 - September 30, 1996); FY+1 (October 1, 1996 - September 30, 1997); and FY+2 (October 1, 1997 - September 30, 1998). After expiration of the current fiscal year, what were previously FY+1 milestones will become the current fiscal year (FY) milestones, what was previously FY+2 milestones will become FY+1 milestones. The planning schedule activities identified in the approved STP as FY+3 target dates shall be converted to FY+2 milestones. All conversions will be automatic and remain in effect, unless Respondent notifies Ohio EPA of any need to amend the

milestones, pursuant to Order I.D.

Target dates shall be established for the out-years beyond the three year rolling milestone period. On the effective date of these Orders, non enforceable target dates in the approved STP are established for the out-years beyond FY + 2.

In accordance with Section X, Funding, Ohio EPA will consider funding availability in reviewing DOE proposals for establishing and adjusting milestones and target dates pursuant to these Orders.

ii. Categories of Milestones and Target Dates:

The categories of activities for which milestones and target dates are established in the approved STP are listed in the following tables.

Depending upon the status of the facility or treatment options (e.g. operations under interim status or at differing stages of development), certain types of target dates or milestones may not be necessary, or an alternative activity that is more appropriate to the facility or treatment approach may be designated, as agreed to by the Parties.

Table 1. Typical schedule for treatment of wastes with existing treatment technologies

Type of Activity Selected for Scheduling as a Target Date and Milestone	
a)	submit permit applications [or other documentation] to the appropriate agency(ies)
b)	procure contract with vendor
c)	initiate construction of facilities necessary for vendor operations
d)	commence system testing
e)	commence operations
f)	submit for approval a treatment schedule for backlogged and currently generated mixed waste

Type of Activity Selected for Scheduling as a Target Date and Milestone

- a) identify funding requirements for identification and development of appropriate technology
- b) identify and develop technology
- c) submit treatability study exemption(s) application, where applicable
- d) submit research and development permit application(s), where applicable
- e) submit for approval a schedule for treatment in accordance with Table 2.1 of a new schedule for development of alternative treatment technologies in accordance with this section.

Table 3. Typical Schedule for separation of mixed wastes

Type of Activity Selected for Scheduling as a Target Date and Milestone:

- a) complete an estimate of the volume of waste generated by each case of radionuclide separation
- b) complete an estimate of the volume of waste that would exist or be generated without radionuclide separation
- c) complete an estimate of the costs of waste treatment and disposal of radionuclide separation is used compared to the estimated costs if it is not used
- d) provide the assumptions underlying such waste volume and cost estimates
- e) submit a plan for treatment or management of residues, as appropriate, in accordance with this section

Table 4. Typical schedule for mixed wastes to be shipped off-site for treatment

Type of Activity Selected for Scheduling as a Target Date and Milestone

- a) receive site agreements
- b) initiate preparation of wastes for transport
- c) complete shipment of mixed wastes for off-site treatment

- iii. Notwithstanding the Tables of Order 1.B.ii, the provisions of Section 4 of the approved STP shall apply to Transuranic Waste (TRU) at the Facility.
- iv. For newly identified mixed waste streams generated or stored at the Facility, the notification of a need to amend the approved STP need only identify the waste streams. If sufficient information on the newly identified mixed waste streams is not currently available to DOE, including those mixed waste streams that are not sufficiently characterized to allow

identification of appropriate treatment in order to submit an amended STP within the timeframes set out in accordance with Order 1.D.iii of these Orders, DOE in its written notification may propose an alternative schedule for submitting the amended STP that addresses the proposed amendment, including a proposed schedule for characterization where necessary. The final milestone/target date of the characterization schedule will be the requirement for Respondent to identify the method and location for the treatment of such wastes and a proposed schedule for that to occur.

- v. For mixed waste that need technology adaptation, the notification of a need to amend the approved STP, shall contain proposed schedules for identifying (1) the necessary treatment adaptation, and (2) the method and location for the treatment of such wastes and a proposed schedule for that to occur.

C. Annual Report:

On or before the 31st day of December, of each year these Orders remain in effect, DOE shall submit to Ohio EPA a written STP Annual Report for the previous federal fiscal year, and an updated STP which incorporates all approved amendments of the approved STP made during the previous fiscal year, for the Facility. The STP Annual Report shall include the following information: an accounting of the status of the projects described in the approved STP, an updated Table 3 - "Low-Level Mixed Waste Streams" from the Background Volume of DOE's amended PSTP; a statement regarding compliance with the milestones contained in the approved STP; a description of any projected difficulties in achieving compliance with future milestones and target dates; an index or chart that clearly indicates all pages of the approved STP affected by approved amendments of the approved STP a summary of new waste streams generated or identified within the previous fiscal year; and a summary of any additional waste characterization information regarding existing, new or projected waste streams. DOE may, at its option, delay submittal of its updated Table 3 - "Low-Level Mixed Waste Streams" from the Background Volume of DOE's amended PSTP-until the 31st day of March of each year following a federal fiscal year for which an STP Annual Report is required to be submitted pursuant to these Orders.

D. Amendments:

- i. If Respondent or Ohio EPA identifies a need for DOE to amend the approved STP, except for changes in volumes of wastes identified in the Background Volume of the amended PSTP, or in the approved STP, the Respondent or Ohio EPA shall provide written notification within 30 days of the identification of such need and the reasons therefor. The notification shall be of sufficient detail to fully explain the rationale for an amendment of the approved STP, including an accounting of the circumstances that justify an STP amendment. If sufficient information on the proposed amendment is not currently available to DOE in order to submit an amended STP within the timeframes set out in accordance with Order 1.D.iii. below; DOE in its written notification, may propose an alternative schedule for submitting the amended STP that addresses the proposed amendment.
- ii. Ohio EPA agrees to consider, in its review, all reasons provided by DOE in its proposal to amend the approved STP.
- iii. DOE shall submit an amended STP: a) within thirty (30) days from the date of the written notification to address a proposed extension of a milestone, or a proposed change of a treatment facility or treatment technology; b) within ninety (90) days from the date of the written notification to address a proposed change in target date, or any other aspect of the approved STP; and c) annually, (with the annual report pursuant to Order 1.C.) to address changes in volumes of wastes identified in the Background Volume of the amended PSTP or in the approved STP.
- iv. If DOE disagrees with an Ohio EPA notification of the need to amend the approved STP, DOE shall, within 30 days, so notify the Ohio EPA, in writing of the reasons for such disagreement. If DOE and the Ohio EPA are unable to resolve their disagreement, either DOE or Ohio EPA may invoke the dispute resolution procedures of Section IX. During the pendency of the dispute resolution process as set forth in Section IX for a good faith dispute over the Ohio EPA notification of the need to amend the approved STP, the time period for completion of work affected by the dispute shall

I certify this to be a true and accurate copy of the official document as filed in the records of the Ohio Environmental Protection Agency.

By: Mary Carvin Date 10-4-95

be extended for a period of time not to exceed the actual time taken to resolve any good faith dispute in accordance with Section IX.

- v. The Ohio EPA will determine whether the Respondent's amended STP constitutes a "revision" of the approved STP, within the meaning of Section 105 of the FFCA, 42 U.S.C. Section 6939c(b)(4) and as further defined in Section III of these Orders. If the Ohio EPA determines that the amended STP constitutes a "revision" of the approved STP, within the meaning of Section 105 of the FFCA, 42 U.S.C. Section 6939c(b)(4) and as further defined in Section III of these Orders, the Ohio EPA will in a timely manner, 1) publish a notice of the proposed revision of the approved STP and 2) notify the Respondent in writing, of such determination.
- vi. Based on the Ohio EPA's review of the proposed revision to the STP, the Ohio EPA's consideration of the need for regional treatment facilities, the Ohio EPA's consultation with U.S. EPA and other affected states, and the Ohio EPA's consideration of all public comments received by Ohio EPA regarding the revised STP, the Ohio EPA will approve, approve with modifications, or disapprove the revised STP, in a timely manner, and will notify Respondent accordingly.
- vii. If the Ohio EPA determines that the Respondent's amended STP does not constitute a "revision" of the approved STP, within the meaning of Section 105 of the FFCA, 42 U.S.C. Section 6939c(b)(4) and as further defined in Section III of these Orders, the Ohio EPA will in a timely manner, provide written notification to Respondent of Ohio EPA's approval, approval with modifications, or disapproval of the proposed amended STP.
- viii. Prior to approving with modifications or disapproving a proposed amendment to the approved STP, Ohio EPA will consult with DOE regarding the proposed amendment. DOE and Ohio EPA shall attempt to resolve any disagreement with respect to a proposed amendment, including a proposed extension of a milestone, pursuant to the provisions of Section IX, Dispute Resolution. Determinations by Ohio EPA to approve with modifications or to disapprove a proposed amendment will be accompanied by a written statement detailing the reasons for modifications or disapproval.

E. Duty to Perform; Extensions

- i. Except as expressly provided in these Orders, DOE shall cause all work to be performed in accordance with the milestones established in the approved STP.
 - ii. Pursuant to Order 1.D. of these Orders, DOE may request that a milestone be extended. Upon receipt of a proposed amendment to the approved STP that requests that a milestone be extended, the Ohio EPA will determine whether good cause for the requested milestone extension exists, and shall approve the proposed STP amendment if good cause for the requested milestone extension exists.
 - iii. For purposes of Order 1.E. of these Orders, good cause for an extension of a milestone may include a delay caused by, or likely to be caused by: (a) an event of unavoidable delay; (b) Ohio EPA's failure to timely take any action contemplated by these Orders; (c) the good faith invocation of dispute resolution or the initiation of administrative or judicial action; (d) the Ohio EPA's approval of a proposed STP amendment to extend another milestone; (e) additional work agreed to by DOE and Ohio EPA; (f) an inconsistency or conflict between such milestone and the requirements of any other existing agreement, order or permit to which DOE is a party; (g) the failure of an off-site treatment facility [identified as a preferred option in the approved STP] to accept or treat wastes subject to these Orders as scheduled in the approved STP; or (h) the failure of a mobile treatment facility [identified as a preferred option in the approved STP] to become available for treatment of wastes subject to these Orders as scheduled in the approved STP.
 - iv. The Ohio EPA's determination of whether good cause for extension of a milestone exists is necessarily a fact specific determination. The foregoing examples of circumstances that may constitute good cause for extension of a milestone shall not be construed to create a presumption that such circumstances will, in any particular instance, be determined by Ohio EPA to constitute good cause for extension of a milestone.
2. An exemption from the prohibition on storage of LDR mixed wastes, as set forth in OAC rule 3745-59-50, is hereby granted to Respondent and its contractor,

LMES, to store at the Facility LDR mixed wastes generated by Respondent or USEC, at the Facility, provided that the Respondent complies with these Orders.

VI. LIMITATIONS OF DIRECTOR'S APPROVAL

These Orders shall not be construed as the Ohio EPA's authorization to Respondent to construct or operate facilities or to initiate treatment activities as proposed in the approved STP, unless otherwise expressly stated in Order number 1 or 2. Nothing in these Orders shall be construed as limiting applicable laws regarding the construction of facilities, operation of treatment facilities associated with the approved STP, or regarding approvals required for such construction of facilities, operation or treatment activities.

VIII. PROJECT MANAGERS

Within ten (10) business days of the effective date of these Orders, Ohio EPA and DOE shall each designate a Project Manager. Each Party shall notify the other party in writing of the designated Project Manager. Either Party may change its designated Project Manager by notifying the other Party, in writing, ten (10) business days before the change, if possible.

Each Project Manager shall be the primary contact regarding the implementation of these Orders. Except as otherwise provided in Section VII of these Orders, communications between the Parties concerning these Orders shall be directed through the Project Manager, for further dissemination to the respective Project Manager's organization.

The Project Managers shall represent their respective organization regarding the implementation of these Orders, including changes to schedules and requirements, except as otherwise provided in Order 1.D. (Amendments), or Section IX (Dispute Resolution). The Project Managers shall meet periodically, as appropriate, to discuss

progress and problems regarding the implementation of these Orders.

IX. DISPUTE RESOLUTION

- A. If a dispute arises regarding the approved STP or these Orders, the procedures of this Section shall apply. For purposes of this Section, the term "Parties" means DOE and Ohio EPA.
- B. Respondent and Ohio EPA shall make reasonable efforts to informally resolve any good faith dispute regarding these Orders at the Project Manager level, within thirty (30) days following the occurrence of the actions or circumstances giving rise to the dispute. If resolution cannot be achieved informally, the disputing party may elevate the dispute for resolution pursuant to this section. If Respondent does not submit a written notification of dispute to Ohio EPA within thirty (30) days following the occurrence of the actions or circumstances giving rise to the dispute, Respondent shall be deemed to have accepted the position of the Ohio EPA.
- C. To initiate formal dispute resolution, the disputing party shall submit to the other party a written notification of any good faith dispute regarding these Orders. The written notification of dispute shall specify the nature of the dispute, the work affected by the dispute, the disputing party's position with respect to the dispute and the information the disputing party is relying upon to support its position. The Project Managers and designated representatives of the Parties shall attempt to resolve such dispute within thirty (30) days of written notification of the dispute. For DOE, the designated representatives shall include the DOE-Portsmouth Site Manager. For Ohio EPA, the designated representatives shall include the Chief of the Division of Hazardous Waste Management.
- D. If the Project Managers and designated representatives of the Parties are unable to resolve such dispute, within thirty (30) days of written notification of the dispute, then either Party may submit a written statement of the dispute to the Ohio EPA's Deputy Director of Programs (the Director's designee, duly delegated with the authority to resolve disputes under this Section of these Orders). The Deputy Director may meet with the Project Managers and designated representatives of the Parties, and may request additional information regarding the nature of the dispute and the respective positions of the parties. Within

thirty (30) days of receipt of the written statement of dispute, the Deputy Director will consult with the Manager of the DOE Oak Ridge Field Office (or the Manager's designee) and will notify the Project Managers and designated representatives of the Parties in writing of the Director's final decision regarding the dispute. The final decision shall be signed by the Director and shall be binding on the Parties, subject to administrative or judicial appeal or review according to applicable law.

- E. Except as provided in this Section, the Respondent shall maintain compliance with these Orders. However, if the Parties agree that there is a good faith dispute, the time period for completion of work affected by dispute shall be extended for a period of time not to exceed the actual time taken to resolve such good faith dispute in accordance with this Section. The time periods designated in this Section of these Orders may be extended by mutual written agreement of the Parties. The Parties may consult with and invite the participation of U.S. EPA and other states affected by a dispute during the dispute resolution process, as appropriate.
- F. Unless timely appeal is sought, DOE shall incorporate the resolution and final decision of the Ohio EPA into the appropriate plan, schedule or procedure and shall proceed with implementation in accordance with Order 1.D. (Amendments) and the amended plan, schedule or procedure, within thirty (30) days of such resolution and final decision.

X. FUNDING

DOE shall take all necessary steps to obtain sufficient funding to comply with the provisions of the approved STP and these Orders. DOE shall consult with the Ohio EPA in formulating its annual EM budget request as set forth in this section.

By March 31 of each year following issuance of these Orders, DOE shall provide Ohio EPA with information or a briefing on the proposed EM budget request for the Facility, including appropriate supporting documents. In the process of formulating its annual budget request, DOE may be subject to target funding guidance directed by the Office of Management and Budget (OMB). The information or briefing shall address the impacts of such OMB target funding guidance. The Ohio EPA agrees,

subject to the Ohio Public Records Law, ORC Section 149.43, not to release confidential budget information to any other person or entity prior to submission by the President of his budget request to Congress unless required to do so by court order. DOE may seek to intervene in any proceeding brought to compel or enjoin release of this information. If allowed to intervene, DOE may assert its interest in, and the legal basis for, maintaining the confidentiality of this information.

DOE and Ohio EPA shall discuss work scope, priorities, milestones and target dates,, and Activity Data Sheet (ADS) funding levels required to comply with the approved STP and these Orders. These discussions shall be conducted before DOE Portsmouth submits its annual budget request and supporting ADS to DOE-OR. Ohio EPA will consider funding availability in reviewing DOE proposals for establishing and adjusting milestones and target dates pursuant to these Orders. Ohio EPA's comments to DOE may include those additional or accelerated activities recommended by Ohio EPA are believed by Ohio EPA to be outside of EM target funding levels for the Facility. DOE may revise its budget request and supporting documents to resolve the comments of Ohio EPA. DOE reserves the right to identify which activities it believes cannot be accomplished within the established EM target funding levels, for the Facility. Nothing here in shall effect DOE's ultimate responsibility and authority to formulate and submit to the President appropriate budget requests and to allocate appropriate funds to serve DOE's missions.

XI. OTHER APPLICABLE LAWS

Nothing in these Orders shall be construed as waiving or compromising in any way the applicability and enforcement of any other statutes or regulations applicable to the Respondent's activities at the Facility. The Ohio EPA reserves all rights and privileges except as specified herein.

XII. RESERVATION OF RIGHTS

Nothing contained herein shall be construed to prevent the Ohio EPA from seeking legal or equitable relief to enforce the terms of these Orders or from taking other administrative, legal or equitable action as deemed appropriate and necessary, including seeking penalties against the Respondent for noncompliance with these

Orders. Nothing contained herein shall be construed to prevent the Ohio EPA from exercising its lawful authority to require the Respondent to perform additional activities at the Facility pursuant to Chapter 3734. of the ORC or any other applicable law in the future. Nothing in these Orders shall be construed to limit the authority of the Ohio EPA to seek relief for violations not addressed in these Orders. Nothing herein shall restrict the right of the Respondent to raise any administrative, legal or equitable claim or defense with respect to such further actions which the Ohio EPA may seek to require of the Respondent. Nothing contained herein shall restrict the right of the Respondent to raise any administrative, legal or equitable claim or defense (including lack of authority) with respect to any administrative or judicial appeal or review of any Ohio EPA notification of need to amend the approved STP. The Director reserves the right to revoke these Orders upon a finding that such revocation is necessary to protect human health or safety or the environment. DOE reserves the right to seek administrative or judicial review of any such revocation.

It is the position of the Ohio EPA that the federal Anti-Deficiency Act, 31 U.S.C. Section 1341, as amended, does not apply to any obligations set forth in these Orders, and except as otherwise provided in these Orders, obligations hereunder are unaffected by the Respondent's failure to obtain adequate funds or appropriations from Congress. It is Respondent's position that the obligations set forth in these Orders are subject to the provision of the Anti-Deficiency Act and are subject to funding availability. The Parties agree that it is premature to raise and resolve the validity of such positions at this time.

XIII. MODIFICATION

Except as provided in Section XII - Reservation of Rights, regarding revocation of these Orders, these Orders may be modified only by mutual agreement of Respondent and Ohio EPA. Any modification of these Orders shall be in writing, shall be effective upon signature and issuance by the Director, and shall be incorporated into these Orders and be enforceable in the same manner as any requirement of these Orders.

In February of 1999, and periodically (e.g., every three (3) years) thereafter, as appropriate, unless DOE and Ohio EPA mutually agree that no modification of these Orders is warranted, DOE and Ohio EPA shall conduct a good faith dialogue to determine whether the compliance schedule and funding structure of these Orders should be modified. Such dialogue shall consider the experiences and perspectives of

DOE and Ohio EPA regarding the implementation of these Orders during the previous three federal fiscal years, the most recent information on current and projected funding availability, and the status of major technical issues that are expected to affect the management of the Facility's mixed waste. If DOE and Ohio EPA agree that modification of these Orders is warranted, DOE and Ohio EPA shall endeavor to complete and implement such modifications within six (6) months of the initiation of such dialogue. Subject to the first paragraph of this Section, if DOE and Ohio EPA disagree as to whether modification of these Orders is warranted, or regarding the extent to which these Orders should be modified, either DOE or Ohio EPA may invoke formal dispute resolution, pursuant to Section IX to facilitate agreement.

XIV. TERMINATION

The Respondent's obligations under these Orders shall terminate when the Respondent demonstrates in writing and certifies to the satisfaction of the Ohio EPA that all obligations under these Orders have been performed or that all mixed wastes subject to these Orders are being stored and will continue to be stored in compliance with OAC Rule 3745-59-50, and the Ohio EPA Division of Hazardous Waste Management acknowledges, in writing, Ohio EPA's acceptance of this demonstration and certification.

XV. OTHER CLAIMS

Except as otherwise expressly provided in Order No. 2, nothing in these Orders shall constitute or be construed as a release from any claim, cause of action or demand in-law or equity against any person, firm, partnership or corporation, not a signatory to these Orders, for any liability arising out of or relating to the operation of the Respondent's facility.

XVI. SIGNATORIES

Each undersigned representative of a party signatory to these Orders certifies that he or she is fully authorized to enter into the terms and conditions of these Orders and to legally bind such signatory to this document.

XVII. WAIVER

The Respondent agrees that these Orders are lawful and reasonable and that the times provided for compliance herein are reasonable. The Respondent, by acceptance of these Orders, agrees to comply with all conditions of these Orders and acknowledges that the Respondent's failure to do so may result in immediate revocation of these Orders and further legal action by Ohio EPA.

The Respondent hereby waives the right to appeal or otherwise challenge the issuance, of these Orders. Nothing in these Orders shall affect DOE's rights to seek administrative or judicial review of final decisions by the Ohio EPA Director pursuant to Section IX (Dispute Resolution), or final actions by the Director pursuant to ORC Section 3745.04 or other applicable law.

The Ohio EPA and the Respondent agree that in the event that these Orders are appealed by any other party to the Environmental Board of Review, or any court, the Respondent retains the right to intervene and participate in such appeal in support of these Findings and Orders. In such event, the Respondent shall continue to comply with these Orders notwithstanding such appeal and intervention unless these Orders are stayed, vacated, or modified.

PREAMBLE

It is hereby agreed by and among the parties hereto as follows:

I. JURISDICTION

These "Director's Final Findings and Orders" ("Orders") are issued to the U.S. Department of Energy ("Respondent") pursuant to the authority vested in the Director of the Ohio Environmental Protection Agency ("Ohio EPA") under sections 3734.13 and 3745.01 of the Ohio Revised Code ("ORC").

II. PARTIES

These Orders shall apply to and be binding upon the Respondent, its agents, assigns, successors in interest, and its co-operator, Martin Marietta. No change in ownership relating to the Facility will in any way alter the Respondent's responsibilities under these Orders. The Respondent's obligations under these Orders may only be altered by the written approval of the Director of the Ohio EPA.

III. DEFINITIONS

Unless otherwise stated, all terms used in these Orders shall have the same meaning as used in Chapter 3734. of the ORC and the regulations promulgated thereunder.

IV. FINDINGS OF FACT

The Director of the Ohio EPA has determined the following findings of fact:

1. Respondent owns a 16.2 square kilometer site located approximately 20 miles north of Portsmouth, Ohio in Pike County on which it operates a gaseous diffusion facility to enrich uranium for military and commercial use ("Facility").
2. The Respondent is a "person" as defined in sections 1.59 and 3734.01 of the ORC and Ohio Administrative Code ("OAC") rule 3745-50-10.
3. At the Facility, the Respondent generates "hazardous waste" as that term is defined by section 3734.01 of the ORC and OAC rule 3745-51-03.
4. On August 18, 1980, the Respondent notified the United States Environmental Protection Agency ("U.S.EPA") of its hazardous waste activity at the Facility and was issued U.S.EPA Identification Number OH7890008983.
5. By letter dated May 1, 1992, the Respondent notified the Director of the Ohio EPA that, at the Facility, Respondent is continuously generating and storing wastes subject to OAC rules 3745-59-30 (solvent wastes), 3745-59-32 (California List wastes), 3745-59-33 (first third wastes), 3745-59-34 (second third wastes) and 3745-59-35 (third third wastes), hereinafter referred to as land disposal restricted ("LDR") hazardous and mixed wastes. The Respondent has represented to Ohio EPA that there are no immediate treatment or disposal options in the United States for these LDR hazardous and mixed wastes. The Respondent also has represented that solvent wastes, California List wastes and first, second and third wastes have been stored at the Facility for greater than one year and such storage may not be in compliance with Ohio's hazardous waste laws and regulations. The Respondent also has represented that after May 8, 1992 it may not be in compliance with the LDR storage requirements for third third wastes.
6. The Respondent has represented to Ohio EPA that it desires to comply with the LDR requirements cited above and to that end requested from Ohio EPA that the Respondent enter into an interim arrangement with Ohio EPA under which the Respondent could continue operations pending negotiations for a long term resolution.

7. On May 8, 1992 the Director of Ohio EPA issued Final Findings and Orders ("Orders") granting an exemption to the Respondent to continue storage of LDR hazardous and mixed waste until August 6, 1992.
8. By a letter dated July 13, 1992, the Respondent requested an extension to the May 8, 1992 Orders, to allow additional time to reach a final agreement regarding the LDR storage issue.
9. On August 5, 1992 the Director of Ohio EPA issued Orders granting an exemption to the Respondent to continue storage of LDR hazardous and mixed waste until December 18, 1992.
10. By a letter dated November 16, 1992 the Respondent requested an extension to the August 5, 1992 Orders, to allow additional time to reach a final agreement regarding the LDR storage issue.
11. On December 18, 1992 the Director of Ohio EPA issued Orders granting an exemption to the Respondent to continue storage of LDR hazardous and mixed waste until May 17, 1993.
12. By a letter dated April 15, 1993 the Respondent requested an extension to the December 18, 1992 Orders, to allow additional time to reach a final agreement regarding the LDR storage issue.
13. Pursuant to ORC Section 3734.02(G), the Director of Ohio EPA may by order exempt any person generating, storing, treating, or disposing of hazardous wastes in such quantities or under such circumstances that, in the determination of the Director, it is unlikely that the public health or safety or the environment will be adversely affected thereby, from any requirement to obtain a permit or license, or comply with the manifest system or other requirements of ORC Chapter 3734.
14. If the Respondent conducts its storage activities in accordance with the Orders herein, it is unlikely that the public health or safety or the environment will be adversely affected.
15. This action is consistent with, and equivalent to, the regulations promulgated by the Administrator of the U.S. EPA under the "Resource Conservation and Recovery Action of 1976" ("RCRA"), 90 Stat. 2798, 42 U.S.C. Section 6921, et seq., as amended.

V. ORDERS

1. An exemption from the prohibition on storage of LDR hazardous and mixed wastes, as set forth in OAC rule 3745-59-50, is hereby granted to Respondent and its co-operator, Martin Marietta, to store LDR hazardous and mixed wastes in containers, at the Facility, provided that the Respondent and its co-operator, Martin Marietta comply with the following rules of the OAC which are incorporated herein by reference:

3745-65-14	- Security
3745-65-15	- General Inspection Requirements
3745-65-17	- General Requirements for Ignitable, Reactive or Incompatible Waste
3745-65-31	- Design and Operation of Facility
3745-65-32	- Requirement Equipment
3745-65-33	- Testing and Maintenance of Equipment
3745-65-34	- Access to Communications or Alarm System
3745-65-35	- Required Aisle Space
3745-65-37	- Arrangements with Local Authorities
3745-65-55	- Emergency Coordinator
3745-65-56	- Emergency Procedures
3745-65-71	- Use of Manifest System
3745-65-73	- Operating Record
3745-65-74	- Availability, Retention and Disposition of Records
3745-65-75	- Annual Report
3745-66-11	- Closure Performance Standards
3745-66-14	- Disposal or Decontamination of Equipment, Structures and Soils
3745-66-71	- Condition of Containers

3. The requirements of these Orders shall apply only to LDR hazardous and mixed wastes which are generated at the Facility and to incinerator ash from the treatment of LDR hazardous and mixed wastes which are generated at the Facility, treated at the Department of Energy's incinerator at Oak Ridge, Tennessee and returned for storage at the Facility.
4. The Respondent, by its acceptance of this exemption, agrees to comply with all conditions of the exemption and acknowledges that the Respondent's failure to so comply may result in immediate revocation of this exemption and further legal action by Ohio EPA.

VI. EXPIRATION

This exemption shall expire upon the effective date of a hazardous waste facility installation and operation permit, an agreement, or an administrative or judicial order, to which the state is a party, which addresses Respondent's compliance with the ORC and OAC requirements applicable to LDR hazardous and mixed wastes generated or stored at the Facility, and which establishes a schedule or plan for treatment of LDR hazardous and mixed wastes at the Facility.

VII. OTHER CLAIMS

Nothing in these Orders shall constitute or be construed as a release from any claim, cause of action or demand in law or equity by or against any person, firm, partnership or corporation, not a signatory to these Orders, for any liability arising out of or relating to the operation of the Respondent's hazardous waste facility.

VIII. OTHER APPLICABLE LAWS

All actions required to be taken pursuant to these Orders shall be undertaken in accordance with the requirements of all applicable local, state, and federal laws and regulations and any applicable administrative or judicial order or decree. Nothing in these Orders shall be construed as waiving or compromising in any way the applicability and enforcement of any other statutes or regulations applicable to the Respondent's operation of its hazardous waste Facility. The Ohio EPA reserves all rights and privileges except as specified herein.

X. RESERVATION OF RIGHTS

Nothing contained herein shall be construed to prevent Ohio EPA from seeking legal or equitable relief to enforce the terms of these Orders or from taking any other administrative, legal or equitable action of any kind, including penalties against the Respondent and its co-operator, Martin Marietta, for noncompliance with these Orders. Nothing contained herein shall be construed to prevent Ohio EPA from exercising its lawful authority to require the Respondent and its co-operator, Martin Marietta, to perform additional activities pursuant to Chapter 3734. of the ORC and any other applicable law in the future. Nothing herein shall be construed as an admission by Respondent or otherwise restrict the right of the Respondent to raise any administrative, legal or equitable claim or defense with respect to such further actions. Nothing in these Orders shall be construed to limit the authority of Ohio EPA to seek relief for violations not addressed in these Orders (i.e., any violations other than LDR storage violations of OAC rule 3745-59-50 which occur between May 8, 1992 and the date that these Orders terminate).

The Respondent agrees that these Orders are lawful and reasonable, that the schedules provided herein are reasonable and that the Respondent agrees to comply with these Orders. Compliance with these Orders shall be a full accord and satisfaction for the Respondent's liability for the LDR storage violations of OAC rule 3745-59-50 which occur at the Facility between May 8, 1992 and the date these Orders terminate.

The Respondent hereby waives the right to appeal the issuance, terms and service of these Orders and it hereby waives any and all rights it might have to seek judicial or administrative review of said Orders either in law or equity. The Respondent expressly waives any and all rights it has to request an adjudication hearing of any proposed revocation of these Orders or to appeal any final action of the Director revoking these Orders.

Notwithstanding the preceding, the Ohio EPA and the Respondent agree that in the event that these Orders are appealed by any other party to the Environmental Board of Review, or any court, the Respondent retains the right to intervene and participate in such appeal in support of these Orders. In such event, the Respondent shall continue to comply with these Orders notwithstanding such appeal and intervention unless these Orders are stayed, vacated, or modified.
